JESUITS WON'T MAKE GOOD CITIZENS

"We Can Never Make Canadians of Them," Says the Rev. C. O. Johnson in the Last of His Sensational Sermons— "Their Aim Is Subjugation of the World."

"We can never make Canadians of Jesuits," declared Rev. C. O. Johnson at West Queen-street Methodist Church last night before a congregation which packed the edifice, and frequently applauded the utterances of the preacher.

"Jesuits in Politics" was the topic. Introducing the subject Rev. Mr. Johnson referred to the atrocities charged against them by historians. These atrocities were perpetrated for the sole purpose of subjugating the will of the people, whose persons were under the sway of the Jesuit order.

The purpose of Jesuitism had not changed. Its aim was the subjugation of the world to itself under the guise of religion.

"A Jesuit cannot be loyal to any nation. He cannot be a Canadian or an American. He can only be a Jesuit. He can only be loyal to the dictates of the black Pope."

"Does Bourassa think that he can establish nationalism by the aid of the Jesuits?" It so Bourassa will not be the only man who has been similarly deceived.

"Whatever Bourassa may enact it will be impossible for him to create."

TO PURCHASE ELEVATORS

Expected That Government Will Provide Appropriation—Tariff Bill Has Smooth Sailing.

OTTAWA, Feb. 11.—(Special).—Two bills, which are at present before the house, will likely get their third reading this week. They are the grain act, and the bill to establish the tariff commission.

Before the grain bill finally passes the house it is expected that Hon. Geo. E. Foster will make an important announcement outlining the policy of the government in regard to terminal elevators at the head of the lakes.

It is understood that there will be an appropriation in the supplementary estimates for the purchase of government-owned elevators. Just how far the government will go is not known as yet.

The third reading of the tariff bill is not expected to be marked by a long debate or a division. The overwhelming majority of the government on the second reading has not encouraged the opposition to continue the fight against the bill.

Must Repeal Navy Bill, Say Quebec Members in Chorus

Le Nationaliste Publishes Replies to Its Query in Which Sir Rodolphe Forget and Numerous Others Show Sympathy With Bourassa's Stand.

MONTREAL, Feb. 11.—(Special).—Mr. Henri Bourassa and his friends appear to be determined upon the repeal of the naval bill Le Nationaliste to-day contains a number of interviews on the subject. Sir Rodolphe Forget, M. P., says: "In reply to your telegram, I may say that I am in favor of the repeal of the naval law."

Mr. Hon. A. A. Robitaille, M. P., for the province of Quebec, says: "I am in favor of the repeal of the naval law. I have not changed my opinion. I say that the law should be repealed."

Mr. J. O. Lavallée, M. P., for Bellechasse: "My opinion as to the repeal of the law has never changed, and I will be in favor of any measure in this sense, provided it may be presented in a proper way and not in the hurried manner as proposed in certain quarters. The shelving of the Laurier project and the attitude of the government on the question is satisfactory to me."

Mr. Paul Emile Lamarche, M. P., for Nicolet: "Logic and sincerity are still the best policies to act upon. The consequences of the 21st of September have not caused me to change my opinion so often expressed. The law should be repealed and I hope the executive it-

WILL DISCUSS GOOD ROADS

Senate Reading Room—rent Associations, 28 and 27.

Delegates from the different Good Roads Associations of the province will meet at a convention in the York County municipal building, Adelaide-st., on Feb. 26 and 27. The purpose of the convention is to formulate a definite plan for a federal and provincial good roads system. Among the speakers will be Hon. Paul D. Sargeant, assistant director of government roads for Washington, D.C.; Dr. Reame, provincial minister of public works, and Andrew Broder, M.P.

ODD MAN WINS COST HIM \$24

Matching Quarters in Zero Weather Was a Poor Sort of Amusement for Joseph Sanders.

Matching quarters in zero weather in a doorway near King and York streets on Saturday night was the interesting little game played by a trio of enthusiasts when Detective Guthrie and Murray spotted them. Like a flash the game broke up, and one man ran. He was footloose, but Detective Guthrie was stronger in the Marathonic stunt, and grabbed the man after a few hundred yards had been covered. He was Joseph Cronin of Albany, N.Y. Meanwhile Detective Murray had collared Joseph Brady of Montreal, and Joseph A. Sanders of Dundalk. The latter felt his pockets, and found nothing answering the feel, and decided that he was shy \$24. So Cronin and Brady were arrested and charged with the theft of the money. Sanders claimed they had some sort of an ingenious system, and played "odd man win" to perfection. Sanders, a middle-aged man, just lately came to the city.

Pope Stronger in Canada Than Italy

Wouldn't Dare Declare Civil Marriage Illegal There, Says Baptist Minister.

MONTREAL, Feb. 11.—(Can. Press).—Addressing his congregation of French-Canadians last night at the Oratory on Manoe Street, Rev. Dr. Thierrien, president of the Baptist Association, said that Canada was worse off than Italy in the clash between civil and religious authority. For in Italy, he said, the home of the Roman Catholic, neither the Pope nor any of his cardinals dared to declare a marriage illegal which had been celebrated before the civil authorities.

It was high time, he declared, that such a scandalous condition in the marriage laws of Canada was remedied, and it should be impossible for any one church to claim authority over the validity of a marriage performed by another church under authorization and with the consent of the governor-general.

