

"Want of Watchfulness"**Makes a Thief."**

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health.

The one effective natural blood purifier is Hood's Sarsaparilla. It never disappoints.

Impure Blood.—My wife suffered with pain and distress from an affection of the throat caused by impure blood. She was almost in despair when she turned to Hood's Sarsaparilla. Six bottles of this medicine completely cured her." JOHN WICKHAM, Galt, Ont.

Scrofula.—Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had attacked my throat, again resorted to this medicine and it cured me." SARAH E. LEROY, Annapolis, N. S.

THE FRATERNALS

Meet in Congress at Boston—Presentation Dr. Oronhyatekha.

Boston, Aug. 29.—The 14th annual session of the National Association of the Fraternal Congress began here yesterday. Lieutenant-Governor Bates in behalf of the state, and Mayor Hart of the city of Boston, welcomed the delegates. The response was made by Vice-President Charles E. Bonnell, of Chicago.

After the officials left the hall a business session was held. Messrs. President S. A. Will, of Pittsburgh, presented Dr. Oronhyatekha, president of the congress, a gavel, of ebony and gold, suitably inscribed. The committee on credentials and finance submitted the names of the following orders seeking admission to the congress: Catholic Order of Foresters, Order of Pendo, Fraternal Brotherhood, Fraternal Accident Society. The committee stated that it had become satisfied from an examination of some societies applying for admission to the congress that their rates of assessment are inadequate to provide the benefits provided in their laws. It, therefore, recommends that the committee on constitution and laws formulate a provision to refuse applicants for admission to the congress when it is evident that the rates are clearly inadequate to provide for the benefits carrying out of their contracts with their members.

ALMOST A MIRACLE.

Strange Case of Kidney Disease Reported in Smith's Falls.

Smith's Falls, Aug. 27.—One of the most remarkable cures ever performed by Dodd's Kidney Pills was that of Mrs. George Barnes, of this town. Mrs. Barnes was afflicted with Female Weakness and Urinary Trouble resulting from Kidney Disease. The disease had also a serious effect on her senses of sight and hearing, for at times Mrs. Barnes would be exceedingly deaf and short-sighted.

Mrs. Barnes gives an account of her case for publication: "I have consulted a doctor," she writes, "who gave me medicine that seemed to make me worse at times. I was told of Dodd's Kidney Pills, and I got one box. I have used part of the box and am completely cured, and strange to say both my hearing and eyesight are now unaffected."

RECOUNTING CANNON.

While on a recent visit to the Put-In-Bay Island, in Lake Erie, where are buried British and American heroes who lost their lives in the naval battle of Sept. 10, 1813, I was interested in the monument recently erected to their memory; also in the cannon, eight in number, which are mounted facing the bay. On the first one, on either side flanking the monument, are inscribed the names of Commodore Barclay and Perry, who commanded respectively the British and American fleet, and on the other six are the names, three each, of their officers. The old wooden mounting of the guns, which I first saw thirteen years ago, has been removed, and solid buttresses of stone built in their place, making a neat and permanent mounting. Perhaps this will answer your question regarding the recounting of our cannon in Victoria Park. Yours respectfully,

JOHN MORRISON.

Seven Years in Bed.

"Will wonders never cease?" inquires the friends of Mrs. Pease, Lawrence, Kansas. They knew she had been unable to leave her bed in seven years on account of kidney and general debility; but "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person. Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction guaranteed. Only 50c, at W. T. Strong & Co.'s drug store."

In Detroit, while his older brother was wheeled, Joseph F. Black, 13 months old, in a carriage, the baby fell out injuring himself so severely that he died three days later. The baby was the son of Wm. Black, of Thirtieth street.

THE LAST TOMMY

Pte. Sam Crockett Is Now at Home.

Arrived This Morning—Was Invalided at Bloemfontein—Now in Excellent Health.

