

serving in the ranks who, under other circumstances, might have gone as officers.

The various recruiting units are rivals, but only in a friendly sense. The men in khaki are all brothers. When a young man steps forward to enlist the 207th is glad to receive him. If he prefers to go to another unit we simply send our congratulations along with him.

Why join the 207th? Because it has a young, energetic Commanding Officer, Lt.-Col. Charles W. MacLean, who was brought back from the front especially to organize this Ottawa-Carleton Battalion. Because, again, he has some ten officers and n.c.o.'s who have also been on the firing line. Because, also, the class of men he has secured to date are, as to physique, education and character, without doubt above the average.

Col. MacLean is not only busy with the organization and training of the Battalion, but he also studies closely the comfort and welfare of his men. An athlete himself, he lends every possible encouragement to outdoor sports and games for the physical benefit as well as the pleasure of them. He has provided a professional trainer for the men preparing for athletic contests. There is every facility for swimming in the Ottawa. There is a good library, a piano and frequent concerts in the big Y.M.C.A. recreation tent.

A decided advantage to men whose homes are in Ottawa is the easy access to the city and their ability to get home every evening. For business or family reasons this is often an important consideration.

In the Civil Service there are many men who are not of military age or physically fit for active service. But

EVERY TIME YOU SEE A MAN FOOTING
BILLS YOU CAN SAY:

"There is a Man Wasting Time"

WHOSE FAULT?

The Remington Adding and Subtracting Typewriter—a complete correspondence typewriter—automatically totals bills and statements while it types them.

Not a moment is wasted on footing or proving. This machine saves from 20% to 70% of the time spent on billing.

It is now used by banks, offices and stores, large and small, everywhere.

When the machine is needed for ordinary letter writing your stenographer merely touches a lever. Instantly—automatically—it is made ready for correspondence work.
