

Martin-Orme
Piano

“The Piano Beautiful”

MARTIN-ORME instruments are built under the expert guidance of a recognized Genius in the theory and practice of acoustics and tone.

They are the resulting combination of careful workmanship and fine materials—when in the guiding hands of a Master Craftsman.

The entire Martin-Orme Plant and Organization is concentrated on the production of one quality of instrument—and we have the necessary experience to achieve the highest attainable result.

Dealers find—despite heavy costs of grade A1 labor and materials—that the qualities of Martin-Orme pianos steadily advance.

They are built to be your leader.

The Martin-Orme Piano Co. Limited

Factory, Head Office and Warerooms at
OTTAWA

Makers of pianos and player pianos—of the highest grade only.
