HIGH WAGES REQUIRED TO LIVE IN DETROIT

Man Earning \$15 a Week Will Soon Need Assistance.

DETROIT, Nov. 29.—Detroit's city council joined the fight on soaring food prices today when it forwarded to Washington resolutions demanding enactment of an embargo on foodstuffs.

DR. WILSON DECIDES AGAIN TO PRESCRIBE HIS FAVORITE DOSE

About to Get Angry at Britain, Sends Note Instead.

WASHINGTON, Nov. 29.—The United States has sent notes to Great Britain and France, it became known today, requesting reconsideration by those governments of their refusal to issue a safe conduct through their blockade lines for Count Tarnowski, the new Austro-Hungarian ambassador to this country, and speaking of the unfortunate effect that a continued refusal would have on opinion here.

The notes point out that it is an inalienable right of sovereign nations to exchange ambassadors, and insist that a third nation, even in time of war, is not justified in denying that right.

Great care is taken to base the representations solely on the grounds of international right, as distinguished from mere international courtesy, making it clear that the United States is not asking a favor or assuming the attitude of a pleader.

Care also is taken not to put the Government in the position of relaxing its attitude, since its last communication on the subject, which was merely a transmission of the American Government of a request for a safe conduct.

It was planned at first when the refusal was received to drop the position of being a messenger of Austria, and make a formal demand in the name of the United States. It was decided, however, that it was unnecessary to take such action at this stage of the negotiations, when it is hoped that a firm statement of the general principles of international law in the case will cause a reconsideration by the allies. If the present note meets with an unsatisfactory response it is admitted that a very difficult situation will be developed.

WAS TROUBLED WITH SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, a weak, sinking, all-over feeling of oppression and anxiety.

The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued. On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mrs. C. M. Cornish, Butte, N. B., writes: "Since two years ago I was troubled with a shortness of breath, and sometimes I could hardly breathe. I was told by several doctors, and they went to see my heart and nerves, said it did not seem to do me any good. One day I got one of your B.B.B. almanacs and read of a case similar to mine. I bought a box of Milburn's Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured."

Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Financiers Do Not Think Germany Can Win, Plainly Seen

Successes Hurt Her Credit—The More She Wins the More She'll Lose.

NEW YORK, Nov. 29.—Exclusion on Berlin fell yesterday to the lowest level since the war began. The decline carried German eight drafts to 67 1/2c for four marks, compared with a close Monday of 68 1/2c. The normal intrinsic value of four marks in terms of American currency is \$5.20. At yesterday's quotation the mark's value was only 10 1/2c. In other words, a person wishing to buy an American dollar would have had to pay \$1.40 in German money at yesterday's rate for marks.
