**Samian Declares
Captured German
Chained to Gun**

**Learns That Convicts Are
Thus Made to Fight
by Huns.**

[Special to The Advertiser.]
SARNIA, Nov. 10.—A letter received from Lieut. E. G. Ahern, who formerly resided with his brother-in-law here, states that he had seen a German private chained to a machine gun, to cover the retirement of a force. The man had steel hoops around his waist and a fetter on his left foot. A steel chain passed from the fetter through the tripod of the machine gun to the man's waist. He was only able to move a few feet in either direction, and had been left to defend himself when his companions retreated.

An American press correspondent told Lieut. Ahern that during a recent visit to Germany he had been informed that convicts from the German prisons were made use of in this way.

Lieut. Ahern was wounded September 15 and when on his way to the base hospital he encountered Lieut. H. Hensford, another Sarnia officer, who had been wounded. When he was residing in this city, some seven years ago, Lieut. Ahern was a member of the choir of St. George's Church and was employed as a bookkeeper for the late J. I. Carter and the St. Clair Tunnel Company.

The company was formed a year ago to supply drinking water to Sandwich East and Tecumseh. The capital stock was \$40,000 in \$100 shares. Herbert, Rockett and Ducharme taking one share each. They declared in court that agents of the company represented the shares would cost them only \$50.

There are thousands of women going along through life under a heavy physical burden, never entirely free from pain, never without those down-dragging symptoms which only a woman can understand, never without that melancholy, depressed spirit that give rise to all sorts of neurotic and groundless fears.

**E. F. B. JOHNSTON, K.C.,
DISCUSSES "AFTER WAR"**

Says Broad-Minded Men Should Frame Immigrant Policy.

[Special to The Advertiser.]
CHATHAM, Nov. 10.—At a largely attended banquet of the Canadian Club tonight, E. F. B. Johnston, K.C., of Toronto, in an interesting address dealing with before and after the war gave many interesting phases of Prussian government in comparison with that of the British, and the events which led up to the climax on August 4, 1914.

His address dealt particularly with the period of reconstruction which will be required following the war, but in relative position, and made a strong plea that some system for inducing immigration and for the proper care and supervision of immigrants be worked out, asserting such a plan could not be most advantageously laid down by any government, but rather by an organization of broad-minded business men.

He cited the depressions in Canada which had followed other wars and which would be present in a greater degree following this war, but that sources would come through the period of reorganization, provided proper precautions were taken.

**LAMBTON BEET GROWERS
TO DEMAND HIGHER PRICE**

Threaten to Grow No Sugar Beets Next Year.

[Special to The Advertiser.]
SARNIA, Nov. 10.—At a meeting of the sugar-beet growers of Essex and Plympton townships held recently in Petrolia, it was unanimously decided not to grow sugar beets in 1917 unless they receive \$7 per ton for same.

The sugar factory report for the past five years shows that the average test of beets per ton produced fifteen per cent sugar, one ton of beets yielding 150 pounds of sugar at \$7.50 per hundredweight. A few years ago the average sugar sold for \$4.50 per hundredweight, the same factory receiving \$12.50 per ton of beets manufactured into sugar. Today the growers receive only \$1 more per ton for beets. These meetings are being held throughout the country and the growers intend to stand by these resolutions.

MILITARY CROSS HERO**

TILBURY, Nov. 10.—Word was received here this week by Reeve A. A. Wilson that his son, Lieut. A. P. Wilson, formerly of the 9th Essex Battalion, had been awarded the Military Cross for signal courage in the Somme fighting. The news was communicated in a letter received by Mrs. E. J. Baxter of Windsor from her son, Capt. Brooke Baxter, and stated that Lieut. Wilson, with his platoon, was engaged in a trench, maintaining a support position in the face of a tremendous bombardment, and even after Lieut. Wilson was severely wounded and blinded, he continued to lead his platoon with the most heroic courage.

It is believed that he himself may not yet be aware of the distinction to be conferred upon him, as recent letters to his parents give no indication of the fact.

Lieut. Wilson has been suffering from the effects of the shock to his eyes ever since the incident above-mentioned, and although able to see with the aid of dark glasses, he still takes medical treatment in an English hospital.

