LIVE STOCK.

TORONTO, Dec. 12.—Receipts were 150 loads, with 2658 head of cattle, 1903 sheep and lambs, 74 hogs and 29 calves. The annual Christmas Fat Stock Show, which opened today at the Union Stock Yards, brought together perhaps the finest collection of high-grade qualities in the fat stock line ever brought to the city. It was very generally conceded by the large number of dealers and cattle the large number of dealers and cattle bran, \$20: shorts, \$22, on track at Toronto. feeders present that the show was the best yet held. Apart from the special deliveries of fancy stock entered for competition in the various classes, there was an unusually large offering of cattle was an unusually large offering of cattle of high value for the local butcher trade, the usual market being conducted independent of the judging in connection with the annual show. Trade for the butcher cattle opened quite brisk, and prices were soon placed on high levels showing adcattle opened quite brisk, and prices were soon placed on high levels showing advances of 20c to 30c over last week. This does not include the prices paid for the extra fancy picked steers or heifers, the catter for these reaching from \$6.50 up to \$7. The show cattle were in most cases held over for tomorrow's export, when some high prices are expected to be realized. It was stated, however, by buyers for Chicago firms that prices here are higher here than they are today in Chicago, and this may have some effect on the local export demand. Sheep and lambs are steady and unchanged from last week, lambs going at \$5.50 to \$6. Dressed hogs continue to bring \$9.25 and \$9.50 per cwt. Beef, by the carcase, is worth from \$8 to \$10 per cwt. Mutton varies from \$8 to \$10 per cwt. Mutton varies from \$8 to \$9.25.

Christmas fruits are commanding good prices. Apples sell from \$1 to \$1.50 per bu, or from \$4 to \$5 per barrel. Cranberries retail at 12½c and 15c per quart. Oranges are selling at reasonable prices, and are of good quality.

this city by the Children's Aid Society.

At the annual meeting yesterday afternoon, Superintendent Kelso, of Toronto, mentioned the fact that in some cities such a censorship had been established with good results. "I visited the picture shows of this

city yesterday, and found them clean and wholesome," he stated. However, there is a great danger of young girls and boys being out late at night at these shows, with disastrous results. They should be kept at nome. "My experience has been that the

shows here have been uniformly

lean," said Inspector Sanders. 'They are carefully looked over before being exhibited, and as a result it is rarely that we have a complaint. It is quite true that the children stay out late at a very late hour, coming from these only 20 per cent, shows, and this forms a problem. I do 70,000 children di not think the pictures need to be censored so much as the parents of children should be warned of the grave treatment. danger to their children by being on the streets late at night. There is the problem, and the parents of this city should be educated and instructed to keep the boys and girls off the streets. We will try and do that work, but it is not likely that we will interfere with the pictures. That part of the probem presents many difficulties, but it should be a comparatively easy matter for parents to be told that if their children roam the streets at late hours they are not under the very best influ-
