Vertigo or Dizziness

Accompanied by sick, nervous headache, irritability, nervous exhaustion, stomach troubles and sleeplessness is the forerunner of

PARALYSIS, EPILEPSY AND INSANITY

No ailments are so horrible to contemplate and none cause such misery as those which end in Mental and Physical Helplessness.

Suddenly the victim of vertigo is thrown to the ground as though struck with a blow, and though not unconscious he is unable to help himself. He may have been warned by confusion of vision and thoughts and by the sight of objects apparently moving around him, by sparks before the eyes or a rising and falling motion like the swell of the ocean; he may have been subject to indigestion, liver disorders, constipation, pain or oppression after meals, nausea, heartburn, belching of wind, nervousness, headache and sleeplessness, but the first stroke of vertigo or dizziness may come on him unexpectedly at his work or on the street.

As the sufferer from vertigo or dizzy spells comes to realize that his trouble is likely to end in paralysis, locomotor ataxia, epilepsy, insanity or some dreadful form of helplessness he becomes morose, irritable, suspicious and melancholy and it is only with patient and persistent treatment that he is restored.

As the direct cause of vertigo and the accompanying symptoms is an exhausted and depleted condition of the brain and nerve cells, Dr. Chase's Nerve Food is by far the most satisfactory treatment that can possibly be obtained. This statement is endorsed by scores and hundreds of people who have been cured by this great food cure.

DR. CHASE'S NERVE FOOD

Not only restores to the brain and nerves full control of the body and its various organs but also builds up flesh and tissue and instils new vigor and vitality into every nerve and every muscle. By weighing yourself while using it you can prove this beyond dispute. It creates new, rich dealers, or EDMANSON, BATES & CO., Toronto.
