TORONTO STEADLY ADVANCES and things generally are settling down to solid business. The boom in outside vacant lots is a: hing of the past—and holders of central property are more disposed to do business at fair market prices—which is the end is bester for all concerned. The investor who wisely kept clear of the recent boom can now operate on a safer field—hence we find choice business property in demand.

This Company is now issuing \$100, \$200, \$300, \$400 and \$500 investment Bonds, payable in Five, Ten and Fifteen Years from date of issue, with participation in profits; affording all the advantages of compound interest accumulations on small sums of money.

These Bonds are the obligations of this Company and are specially protected by a Sinking Fund, invested in first-class Real Estate Mortgages. They are plain, definite contracts, subject to no contingencies whatever, are non-forfeitable after one annual payment, with values definitely stated thereon. For a small outlay they secure a fixed and generous return.

Young Men and Women, persons of moderate means and any one seeking a perfectly safe and profitable investment, are solicited to examine carefully the plan of these Bonds and note the fact that a small amount paid Monthly, Quarterly, Half-yearly or Annually, will produce One, Two, Three, Four or Five Hundred Dollars at the end of Five, Ten or Fifteen Years, affording thereby unequalled opportunities for saving and accumulating money, and all at very moderate cost.

The Company is prepared to receive applications from reliable agents at all points where it is not already represented. Apply to MR. NESBITT, Deer Park Post Office CHIROPODIST AND MANICURE

PUBLIC NOTICE

It was our intention to have exhibited one of our fire steamers at the Toronto Fair, but solely on account of my own and foreman's absence from the province delivering fire steamers to Brandon and Portage la Frairie, it was out of our power to get back in time, which we regret exceedingly, having just returned to Ontario yesterday. Towns in need of fire protection or systems of waterworks for demestic use and fire protection please advise us. We guarantee maximum power, efficiency, simplicity and durability at minimum cost. Will compete in any town against all makers at our expense to prove these representations. against all makers at our expense to prove these representations.

A leading Toronto paper last Saturday said under "Steam Fire Engine" discussion that a certain firm had sold "fourteen outfits in ten months." I wish to publicly contradict this statement as literally untrue; as also a circular advertisement sent toroadcast throughout Canada which says: "Thirty engines sold during first eighteen months." I hereby ask the public of Canada to ask said firm the names of the towns where these vast "outfits" bave gone to. Three is all I know of, and I pretend to be well posted. To the uninitiated this is, very enterprising—on paper! The 'marines' may take it all in but the "old soldiers" know better. Specially write the people of Palmerston, Ont., for news of a rich, rare and racy character in this lively affair.
