SAILING YACHTS.

on Application.

GEORGE RICHARDSON & CO.,

CENTRAL CHAMBERS,

17 SOUTH CASTLE STREET, LIVERPOOL, ENGLAND.

TESTIMONIALS.

From LORD BROUGHAM.

"I think very highly of your Telescope as a powerful instrument, and am quite astonished at the very moderate price you have put upon it."

From D. CRIGHTON, Esq., FORFAR, N. B.

"I have thoroughly tested your £2 2s. Model Steam Engine, with which my boys are highly delighted; the material and workmanship are excellent, and being quite safe, I don't know of a more useful and instructive mechanical gift for young lads."

From the Hon. F. G. WYNNE.

"The Hon. F. G. Wynne is highly pleased with the 17s. 6d. Vertical Engine. It is remarkably cheap, and well worth its price. He gives Mr. Richardson great credit for it."

From F. W. COOK, Esq., SYDNEY, NEW SOUTH WALES.

"I have received my Telescope (Lord Brougham) all safe, by last Panama mail; and I am much pleased, and could hardly believe you could send so good an article for so small a sum. It is all you represent it is; and I have been several times offered £3 for it, but I find it too useful now to part with it."

SAILING YACHTS.

Complete, with sails and rigging.

No.	Length	Beam	Price
No. 1.	14 in. long,	3 1/4 in. wide	0 6 6
" 2.	20 "	4 "	0 13 0
" 3.	18 1/2 "	6 "	0 18 0
" 4.	20 "	4 "	0 13 0
" 5.	20 "	4 "	0 18 0
" 6.	21 "	5 1/2 "	1 1 0

Owing to the very large demand for their Engines, G. R. & Co. have arranged for the more extensive manufacture of their well-known Models, and have further increased their Manufactory by adding a branch for the production of METALLIC MODEL SCREW and PADDLE STEAMERS and SAILING YACHTS. These Models, are, in miniature, the counterparts of the most beautiful specimens of Naval Architecture; and for durability, strength, lightness, elegance, and graceful finish, cannot be surpassed.

STEAM ENGINES.
