Whitby, July 7, '97

Dear Starnaman:—

I was dumbfounded to-day when I received a letter from the "Weekly" people in Toronto saying that they had discontinued for the hot weather, returning my reports

This leaves us in an awful predicament as the convention time is so near at hand. Could you not get out an issue right away, just publishing the reports, under cover of the ADVOCATE. If you can't do it it will knock our convention endways. Do your best.

A. H. Adams.

The above communication from the Sec'y of the Dominion Philatelic Association explains the appearance of this, our second edition for July. We must apologize for the poor quality of paper used in this issue but we were out of the paper we use on regular issues.
