

PART 2: Procedures for On-Site Monitoring of Non-Nuclear Explosions

Article 40. For an explosion with a yield exceeding 500 tons TNT equivalent or any group of explosions with an aggregate yield exceeding the same limit, the State Party conducting such an explosion shall notify the Agency not later than 15 days prior to the event. This notification shall include

- the time, location, purpose and yield of the explosion;
- a full description of the event, including a timetable for loading the charge;
- any other relevant information that a State Party wishes to submit.

Article 41. A State Party conducting an explosion with a yield exceeding 100 tons but not exceeding 500 tons TNT equivalent shall provide the Agency with information on such an event not later than seven days after the explosion.

Article 42. Personnel from the Agency shall monitor on-site the preparations for, and the detonation of, any non-nuclear explosion with a yield exceeding 500 tons of TNT equivalent.

Based on the information provided by the State Party conducting the explosion, the Director-General of the Agency shall decide from what date observers shall follow the preparation work. The on-site observation shall include the conduct of the explosion and observation of its result. The detailed rules and procedures are laid down in the Operational Manual for On-Site Monitoring of Non-Nuclear Explosions.
