

The Military Rifle League.

Glancing over the scores appearing below, it will be seen that a number of old timers are already well to the front in the race for individual aggregate honours. We had expected to publish the leading individual scores promptly after each match, but have so far been prevented by what cannot be other than sheer neglect on the part of those whose duty it is to forward the official returns to the Secretary of the League. Twelve days after firing we are, from this cause, again compelled to publish an incomplete list of the individual scores made by the teams competing in the second match, fired on the 31st May. It appears that Staff-Sergt. E. A. Cleveland, of the 54th Battalion, has the best aggregate of the two matches, having 176 points to his credit out of a possible of 210. After a six-point drop come two other well known members of the same corps, Lieut. M. H. Healy and Major L. Thomas, each with 170. Gr. T. Pugh and Gr. W. Pugh, of B Battery, and Sgt. Major Case, of the Halifax Garrison Artillery, have each 170 also. Capt. E. D. Adams, of the H. G. A., and Staff-Sergt. Thomas Mitchell, of the Grenadiers, have each 169 points. It will be seen that the contest is very close for the first few, but the drop is very sharp afterwards, when it is remembered that there are 500 competitors; almost a point per man is lost for the first fifteen places. The head man may thank his lucky stars that he has been able to put such a handicap upon the rest.

The official returns so far received make no changes of importance in the totals as received by telegraph. There are but two corrections: the second team of the 6th Fusiliers made 544, not 540; and the 35th Battalion Barrie team 447, not 444.

Except in the case of the 21st Battalion, whose detailed scores were published last week, wherever in the following list the team totals only are given, it is because the details have not yet been received:—
