At Home with a Kodak

Make the most of the home side of photography. Let your Kodak, by daylight and flashlight, keep for you that intimate home story which to you will always be fascinating. Such pictures can by no means supplant the more formal studio portraits—but *they can delightfully supplement them*, and make your whole collection more interesting to you and to your friends.

“WITH THE KODAK,” our beautifully illustrated and instructive little book, making, free for the asking, at your dealers, or by mail.
