Woman Suffragist Makes Serious Threat in London Police Court

Had Been Arrested For Breaking Winuith-Woman Was Sentenced to Police Will Now Take Serious Action Against Female Riots.

London, July 2.—The extraordinary demonstration Tuesday night before the House of Farliament made by the Women suffragists in their effort to secure votes for themselves had rather starting soquel yesterday when one of the women, Mary Leigh, as rested for breaking windows in the house of Premier Asquith, declared in the Bow street police court that "The next time we come out you can expect bombs."

lailure.

Mary Leigh and her companion were sentenced to serve three months at hard labor without the option of a

hard labor without the option of a fine.

Twenty-seven out of the twenty-nine who were arrested were charged with obstructing the police.

Those against whom previous convictions had been entered were ordered to pay a fine or spend three months in prison. First offenders were required to give security not to repeat the offence, in default of which they were sentenced to one month imprisonment. A majority of the women elected to go to jail and serve time.

The suffragist demonstration for today has been postponed, as the annual outing of the London police is fixed for that date.

Hearst Satisfied.

New York, July 2.—The following cablegram was received yesterday from William Randolph Hearst, in regard to the result of the New York Layoralty recount:

"London, July 1.—The result is more than satisfactory to me, and I hope it, will sufficiently satisfy the citizens for whom this long and arduous struggle has been carried on. I have said from the beginning that the fight was not to make me mayor, but to secure an honest count of the vate cast by the citizens. In the face of enormous and unnecessary difficulties, that count has been secured, and hereafter it will not be possible for election thieves to commit frauds in secrecy and security, behind the barrier of the law. Whatever election crime is committed, be it great or small, must be publicly accounted for. That has been accomplished and it means much for the safety of the republic.—(Signed) William Randolph Hearst."

Big Factory Burned.

Hamburg. July 2—An vnormous fire Tuesday night destroyed the factory and offices of Schatz & Hubenner, in the Jenischstrasse, manufacturers of roofing felt and other tar products. Within two hours the massive brick building was burned from basement to roof and turned into a mass of ruins.

The united efforts of the Hamburg fire brigades, with all the eigines and men available, succeeded in saving the adjoining buildings, among which were large coal and kindling-wood depots. The damage, which is estimately approximately at a million marks, is mostly covered by insurance.

This is the third large fire in Hammersbrooks district inside of a fortnight. The cause is not ascertainable yet.

Separate Schools For Japs.

Seattle, Wn., July 2.—Seattle Japanese have decided to withdraw their children from the public schools, because, as was alleged at a meeting of the Japanese Association of the State of Washington, held Tuesday night, the education given is not satisfactory to them. Japanese schools and Japanese instructors will be substituted for American schools and American instructors, and the Japanese interested say diplomatically that this is due to a desire to avoid a possible repetition of the San Francisco trouble.
