### STRAIGHT CALL FOR PARTY POLITICAL

Hon. Robert Rogers in Ottawa  
Conferring With the Conservative Leaders.

Montreal, Oct. 24—A straight call for a return to party politics and a dropping of all entangling alliances, either by the Conservative party or any other party, was issued here last night by Hon. Robert Rogers, ex-minister of public works, who is here conferring with some Conservative leaders.

As to the Progressive organization he said that in its last five years of existence it had "not contributed anything particular to the sane and sound section of our common country."

He gave the Liberals credit that they had not been able to restore their party to a better position than they formerly held and said that it remained for the Conservatives to organize in every city, town and hamlet, stating as his opinion that "no party ever had such an opportunity as has the Conservative party today."

\$50,000 IS PAID BY FOX FOR FOUR WORDS

"The World is Mine," Keynote of "Monte Cristo," Acquired From O'Neill Estate.

Baseball magnates have paid huge sums of money for baseball players, publishers have paid huge sums for books, trainers have paid great sums for race horses, but William Fox has set a record. He has just paid \$50,000 for the use of four words. That is a high yater mark.

That tidy amount has just been paid to the estate of the late James O'Neill actor, for the right to use the words that made O'Neill universally famous, "The World is Mine." The sentence is indissolubly associated, throughout the world, with the master play "Count of Monte Cristo."

Thousands of these patrons who never heard of the elder Dumas are familiar with the phrase used in what is called the greatest romance of all history.

Singularly enough Dumas did not write "The world is mine" nor does the line appear in any of the French editions of the novel. Its authorship is credited to O'Neill, who played in Edmund Dantes for a period of over a quarter of a century and appeared in all of the principal cities of the new and old worlds.

"The world is mine" as used by Mr. O'Neill at the finish of the second act of his play is generally rewarded by the generation just passing, as the greatest climax of the spoken stage.

Before William Fox commenced the filming of "Monte Cristo," which has just been released in Los Angeles and Boston, he acquired from the O'Neill estate the copyright of the actor's play. This film will be at the Opera House next Wednesday and Thursday.

### ACCIDENT ON ST. JOHN RIVER

Steamer Dream Sank at Gorham's Bluffs Enroute to St. John.

Fredericton, Oct. 20—The steamer Dream operating between Jensen and St. John on a freight and passenger service is reported to have sunk this morning while on her way down river. The accident occurred near Gorham's Bluffs some twenty-four miles out of St. John.

The Dream formerly was the yacht of Hon. W. H. Thorne of St. John and has been in Fredericton. She was rebuilt some time ago and placed in service on the river. Captain Charles Taylor of Sheffield is the owner and operator of the Dream which with the Oconee has been on service on the lower St. John River, Capt. Taylor has been in command of the Oconee.

The steamer was not one of large capacity in either freight or passenger but nevertheless gave valued service to the people of the lower river. The accident is one of a long series of steamers on the rivers which has taken a considerable toll of life.

**CHANDLER**

We are glad to learn that Mr. and Mrs. Chandler have returned home after a three weeks honeymoon. They wish to inform inquiring friends that they had a splendid trip. They spent most of their time in Montreal, where their many relatives and friends tendered to them a most cordial welcome. On their return journey a few days were passed in Quebec City where they visited Miss Gertrude Landry, the groom's sister, who has entered the Convent of the Sisters of Charity.

The time passed only too briefly and their only regret is that it could not last forever. To the newlyweds are extended our best wishes for their future happiness.
