THE FALL OF A NATION

The Fall of a Nation, a six reel picture was shown at the Opera House last night to a good house. This picture is exceptionally good in its line. Unfortunately owing to a slight defect in the adjustment of the picture machine, which affected the vibration, the picture was somewhat hard on the eyes, and not up to the usual standard in this respect. After the pictures, the matter after considerable time being spent, was adjusted and the management guarantees that this defect will not appear in to-night's performance. The show tonight will be the same reels as shown last night and will be shown at Dalhousie on Friday night. Admission adults 25 cents, children 15 cents.

HOW IT PAYS

Is our help worth the price? Does it pay to invest \$50 to \$100 if the position you get adds to your immediate income \$150.00 to \$500.00 a year? Does it pay to have work that is congenial—that gets you in touch with the big things in business, that identifies you with managerial work? Does it pay to be able to sidestep the hopeless searching for a job, the endless waiting, the humiliating interview accorded the untrained? Let those who know—who have been through it all—advise you! We can start you on the right road. Moncton Business College GEO J. SCHMIDT Moncton, N. B. Principal
