British Columbia

**LUMBER, LATH, SHINGLES,
MOULDINGS, Etc.**

Since writing our former "ad" there has been a number of changes around our plant. Our manager is now big enough to wear pants, and everything else has grown in proportion. We have added to our facilities for handling lumber a number of new machines, among them being a planer which will dress a timber 24 in. square.

HENRY BYRNES, Selling Agent, WINNIPEG.

814 STREET, BRANDON

Tenders Awarded.

At the meeting of the Winnipeg city council this week the following tenders were recommended:

Archibald Wright, for supply of cloth caps for fire department; \$11.40 per dozen.

Winnipeg Rubber Co., for supply of rubber boots at \$2.96 per pair; for supply of rubber coats at \$4.25 each, the coats to be supplied with pockets and automatic fasteners, and to be stitched around arms.

The Gutta Percha & Rubber Mfg. Co., for supply of 1,000 feet of 2½ inch Paragon hose at 90¢ per foot, with couplings complete.

Hudson's Bay Co., for supply of mitts at \$4.50 per dozen pair; sample "Alaska" brand.

The tender for hose was referred back to the committee, as it was claimed that the lowest tender had not been accepted.

Leading the Leaders.

There never was a time when competition in manufactured goods was as keen as at the present. The firm that would secure and retain a strong hold on Canadian trade must not only put skill and money into the manufacture of their goods, but they must put conscience and business integrity into them as well. When they do this they quickly become leaders. In no case have these conditions been more fully incorporated into business than in the case of the United Factories, whose Brushes, Brooms and Woodenware stand right in the forefront of the race for recognition on merit by the dealers in high class Canadian manufactured goods.

Crop Estimates.

The Grain Dealers' Association estimates that Manitoba will produce 50,245,000 bushels of wheat, or 24.63 bushels per acre; 86,615,000 bushels of oats, or 50.50 bushels per acre; 12,057,000 bushels of barley, or 36.56 bushels per acre; and 507,436 bushels of flax seed, or 15.59 bushels per acre.

The crop of the Territories, which for commercial purposes goes in with that of Manitoba, is estimated by the same association as follows: Wheat, 14,020,000 bushels, or 24 bushels per acre; oats, 12,890,000 bushels, or 46.71 bushels per acre; barley, 1,000,000 bushels, or 35.50 bushels per acre; flaxseed, 61,257 bushels, or 11.35 bushels per acre.

The grand total for the two divisions, according to this estimate, is as follows:

Wheat—64,265,000 bushels.
Oats—40,514,000 bushels.
Barley—13,108,000 bushels.
Flaxseed—618,000 bushels.
