Neuralgia is one of the most common and distressing complaints incidental to this climate. It is not confined to any particular season, for whilst most general in the winter seasons, yet many suffer its exeruciating agony in the heat of summer. In late years this form of diseare has become better known, and consequently the means of relief have become greatly increased in numbers, as well as in efficiacy. Among the most powerful and penetrating combinations, placed within the reach of the public for the relief of neuralgia, we can mention no remedy equal to or more certain than Polson's Nervlime. Its power over pain is something wonderful, and we advise a trial for neuralgia, or any other painful complaints. A Sura Remeav for Neuralgia,

James Elliot, of Westminster, Tells How It Affects Farmers.

They Want Botter Service—The G. T. R Claims Advocated—The Synd!cate Collapse.

To the Editor of the Adventiser:

I may state, at the outset, that so far as I know the people living in the country, have been a silent but by no means disinterested party in the settlement of this much-vexed question. We hear again of another syndichet. I think the experience of the one syndicate ought to be yet ringing in the ears of our city fathers. We heard of great things to be accomplished by it, but what was the result? Well, in the first place we had a general muddle of train service as compared with that which we enjoyed from the G. T. R. Secondly we sind employes all along the line out of wages to the tune of from \$35 to \$60, and without apparent hope of obtaining them. I was told by an efficial that in the matter of fares we would get from them whatever we had had from the G. T. R., yet in trying to get a student's ticket for my son attending the high school, when the official was informed what the G. T. R. rate was he exclaimed "Great guns!" but did not fire out the ticket. We saw an office opened up town, and "Cities' Railway" in gold on the window, but te-day it is no longer there, and Ichabod might well be written there instead.

Now, I do not think any syndicate can To the Editor of the ADVERTISER:

THE FAIR OPEN NEXT SUMMER.

Chauncey M. Depew Says This Is

Emphatically His Desire.

New YORK, Aug. 17.—The efforts of western congressmen at Washington to keep the World's Fair open next summer are being keenly watched by those New Yorkers who have an interest in the project. When asked as to his views on the matter Chauncey M. Depew said today:

"Do I think it best to keep the fair open another season? Yes, emphatically. It is a grand enterprise and it is not fully appreciated by the people. Of course none of us expected the financial cataclysm which has fallen upon this part of the earth and which has done such injury to the fair. But panies cannot last long; they never do last more than six months. The result will be that next year hundreds and hundreds last more than wix months. The result will be that next year hundreds and hundreds of thousands from all over the land will go to Chicago. This year men, large and small, do not dare to leave their business for fears of banks and mills closing, although they may desire to "sist Chicago, and, of course, as a rule, families do not wish to go without the husband and father that is, from any considerable distance. wish to go without the husbind and father—that is, from any considerable distance.
As is known, the New York Central prepared for a heavy increase of travel, but today that to the west is not above norms!.
This shows what I mean."

TWO OPINIONS.

Uncle Sam Gets the Scale, and England Dyes the Skins. Uncle Sam Gets the Seals, and Legamon Dyes the Skins.

San Francisco, Cal., Aug. 17.—Herman Sieber, of the North American Commercial Company, in speaking of the Bering Sea decision to-day, said: "In that decision we get just what belonged to us. Our rights have been preserved, and those of England have not been infringed upon. We have the seals and England dyes the skins."

VICLORIA, B. C., Aug. 17.—Sealers here are more than ever disgusted with the result of the Bering Sea arbitration. Capt. Cox, president of the Sealers' Association, says as matters stand now the business is destroyed.

The Lost Found.

The Lost Found.

Quebec, Aug. 17.—Great excitement was created among a pienie party of the summer residents of Murray Bay the other day by the disappearance of a 5-year-old child belonging to the Wright family of Toronto. A search party, organized by the Hon. S. H. Blake, finally succeeded in finding the missing child towards 7 o'clock in the evening, and about two miles away in the bush from where the pienic was held.
