THREE YOUTHS TO SERVE TERMS IN REFORMATORY

Floyd Sells, William Cook and Frank Dodd Sentenced by Magistrate Graydon.

Floyd Sells, William Cook and Frank Dodd, three youths, each received a sentence of not less than three months and not more than two years less one day in the Ontario Reformatory from Magistrate A. H. M. Graydon in police court this morning for thefts, of which they were convicted a week previous. they were convicted a week previous.

Sells and Cooks had been convicted of stealing a club bag containing a purse with \$5 in it, a toilet set, and a coat. The total value of the goods stoien was about \$90. The coat and the money are missing. A juvenile, who is charged with being an accomplice, is on remand.

They had nothing to say when the court asked them if they wished to give any reason why sentence should not be passed upon them.

amount \$5,000 has already been expended. After all debts have been paid there will be a mortgage on the church before it was burned down. When Mr. Bingham announced this the congregation rose and sang the doxology. The greater amount of the money was subscribed by organizations of the church, and the remainder was given by citizens interested in the church. The following officers were elected:

passed upon them. Cook had served four months of a cook had served four months of the military term similar to the one given him today, having been convicted a year ago of stealing a car. Sells admitted that had served sixteen months in the Indushad served sixteen months of the building fund; Mrs. C. North, treasurer of missions; George Pearce, the control of the building fund; Mrs. C. North, the control of the served sixteen months in the Industrial of the building fund; Mrs. C. North, the control of the served sixteen months in the Industrial of the building fund; Mrs. C. North, the control of the served sixteen months in the Industrial of the building fund; Mrs. C. North, the control of the served sixteen months in the Industrial of the building fund; Mrs. C. North, the control of the building fund; Mrs. C. North, the control of the building fund; Mrs. C. North, the Industrial of the building fund; Mrs. C. North, the Industrial of the building fund; Mrs. C. North, the Industrial of the Building fund; Mrs. C. North, the Industrial of the Building fund; Mrs. C. North, the Industrial of the Industr term similar to the one given him today, having been convicted a year ago of trial School for breaking into a store

Frank Dodd had been convicted of stealing a gold watch from a house which he was helping to paint. The chain was missing, too, but he said that he did not see it. He had not been convicted in a civil court before, but had been sentenced to two years by a courtmartial at Carling Heights for breaking into the Y. M. C. A. canteen while a mutiny was in progress. Later his sentence was reduced to one year.

He said that if he was allowed to go he could get work.

Magistrate Graydon was in the act of remanding the boy for a week in order that his parents in Pontiac, Quebec, right be communicated with in an effort to effect his return home, when the boy

to effect his return home, when the boy stated that he did not wish to go home, as he had quarrelled with his brother three years ago, and had not been home

"Not less than three months and not more than two years less one day," was the court's reply to the boy's refusal to agree to the plan to help him.

necessary to supply to the blood in condensed and easily assimilated form the elements of nature which go directly to supply the nutritive factor in the blood.

These ingredients are found in happy combination in Dr. Chase's Nerve Food. Gentle though wonderfully potent in action, this restorative treatment feeds the blood, and through the medium of the blood sends new vigor and energy to every cell and tissue of the human body. The heart's action is strengthened and the feelings of fatigue and lassitude

disappear. Dr. Chase's Nerve Food, 50c a box, all dealers or Edmanson, Bates & Co., Ltd.,

LONDON JOINING IN PROTEST OF MUNICIPALITIES

Council Thinks the Provincial Government Encroaching On Rights of Cities.

UNFAIRNESS IS ALLEGED

Ruggles Company Gets Contract For New Motor Fire Truck.

Because it was believed that the Provincial Government was persistently encroaching on the rights of municipalities without consulting those communitles affected, No. 1 committee of the city council voted in favor of joining with other municipalities in a united fight against further encroachments. This action was taken at a meeting of the committee on Wednesday afternoon in compliance with a request and a letter received from Mayor Paul of Woodstock, who is calling upon all

cial Government. The members of the committee were George Tupholme and William Watson were elected deacons of the church.

