NOW READY. CATHOLICITY AND METHODISM; OR The Relation of John Wesley TO MODERN THOUGHT, BY THE REV. JAMES ROY, M. A., Formerly Principal of the Cobourg Collegiate Institute and Examiner to the University of Toronto, Examiner to Victoria University.

This work will be one of very great interest to all Christian denominations, as it deals with problems that are everywhere agitating thoughtful minds. Though it treats those problems in their bearing on a single denomination, it is conceived in no sectarian spirit, but aims rather at the removal of obstacles to a large and liberal form of Christianity, by distinguishing those principles which are essential to all Christian life from the varied dogmatic forms which, at different times, these principles have assumed. It discusses the relation of the Bible to the human mind, the real and the conventional in orthodoxy, the future of Protestantism, and the relation of Methodism to Christianity and scientific thought.

The book may be ordered through any of the booksellers. Orders from the trade will be supplied by the publishers.
