

movement among those who hold the orders for the Lower Provinces to purchase any wholesale parcels - holders are asking 11 to 12c, according to quality, and although stocks here are considerable, they are far from excessive, and a moderate demand, which may be looked for at present low rates, will probably clear the market. The local and city demand has been unusually light during Lent, having been amply supplied by the neighbouring farmers who had held till now in hope of some improvement.

SKEDS.—Clover is in good demand at unchanged rates. Timothy continues in overstock and is consequently in very trifling demand at low prices.

ASHES.—Potash quiet but firm. The stock in the Inspection stores is heavy, and demand from all quarters is light. *Pearls*.—Are scarce and wanted at full rates, but little confidence is felt in the continuance of such extreme prices.

THE LEATHER TRADE.

Hua & Richardson.
Seymour, C. F.

Servinour, M. H.
Shaw F. & Bros.

TRAD^E has been comparatively slack, during the week, inquiries for stock being confined almost altogether to those descriptions which are least plentifully supplied at the present.

SPANISH SOLE.—Very little coming forward, and sales are restricted to small parcels; the stock in market is limited, particularly of the better grades.

SLAUGHTER SOLE.—Has very little enquiry, owing to recent heavy sales of English oak, which has been marketed in large quantities.

HARNESS.—There is rather more stock offering, but not of strictly first class, prices are however still very firm.

WAXED UPPER.—The continued scarcity of stock restricts sales, as the demand is fair, and all desirable can be placed readily at fair prices.

BUFF AND PEBBLED.—Common grades are accumulating, and are difficult of sale even at a slight reduction—while prime stock is scarce and wanted.

PATENT AND ENAMELLED.—Continue in light supply with no active demand, at unchanged prices.

CALFSKINS.—Desirable stock is scarce, and could be placed at remunerative prices.

SILVER.—The receipts have been fair, and sales equally so, at full prices.

SHOESKINS.—Are arriving in sufficient quantities for the requirements of the trade. Russets are selling in round lots about 32c.

HIDES.—Small lots continue to arrive, and are placed without difficulty at from 9 $\frac{1}{2}$ to 9 $\frac{3}{4}$ for green salted.