Encouraging reports were given by all unanimously in favor of Mayor Paul's the organizations of the church. All They fully agreed with the stafements were in good standing financially. contained in the letter, for it was felt that if matters continued in the course they had been following, it would not be long before the municipal govern-ments would cease to be a governing body. Ald. F. E. Harley summed up the feeling of the committee when he said, "They have taken from us the power to legislate, and it will not be ng before we will lose the right to

municipalities to oppose jointly the

alleged unfair activities of the Provin-

Mayor Paul Writes.

privileges of urban municipalities, in such cases as the McCrae bill and the firemen's two-platoon system, I would call on all municipalities to join in a united action to protect their rights and to protect against such legislation.

of Knollwood Park have the advantage of a fixed rate of 15 miles for a period of 15 years, the committee voted to appeal the decision of the court of re-vision that the charge for laying sewers in that part of the city should be reduced \$11,000. The court of revision, acting on protests made by residents living in that part of the city, decided that the \$73,000 charged by the contractor who performed the work was that two citizens had been killed there already and that recently a man was knocked down.

At first the motion was made to include only motor cars and motorcycle traffic, but it was soon amended to read all vehicular traffic. This would mean

> The committee voted to grant the petition of the L. and P. S. R. for a line of credit in the Bank of Montreal amounting in all to \$50,000. This credit

opened. Three tenders in all were re-cived from the American La France Engine Company, the Ontario Garage and the Ruggles Motors. On the recom-mendation of Fire Chief J. Aitken, the committee decided that the contract should be awarded to the Ruggles Company. The tender received from the Ruggles people was \$60 higher than the lowest bid of \$9,390 put in by the National Truck Company of Hamilton, but as the Ruggles Company was a London firm, it was decided to give them the preference. The highest bid was made by the American La France Engine Company, when \$12,850 was asked. This was higher than the appropriation granted by the city. Stop Vehlcular Traffic.

On the suggestion of Ald. J. C. Wilson the committee voted to recommend the closing of Victoria Park to vehicular traffic. It was felt that the park should be preserved entirely for pedestrians and children. Vehicular traffic in the park was considered a danger to the children who play there. The matter will be referred to the park hoard before it is brought before the

city council as a whole.

The committee voted to grant the equest of the London Board of Health that a salary of \$2,000 a year, for a period not exceeding three years, be granted Dr. Tamlyn, the inspector of dairies and meat in this city.

ST. GEORGE'S PLAYERS PRESENT FINE COMEDY

Creditable Performance of "The Irre sistible Marmaduke" To Be Repeated.

"The Irresistible Marmaduke," "The Irresistible Marmaduke." a three-ast comedy, was presented by St. George C. I. C. on Wednesday evening in a highly creditable manner. All roles were capably filled and excellently

played. Walter Holt, the director and leading man of the company, in the role of Marmaduke, deserves high commendati maduke, deserves night commendation for his clever acting. He was assisted by Miss G. Stone, who played the part of Patricia (Pat) O'Brien. Miss Stone's work was also splendidly carried out. Others participating in the performance were: Misses L. Fowler, L. Beason, L. Gahan and M. Stone, Ernest Wooster, Standard M. Stone, Ernest Wooster, Standard M. Stone, Ernest Wooster,

Gahan and M. Stone, Ernest Wooster, Robert Stephenson, Frank Humphries and Fred Andrews.

The plot of the play is very entertaining. From the moment it opens till the curtain falls one is kept in a continual uproor of laughter. Mr. Wooster, playing the part of Dr. O'Keefe, is one who is chiefly responsible for the humor.

The play will be repeated tonight and Friday evening. The proceeds will go to construct a club-house for the choir

COUNCIL SATISFIED WITH SYSTEM FOR **COLLECTING GARBAGE**

Contract Proposal of Alderman Watkinson Will Not Be Considered.

DECISION OF COMMITTEE

No. 2 Chairman, W. A. Wilson, However, in Favor of Change,

With only Chairman W. A. Wilson dissenting, No. 2 committee of the city council last night decided that it was quite satisfied with the present system of garbage collection. Ald. F. R. Watkinson of No. 1 committee, who moved in council that the cost be investigated and tenders called for collection by contract, was present to present arguments in behalf of his suggestion.

Delegations from the trades and labor council and Independent Labor Party protested against a change. R. H. Hessel, speaking for the trades and labor party, pointed out that collec-tions were being made over a 50 per cent greater area than under the con-tract system. He claimed that any plans for using by-products from gar-bage were based on conditions in much larger cities than London. Only \$2 Per Citizen.

Ald. Ashton said that in view of de-creasing prices he did not see why the city should call for tenders for a five or ten-year period. He had no complaint with the present system, which he claimed is being run at an average cost of \$2 to each citizen. Ald. Drake said he had not heard a complaint about the collection for many months. He thought the city could collect as cheaply as any contractor. He opposed any move to take the department from under the control of the city engineer. Mayor Paul Writes.