All of the Londoners who came over on the Lake Ontario are now in the city. Pte. Sam Crockett arrived on the G. T. R. at 1 o'clock this morning, and was welcomed by a number of friends. He shows the good effect of his arduous campaigning. Since recovering from the effect of the enteric he has become much stouter than when he went away. He was with the regiment until Bloemfontein was reached. He was then forced to drop out, and after being in a number of hospitals, was sent to the Cape, and from there to England. While in the old country he was a patient at Woolwich Hospital. He tells the same story as do others about the splendid time the Canadians were given while in England. The send off at the Liverpool docks was very enthusiastic. Pte. Crockett says that every Canadian may well hold his head high for the splendid work that was done by the regiment. The boys did not think at the time, he says, that they did anything out of the way at Paardeberg, but from the praise of Boer and British alike, he is glad that they had. Pte. Crockett was not sorry to be back home once more; nor is he sorry for his war experiences. The hard time that they had were what he missed, and, speaking for himself, he says that he would volunteer to go through it all again.

TO BE TRIED FOR MURDER.

Ottawa, Aug. 29.—Lacroix, charged with the Montebello murder, was yesterday committed for trial at the assizes in March next. He will be taken to Montreal for safekeeping until that time, as it is feared he may make an attempt to take his own life. He had already made such a threat before capture, but seems to have lacked the necessary courage.

Bayley's**THE PROBLEM IS PUZZLING**

British Press Doubt the Rumors of Peace Negotiations With China.

Who Are the Responsible Parties That the Allies Can Treat With?—Rumors Regarding Russia's Position.

London, Aug. 29.—A special dispatch from St. Petersburg contains the somewhat remarkable assertion that Russia, almost immediately, will notify the powers that she considers the relief of the Pekin legations as the final accomplishment of the military task of the allied forces. There is nothing to confirm this, however.

DISCREDITED.
The afternoon papers doubt that the rumors of peace negotiations are well founded. They regard the activity of the allies at Pekin and the difficulty of discovering a responsible Chinaman with whom to treat (unless Li Hung Chang is able to place himself in communication with the fugitive court and secure credentials satisfactory to all the powers), an indication that the solution of the problem will be more prolonged and more difficult than previously hoped.

WHAT RUSSIA IS DOING.
New York, Aug. 29.—Since Russia is quietly assimilating Chinese territory south of the Amur River, in some quarters it is thought that the landing of Japanese troops at Amoy is the Japanese answer to these Muscovite moves, says a cablegram to the Tribune from London. Some outspoken critics here are beginning to recognize that the outcome of the present crisis will eventually be that slices of Chinese territory will certainly pass into possession of Russia, Germany and Japan. The first named will seize Manchuria on the plea that China declared war and invaded Siberia; Germany will claim Shan Tung as indemnity for the murder of Von Ketteler and Japan, on the plea that she can get it, or, if not, Amoy. What the British policy will be in this event is not known.

"Russia's attitude has been greatly misrepresented. Her operations in Northern China are conducted solely for the purpose of restoring peace and order, and are absolutely unselfish." This statement, says the Washington correspondent of the Herald, was made by M. De Wollant, the Russian charge d'affaires.

MOVEMENTS OF JAPANESE.

Berlin, Aug. 29.—According to a dispatch received here from Tien Tsin, Japanese forces are understood to be now on their way from Taku to Pao Ting Fu with the direct object of effect of occupying the latter place. It is possible that the Tien Tsin dispatch received in Berlin refers to Pao Ting Fu miles south by west of Tien Tsin. Pao Ting Fu is the capital of Chi Li province.

A correspondent writes: "As windstorms are becoming quite frequent, and a good deal of property is destroyed, which is pretty hard on a poor man, I have often wondered why the insurance companies did not take it up. Some three or four years ago The Advertiser gave an account of a storm that passed through Westminster, doing a great amount of damage to property, and that the Westminster Insurance Company had taken steps to give insurance against windstorms, but I have not heard anything about it lately. Why could there not be a company formed and make it either a township or county company? Two or three mills on the dollar on everyone's taxes, put into a sinking fund, would soon make quite a sum of money. I would like to hear from others."
