W. S. Brown & Co., Agents, 569 Market St., San
Francisco.**Mercantile Summary.**— A review of the report of the Confeder-
ation Life is unavoidably crowded out this
week; also an analysis of the Globe Mutual's
statement in another column.— In the case of W. A. Smith & Co., insol-
vents, a first dividend at the rate of 35 cents on
the dollar has been declared, payable on the
24th inst.— In another page will be found an abstract
for the year 1876 of Fire Insurance business in
Canada, for which, with other advance sheets,
we are indebted to the courtesy of the Insur-
ance superintendent at Ottawa. We defer com-
ment.— "Backscratches" are the latest novelty
in our fancy stores,—just imported from New
York, where the disease of late, especially in
life insurance circles, has attacked the front of
the hand.— A Hamilton undertaker advances the
novel theory that the steady decrease in deaths
which has been for some time noticed through-
out the country is due to the hard times.
There is more force in this than at first appears,
since people are now compelled by stress of
circumstances to indulge in fewer luxuries and
live upon rational diet.
