

ADVERTISEMENTS.

APPLETONS' Popular Science Monthly.

Edited by WILLIAM JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

It keeps its readers fully informed of all that is being done in the broad field of science.

Illustrations, from drawings or photographs, are freely used in all cases in which the text may be thereby elucidated.

Examination of any recent number will more than confirm the foregoing.

\$5.00 per annum; single copy, 50 cents.
