**"FEEBLE STOMACH"**

**Causes Digestive Weakness and Poisons the Entire System.**

"No one can have suffered more than I did with stomach trouble," writes Phil. E. Pascalar, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was desperate, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am, thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarhazone Co., Kingston, Ont.

The Princess of Monaco is so rich that she regards money with contempt. **HE WAS THANKFUL**

But Still He Thought There Was a Little More He Might Get.

Old Simon, as we will call him, is quite a character in his way. He believes in asking for a thing until he gets it, and then—well, he is immediately in need of something else. He has lived on the same estate all his life, and until quite recently he was paying a merely nominal rent—£1 a year—for the small cottage he occupied.

Simon, however, wasn't quite satisfied. Whenever he paid an installment of his rent he called his master's attention to the fact that this thing wanted doing and that thing wanted going to the property. At length Simon's master decided on a bold move. The next time Simon turned up with the quarter's rent and the usual list of suggested repairs the owner was prepared to meet him.

"Look here, Simon," he remarked, "I've been thinking the matter over, and in recognition of your long and faithful service I'm going to make you a free gift of the cottage you live in. From this moment it's yours to do as you like with. Now, what do you say to that?"

"Thank 'e, sir—thank 'e," returned the old fellow. "An' now, sir, what about that bit o' paint for the back door? Yell' throw that in, o' course?"

**Waterlogged Servians.**  
An Englishwoman traveling in Servia thus gives a striking glimpse of her own prejudices and tastes. "The Servians drink too much cold water, and they drink it till they are pulpy. An average Serb drinks enough cold water for an English cow. I doubt whether the language contains an equivalent for 'bad training,' for when I tried to explain the idea it created surprise. A doctor told me he had never heard the theory before. To him it seemed a natural and wholesome habit. Moreover, he added, 'there is plenty,' and seemed to think it was rather wasteful to leave any unsvalowed. To me it explained the lack of activity. The nation is waterlogged. All day long and every day the Serb calls for a glass of cold water, and when he has drunk it he calls for another. Perhaps owing to this he has little space for alcohol. At any rate, I never saw a drunken man, even among the peasants."
