SCOTT & WALMSLEY.

TORONTO, April 16, 1878.

AGENTS.

EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES.

HENRY B. HYDE.....President.
R. W. GALE, MONTREAL.....Gen. Manager Dom. of Canada.

Gross Assets 1st January, 1878.....\$33,530,656
Cash Income " " about 9,000,000
Cash Surplus " " 6,200,000

Some idea may be formed of the magnitude of the Equitable Life business, the rapid growth and strong financial position of this Society, from the following statement published by the *Insurance Monitor* from official returns:

Date of Organization.	Year.	Assets.	Surplus.	Paid Death Claims.	Insurance in force.
1859	1860	\$162,000	\$99,250	\$41,958,694	\$160,821,416
	1870	\$13,236,000	\$1,317,000		
	1877	\$33,530,656	\$6,200,000		

From the undivided surplus on the 1st of January last of \$7,200,000, reversionary dividends will be declared available on settlement of next annual premium to participating policies, of which \$3,600,000 belongs to the general class and \$2,600,000 to the Tontine.

Particular attention is called to the TONTINE SAVINGS FUND SYSTEM of insurance as an investment, it being virtually an endowment at ordinary rates of premium. As an example of what may be realized the estimated result is here given of a policy for \$10,000, at the age of 35, on the 20 year class, viz:

Amount of policy payable at death.....\$10,000 00
Costing annually (age 35).....263 80
Total cost in 20 years.....5,276 00
Estimated amount of policy with profits, payable in cash, at the end of 20 years, to insured if he survives (other ages in proportion).....9,531 00
Thus nearly doubling your money in twenty years, and having your life insured meanwhile.

The Society having complied with the new insurance law of increased deposit with the Dominion Government, makes it a "Home Company" in Canada, and possessing the advantage of a large surplus safely invested and of economical management, offers strong inducements to intending insurers. For further particulars apply to the agents. (Active agents wanted in unrepresented districts.)
