

There is the further provision that a license shall not issue without the approval of the Lieutenant Governor in Council. That idea is expressed in this language:

And any such license or other authority so issued shall contain a clause providing that the same shall not be exercisable until there is endorsed thereon the approval of the Lieutenant Governor in Council of the province wherein such license or other authority is exercisable and subject to such conditions and regulations as may be imposed by such Lieutenant Governor in Council.

Mr. MONK. The legislation proposed by my hon. friend is certainly in the right direction. I would like to inform my hon. friend that the section of the Conservation Commission which has in charge the question of our water-powers is now preparing a Bill very much on the same lines as that of my hon. friend, and is getting information on the subject from different parts of the Dominion and from men experienced in these matters; and as soon as that Bill is finally adopted by that section of the commission, it is intended, with a very brief delay, to lay it before the House.

Motion agreed to, and Bill read the first time.

QUESTIONS.

NATIONAL BATTLEFIELDS COMMISSION.

Mr. LAKE:

1. What properties have the National Battlefields Commission bought in Quebec for the purpose of making the park and driveway, from whom were the properties purchased, and what was the price given in each case?

2. Is it the intention of the commissioners to widen Gilmour Hill, the Belvédère road and parts of St. Louis and Ste. Foy roads? If so, when is the work to commence?

3. How much money have the commissioners on hand, and what has been the cause of the delay in beginning the works?

Hon. W. S. FIELDING. I beg to submit the reply to the hon. gentleman's question, supplied by the chairman of the Battlefields Commission:

1. The following properties have been bought by the commission: (a) a lot of land situated on the north side of Ste.