**SUGAR BEET GROWERS
DEMAND MORE MONEY**

KITCHENER, Nov. 10.—On November 20 about one hundred farmers, growers of sugar beets in this county and district, will assemble here for the purpose of discussing the advisability of not signing up next year with the local sugar factory at the same rate per ton as formerly. A prominent grower says that while the price of sugar has advanced 10 per cent in the past three years the growers have received 12 per cent in any way proportionate to the increase. They are only being paid \$2.50 an acre more, which averages ten cents a ton for sugar. The grower says the farmer wants to buy some sugar he has to pay retail price, whereas they are getting a little above wholesale.

It is estimated that there are about 400 pounds a year, and it means quite an item. Representatives of the Dominion Sugar Company will be present at this meeting, and the whole matter will be thoroughly discussed.

COURT IN SARNIA**

Port Huron Gets Credit for "High Old Time."

LIQUOR GOTTEN IN TOWN?

One of the Array of Drunks Accuses Local "Friends."

[Special to The Advertiser.]
SARNIA, Nov. 10.—An aftermath of the election in the United States came in police court this morning, when seven charges of drunkenness were on the docket. Apparently the booze was flowing freely in Port Huron following election day, and a number of citizens of this city and vicinity were present when they were "settling them up." Thomas Joy was the first prisoner to enter the box and the magistrate stated that it was a long time since he had heard that name before. Joy was brought in by G. T. R. Constable W. J. Leigh, who found him wandering around the G. T. R. station at the tunnel in an intoxicated condition. He pleaded guilty and gave Port Huron as his source of supply. The usual fine of \$25 and \$50 costs was imposed.

Herman McMichael was arrested coming off the ferry boat yesterday, and was taken to a fine and costs, amounting to \$30.25, or in default of payment, two months' jail.

Henry Fraulick also pleaded guilty to a charge of intoxication, and the customary penalty was imposed.

Moses White, an Indian, was charged with having whisky in his possession and pleaded guilty, stating that he had purchased the brewer in Detroit. He was fined \$25 and costs, and was committed to the charge of drunkenness, but "had only taken the liquor for a cold." He created considerable interest in the court when he informed the magistrate that he had sold his drinks in Sarnia, from friends who possessed bottles. He said his brother had also furnished him with some drinks. A fine of \$25 and costs was imposed, and it may be necessary to remand him until information is obtained to the identity of the "friends" who generously supplied the liquor.

BOTTLES FOR INVALID

George Morton, colored, a brother of the above-mentioned man, was also charged with being drunk. He was arrested upon coming out of the Dominion Cafe, Front street, last evening about 12 o'clock with five bottles of whisky in his possession. He told the court that he had visited Port Huron expressly for the purpose of purchasing this liquor and taking it back to Stratford, from which place he arrived, and that he was a member of the S. S. S. who was ill, and required it in capsules. He denied the charge of supplying his brother with liquor and said that his brother must have taken the bottle from him unawares. He was informed by the court that he was also liable on a charge of smuggling, but for being intoxicated he must pay a fine of \$25 and costs \$5. The charge of supplying liquor was laid over until more information is secured. Harry Ireland was the other offender, but he did not appear in court, paying a fine of \$25.

FINED FOR ASSAULT

Charles McGuire charged Wm. Taylor with assault, which Taylor denied, but the evidence showed that Taylor had shook McGuire severely and had thrown him to the ground. The fight started over some statement which McGuire alleged had been made and which Taylor resented. Taylor paid a fine and costs, amounting to \$6.75.

FLAX MEN ARE PAID

SARNIA, Nov. 10.—T. A. G. Gordon, secretary of the Lambton Flax Company, has announced that the farmers who have been growing flax were paid for their crop on Saturday last, the total amount paid out being \$560, representing some 800 tons of flax. Mr. Gordon also stated that it was not likely that the flax plant to be used for the flax industry would be completed this year, but that the mill section of the plant, enabling the company to thresh and handle the green tow, would be completed. The straw would then be held over until next year, when the plant will be completed and will be ready for the water-treating process.

VESSELS CHANGE REGISTER

SARNIA, Nov. 10.—The steamers Nyanza and E. R. Stevens have been changed from American to Canadian registry, and will ship from this port in the future. The Dominion Government hull and boiler inspectors were in the city, and inspected the hulls and boilers of these two steamers in connection with the transfer.

ROADBED COMPLETED

SARNIA, Nov. 10.—The roadbed for the extension to the Sarnia Street Railway Company south to the plants of the Sarnia Manufacturing Company and the Sarnia Paper Company has been completed and the overhead work will be completed in a few days. The completion of this extension will be a great benefit to the employees of the above-mentioned companies, and will greatly assist them in going to and from work.

