WHAT IS IN MEAT THAT STRENGTHENS? THE ALBUMEN IT CONTAINS.

This substance, beyond all question, is the most important constituent of flesh. Our
nerve tissues are entirely dependent upon albumen for their repair, and our blood in order to
be healthy must contain it in no less than seven per cent. Scientific analysis has clearly
demonstrated that

JOHNSTON'S FLUID BEEF

Contains all the elements, without a single exception, necessary for the formation of FLESH,
MUSCLE and BONE—fifty-five per cent. of organic matter or flesh-forming material, thir-
teen per cent. of mineral salts or phosphates. It must be evident therefore to the intelligent
public that JOHNSTON'S FLUID BEEF has the first claim as a NUTRITIOUS and
STRENGTH-GIVING FOOD for old and young, sick and robust.

GENTLEMEN,—I have no hesitation in recommending ST. LEON SUPERIOR to any other
mineral water known to me (not excepting the celebrated Waukesha, of Wisconsin, and the
Carlsbad, of Germany,) as a remedy for the uric acid diathesis (gout and rheumatism) and
diseases of the kidneys, including diabetes, melitus and Bright's disease, when freely used.

To persons in health it is an excellent regulator and health preservative, as well as an
agreeable beverage.
