

WESTERN CANADA

Produces the Most Remarkable Yields of

GRAIN, ROOTS and VEGETABLES

The productiveness of the rich loams and soils that are to be found almost everywhere throughout the Province of Manitoba and the territories of Assiniboia, Saskatchewan and Alberta, are now so well known that it is a subject of great interest throughout all the Western States, as well as in Great Britain and Ireland, and on the Continent.

CUTTING WHEAT IN THE CANADIAN NORTHWEST.

During the past seven years the immigration has been most phenomenal, and the prospects are that during the next few years this immigration will continue in largely increasing numbers. It is confidently assumed that the same degree of success that attended the work of the farmer during the past few years will be repeated in the future.

FREE HOMESTEADS may be had in almost all the land districts. Adjoining land may be purchased from the railway and land companies. Many cases have been recorded where the farmer has paid the entire purchase price of his land out of the first crop.

The matter of climate is one that demands the attention of those seeking a home. The climate of Western Canada is one that is highly spoken of by all who have made it their home, and requires no further comment. Hundreds of letters in the possession of the Department of the Interior give evidence of its healthfulness and its desirability when compared with that of other countries.

Socially, there is everything that is desired. There are to be found there the several fraternal societies, schools, churches and other organizations calculated to be to the upbuilding of a community, and are in evidence wherever there is a settlement.

Markets for the sale of grain and other produce of the farm are at every railway station, while elevators and mills make competition keen. The prices are always high and the railway rates are reasonable.