**BRITISH LEAGUE IN
KITCHENER HAS VISITOR**

KITCHENER, Nov. 10.—Judging by the large number of citizens who crowded the Nobby Club Hall tonight, the British League gained about two hundred yards of trenches in the fight to hold up British names and ideals. The chief speaker was Rev. Dr. Scott, who received rounds of applause, as he graphically described the assets and liabilities of the great British Empire of which Canada forms a part.

George Lockhart, a member of the executive of the Citizens' League, was present and requested a hearing. He said he wanted to express an opinion which the present council should not be returned at New Year's. He contended that the council should not accept the names submitted by the committee of 29, and put these on ballot, when the new name was selected. Grooms and drivers greeted this speaker, a Mayor in the audience rising and telling the speaker that he was "just following his old tricks."

The five wards will be thoroughly organized and the work commenced tonight.

**The LONDON and PORT
STANLEY RAILWAY**
FIRST ANNUAL REPORT

Auditors' Report, Income Statement, Asset and Liability Statement—For the Year Ending June 30, 1916.

HIS WORSHIP THE MAYOR,
THE BOARD OF CONTROL, and
THE ALDERMEN OF THE CITY OF LONDON.

I beg to submit my report on the examination of the books, accounts and vouchers of the London and Port Stanley Railway for the year ending June 30th, 1916, together with the Construction account, from August, 1914, to June 30th, 1916, in accordance with instructions of your Council through the City Auditor, Mr. W. M. Dunlop.

ASSETS.
BANK OF MONTREAL.—Balance per passbook, plus deposits after June 30th, belonging to the year, less checks outstanding.
RAILWAY COMPANIES.—Accounts with the Railway Companies showing balances due debit and credit.

VARIOUS PERSONS.—Accounts with other than Railways, showing balances.
AGENTS' ACCOUNTS.—Balances due the Company by the Agents or vice versa.
INVENTORIES.—These have been made up by the Superintendent, and additions checked by us.

CONSTRUCTION ACCOUNTS.—I have thoroughly examined the vouchers for the expenditure on this account, which have for the most part been certified by the Engineer of Construction, and passed by the Chairman and Secretary of the Commission.
The item of \$10,951.00 consists of purchases for construction by the Railway Commission out of the current revenue and accounts that are unpaid, and included among the liabilities.

The item of \$26,856.30 consists of rails and material on hand in stores. These rails were purchased by the Commission, along with a piece of the line at St. Thomas, for which was paid \$10,000.00. These items were not included among the assets of the Company when the Road was leased on January 1st, 1914.

LIABILITIES.
ACCOUNTS PAYABLE.—A detailed list of all accounts payable is attached. There is also a list amounting to \$8,550, consisting of accounts unpaid on construction account, which are approximately correct.
CITY OF LONDON.—This account shows the balance at credit in the ledger of the Railway Company \$35,571.20. In addition to this the City Treasurer claims a further amount, which is set out in a separate statement of the City of London Account. Bylaw 475 of the City, provides that the City shall execute a lease from the London and Port Stanley Railway Company of the Company's property from January 1st, 1914, and that the rental to be paid by the Corporation of the City of London shall be Twenty Thousand Dollars per annum, for the first ten years. The Corporation is, therefore, in my opinion, liable to pay the above rental from the date of the lease. This amount would be chargeable against the Construction of the Road until the 30th of June, 1915, or until the operation of the road was taken over by the Commission. The surplus would not be affected, but the construction account would be increased by \$5,472.22, and the liability to the City by the same amount.

The City Treasurer's account with the Commission corresponds with the Company's account as on the same date, with the exception of the items mentioned in the statement above.

SINKING FUND.—An account of \$196.69 is credited to the City for sinking fund, payable during the year 1916. This is the amount payable for the whole year, and should be only one-half, or \$98.34, to June 30th, 1915.

L. E. AND D. R. R. CO.—An item of \$563.55 in the City Auditor's statement is not yet adjusted. Mr. Jewell is to make a report on this item.

GENERAL.—I find the books and vouchers in good form and in order. The system is excellent, and the office management very satisfactory. I have made a few suggestions whereby the results can be obtained with less labor, and Mr. Richards is rearranging some of the accounts.

Respectfully submitted, (Signed) GEO. L. BLATCH, Chartered Accountant.
Examined and Confirmed, (Signed) W. M. DUNLOP, C. A., Senior City Auditor.
