THE MAGAZINE

OF

AMERICAN HISTORY

Is carefully read by the great majority of our public men—in the various departments at Washington, and by State and municipal officials everywhere—and, as in no other monthly periodical, the former politics, policy and measures of the Government are intelligently discussed for the benefit of present affairs. The great feature of the October number is the autograph letter of General Grant, in fac-simile, never before published—a letter which was written in 1883 on the death of Alexander Hamilton Stephens, Vice-President of the Confederacy. It was addressed to the Rev. Henry Whitney Cleveland, late Colonel, C.S.A., and the Biographer of Stephens in 1866, who adds his own noteworthy tribute to "General Grant's Military Abilities." This valuable contribution to the Magazine, in connection with the series of papers on

THE CIVIL WAR

FROM ALL POINTS OF VIEW,

now commanding the appreciative attention of the world, is of surpassing interest. Prior to this October issue, the Magazine has published, beginning with the July number, fifteen

WAR STUDIES,

and the intensely interesting subject is treated in such a manner by the scholarly participants and writers as will enable the future student of American history to trace from their original sources many important phases and events of the memorable conflict, affecting the world's future, which are overlooked by every other publication. It has been from the first the purpose of this Magazine to place upon permanent record much more than the mere recital of battle-scenes; and such has been the wisdom of its course in presenting its introductory war articles, that the whole country has turned toward it for the information which has so long remained buried. And this information will be forthcoming in future issues, as in the past three months—since July. The following
