

the ceiling of the shell crashing thru the glass roof of the billiard room of the headquarters of the National Reserve. A fourth missile fell near the Stinky Depot.

The concussion resulting from the exploding bombs broke the windows in a number of shops and houses.

It was dark at the time of the attack, and it was impossible therefore to see the aircraft. The noise of its engine, however, could plainly be heard. It was evident that the machine carried a searchlight, as flashes of light occasionally could be seen coming from it.

The visit of the aircraft lasted ten minutes.

TOWN PLUNGED IN DARKNESS. Great excitement prevailed in the town, and special constables, the police and the military were called out to calm the people, who streamed out of their homes when the explosions took place.

The whirring of the propellers of the aircraft first attracted attention to it. Shortly came the explosions and the sound of breaking glass. The first bomb dropped near the recruiting station and the others near the drill hall.

After the attack the aircraft sailed in a southwesterly direction. One man was found outside his home on St. Peter's Plain. His head had been crushed. He was identified as Samuel Smith, a shoemaker. A woman, who has not yet been identified, was found dead, while a soldier was discovered in Norfolk Square with a wound in his chest.

MORE CASUALTIES ARE FEARED. So far as can be ascertained thus far these are the only casualties in Yarmouth, but owing to the complete darkness that prevails as a result of the cutting off of the electric light service this statement cannot be accepted as definite.

The greatest damage done by any of the bombs resulted from one that fell in St. Peter's Plain, near St. Peter's Church, which damaged a whole row of houses, breaking all the windows in them and hitting the street with debris, consisting of slate from the roofs and bricks.

The correspondent of the Central News at Yarmouth says it is reported there that four persons were killed by the bombs dropped by the German aviator in Yarmouth.

GERMAN AIR FLEET ACTIVE. Great excitement prevailed in the town, and special constables, the police and the military were called out to calm the people, who streamed out of their homes when the explosions took place.

COPINHAGEN, Jan. 30.—Increased activity is noticeable among the German air fleet in the North Sea. A Zeppelin of large type was observed today approaching North Slesvig, a few miles south of the Danish frontier.

It flew at a great altitude, parallel to the coast, and disappeared to the southeast. An aeroplane, supposed to be a German, passed over Jutland this morning traveling westward to the sea.

COURSE COMPLETED AT INDOOR RANGES. Infantry of Two Battalions Now Ready for Bigger Work.

COL DENISON AT CAMP. Commander of Fourth Infantry Brigade Confers With Col. Logie.

That the 22nd Infantry of the 19th and 20th Battalions in camp at Exhibition Park have now completed their course of training at the indoor ranges is announced by the adjutant general.

On the 29th the men were trained in rifle marksmanship, and in the use of the gas mask. Instruction in group, deliberation and rapid-firing will now be given at the 12 outdoor targets situated in the vicinity of the ranges.

At the 12th Infantry camp at Exhibition Park, the 22nd Infantry of the 19th and 20th Battalions in camp at Exhibition Park have now completed their course of training at the indoor ranges.

RELIEF CENSUS FIRST NECESSITY

List Unemployed and Sift Out Those Who Do Not Want Work.

The All-British Club, recently organized by the Rev. J. J. O'Connell, held a big meeting last night in the church hall, the speaker of the evening being John A. T. Ryan, of the Social Service Commission.

The first thing that should be done, he thought, was to ascertain quickly the total number of unemployed in the city. This could be accomplished in a short time by the Social Service Commission, the National Unemployed Workers' Association, the police department and charitable organizations, all combining in one united effort.

That a Dominion election is imminent is the opinion of the speaker at a meeting of the newly organized Borden Liberal-Conservative Association, held last night in Classic Hall, Gerrard street.

Controller Foster deplores export of Canadian nickel ore.

CANDIDATE IN E. YORK Claims That City Should Get Federal Grant for Unemployed.

That a Dominion election is imminent is the opinion of the speaker at a meeting of the newly organized Borden Liberal-Conservative Association, held last night in Classic Hall, Gerrard street.

Controller Foster deplores export of Canadian nickel ore.

GOVERNMENT SHOULD OWN MINERAL BELT

Controller Foster Deplores Export of Canadian Nickel Ore.

Discussing federal issues, Mr. Foster stated that the Dominion Government should control more of the public undertakings of the country and check the large corporations. In this connection he advocated the extension of the Intercolonial Railway to the Georgian Bay.

Controller Foster as candidate in the new riding of East York, was the first to voice the opinion and urged the members to organize the district thereby.

The Crime of Using Sudbury Note Paper!

If the Sudbury Board of Trade and town council are so foolish when the International Nickel interests are concerned what about some of the powers higher up?

How far-reaching is the influence of this American corporation and its representatives in Canada? If the president of the Sudbury Board of Trade were to consult a British Board of Trade, or the board, directed by the International Nickel Co., that can have such a thing as done the proper person or authority to delegate Canada's duty to control the destiny of her nickel exports?

Had Sir Robert Borden, in there any justification for Canada delegating her international nickel duty to a foreign corporation, and one with the reputation of the International Nickel Co. that can have such a thing as done the proper person or authority to delegate Canada's duty to control the destiny of her nickel exports?