The letter received from Mayor Paul, through the city clerk of Woodstock, read, in part, as follows:

"In view of the recent encroachments by the Legislature on the rights and cluding all salaries and wages. His

The following are some of the en- claimed they were being abominably

court fines, courthouse and jail expenditures, indigents from outside municipalities, workmen's compensation act, automobile and other licenses, theatre and other licenses, and limit to 25 miles.

Aldermen George Wenige, John Bridge and P. J. Watt were appointed to an life the cost of the present system were and P. J. Watt were appointed to oppose the McCrae bill when it is brought before the House today.

In view of the fact that the residents of Knellwood Park have the residents the costs. Ald. Watkinson did not think so. City Engineer Brazier said that labor

costs had advanced 128 per cent since the city took over the collection in 1914. Feed has advanced 100 per cent; the collection area has been increased 57 per cent, and the city's population has increased 15½ per cent. Motorizing the department is not practicable in a

voluntarily returned to a nine-hour day. He admitted that incineration was an expensive mode of disposal, but it was most sanitary and there was the by-product of heat for the hospital. This was worth more than could be obtained

by sorting the garbage.

Most Extravagant City.

Ald. Watkinson declared that London was the most extravagant city in the province. Ald. Childs asked him if he the fire department were received and had any record of the sums to be saved from by-products in a city the size of London. He said he had figures on a city of 100,000 population. City Engineer Brazier asked for the name of this place, so that he could obtain further information. Ald. Watkinson replied that he did not want to be asked sar-

Ald. Drake warmly defended the present system. Ald. Wenige of No. 1 committee thought tenders should be called for just to see what figures would be submitted. He pays \$8 for his garbage collection, he said, and has his ashes removed separately.

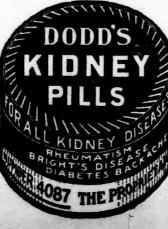

No action was taken in regard to

signing an agreement with the garbage employees. A deputation from the trades and labor council asked them to do this. They also asked continuation of the day-labor system in city work. R. H. Hessel declared that the city had saved from \$16,000 to \$18,000 by this means the first year it did its own paving. He also stated that paving osts here in 1920 were lower than in cities of similar size. He claimed that even under the contract system local here last September, when workmen contractors benefitted very little, as the largest jobs were often given to outside di Benedetto defended his factory largest jobs were often given to outside contractors.
Residents Oppose Sewer.

Egerton street residents objected to cost of a sewer on that street. City Engineer Brazier stated that the was done within the estimate, and was not undertaken as relief work. The case will come before the next session of the court of revision.

The committee made no recommendation regarding reducing the charges on the Knollwood sewer system. It was decided to prepare plans for a storm sewer system in connection with the Pine Lawn houses on a day-Contracts for two electric sewer

pumps were awarded to the Clayton, Neil & Jones Co., Toronto, for \$2.650.

Sale of Manufacturers' Seconds

Ladies' and Children's Summer Weight Underwear

1,530 garments in this special purchase, which includes almost every kind of knitted underwear-vests, drawers, bloomers and combinations, in many styles and many prices, giving a great variety to choose from, at prices much below manufacturer's cost.

In the collection you will be able to get all sizes, but not all sizes in each style. This applies to both ladies' and children's garments.

We cannot give you every line in detail with such a collection as this, but below you will find listed the quantities and prices in each and every line.

If you attend this sale early tomorrow, you will find it easy to collect your supply of summer underwear and save about a third on the prices; and while they are classed as seconds, you'll find the defects very insignificant, indeed, scarcely noticeable.

Note the Quantities and Prices

215 only Ladies' Combinations, including tight and loose-knee styles. Prices 177 pairs Ladies' Drawers and Bloomers. Prices...49c, 52c, 59c, 62c, 98c pair 527 Children's Vests, Drawers, Bloomers, at prices ranging from 23c to 49c

Steamer and Motor Rugs

New shipment of Lanark All-Wool Rugs, in plaids, with plain back; McKenzie, Duke of York, Gordon and Kerr. Prices \$12.95 and \$18.75

Misses' Coats in sport styles, in velours, tweeds and polo cloths, in fawns, tans, greys and light greens. Prices\$22.50, \$25.00, \$27.50 and \$35.00