FRANCE VICTIM OF GERMAN BULLYING

Bitter Denunciation Heard in the French Senate Concerning Alleged Surrender in Morocco, But Treaty Is Ratified—Under German Domination Since 1870.

PARIS, Feb. 10.—The senate this afternoon voted for the ratification of the Franco-German treaty in regard to Morocco. The vote was 222 to 48, which showed that about thirty members abstained from voting.

"The ratification of the accord, with the concurrence of the chamber of deputies, was signalled by a dramatic speech by ex-Premier Clemenceau, in which he characterized the treaty as a "diplomatic monster." He attacked the concessions made to Germany, saying that the negotiations should not have been taken up under the threat of the Panther's guns. He doubted if the accord would be an instrument of peace, as he saw no indications of good will and moderation on the part of Germany, which five times since 1870 had menaced France with war without provocation.

Shouldn't Be Vassals.

M. Clemenceau closed the debate with a characteristic criticism of the treaty, which he declared could not possibly be defended. France had her finger on the trigger and should have said "No" to the negotiations conducted "under the guns of Asadir." The attitude of the nation in the recent crisis, however, was an excellent omen for the future and he added: "All people have a right to their share of life and that is what Germany has denied France since 1870." He repudiated any idea of rapprochement with Germany and said that the defeat of 1870 ought not to involve a state of vassalage.

Premier Poincaré said that while the treaty was not perfect, it was necessary to ratify it as a matter of policy and in the interest of the triple entente.

COAL IS SCARCE AND SO IS WORK

City Relief Officer Has Been Kept Busy Helping People Who Cannot Pay High Prices.

The recent cold snap had a disastrous effect on the coal bins, and while this brought joy to the hearts of the dealers it also brought a great deal of distress to many homes who had not the means with which to replenish the supply. City Relief Officer Coyell stated last night that the number of applications for free fuel was greater than at any time since he had been connected with the department. All these applications are investigated, and many cases of genuine distress have been revealed.

Samuel Arnold, secretary of the Associated Charities, attributes the present conditions to the large number who are unemployed. There are at least 800 men out of work, he said, and hence under such conditions destitution is inevitable.

Canon Dixon, who is keenly interested in the welfare of the poor classes, said yesterday that there was much destitution in his parish that he had ever known before.

With warm weather there will be more work and more work will mean more coal and less distress.

SEVEN DROWNED IN DAM BURST

Flood of Water Swept Thru Valley at Union Bay, B. C., Creating Havoc.

VANCOUVER, Feb. 11.—(Can. Press).—The bursting of a dam at a small lake near Union Bay Saturday afternoon let loose an immense flood of water, which coursed down the valley, destroying forty-five dwellings with a property loss variously estimated at between \$20,000 and \$30,000. Seven persons, all of whom are believed to be Chinese, are missing.

The accident occurred about 5.30 p.m., when, thru the heavy rains, the dam used by the Canadian Collieries and owned by Mackenzie & Mann, in generating power for their plant at Union Bay, collapsed. The residents of the district, known as Chinatown, had but five minutes warning before the huge body of water swept down the valley. Many fled to the surrounding highlands, while others sought refuge on the tops of their houses. When the flood reached the settlements its depth was estimated at fifteen feet.

A SCARBORO FARM NOW.

The west 50 acres of the McMillin farm in Scarborough, just east of the townline and south of St. Clair avenue, and adjoining the Maney farms, has been sold to F. B. Traumer for \$750 an acre, or \$37,500. The deal was put thru by S. J. Murphy & Co.

Written for Rose Stahl.

The comedy "Maggie Pepper," which delighted large audiences here last season and which will open a week's engagement at the Princess, was written especially for Rose Stahl by the noted author Charles Klein. It is a case of a clever actress in a great play.

G.P.R. MAY APPEAL

The World was told last night that the Canadian Pacific Railway was disposed to appeal to the highest court the decision of the railway board, ordering York-street to remain open at the proposed new station. There may be something in this report. One man, who professed to be posted, said he believed the Canadian Pacific never had any intention of being a party to the new Union Station or the Esplanade widened, but that it was their intention to go to the north portion of the city with all their station facilities, and to put up a big station of their own.

GOLD WEATHER IS ABOUT OVER

Warm Wave Is Traveling Eastward Slowly and Should Strike Toronto This Week.

The cold wave of the past few days has evidently spent itself, and the citizens of Toronto may now look forward to a little milder weather, although there is no immediate prospect of a thaw. Householders must keep burning the precious coal at home for some time yet. Advice from the west state that it is getting a great deal milder and that the wave is traveling slowly eastward, which is a relief. The thermometer yesterday showed 6 below in the morning, but rose off to 8 above for the rest of the day. Even the ice dealers, who prayed for cold weather some time ago, seem to be satisfied with the brand handed out in the past few days, and are not averse to a thaw.

TWO COUNTY ORANGE LODGES FOR EAST AND WEST TORONTO

Yonge St. Will Be the Dividing Line and New Hall at College and Euclid Will Be Headquarters for Western District.

There is a move to divide the Orange County of Toronto into two counties, according to rumor. It is proposed to divide the present county into east and west Toronto, with Yonge-street as the boundary line.

There has been a feeling for some time that the present county is too big, and therefore hard to administer. For purposes of the association the City of Toronto is a county and for a long time it has been the largest in Canada. It consists of nearly 20 primary lodges, besides having three or four district lodges.

The World is informed that the proposal may take definite shape with the completion of the new Orange hall at the corner of Euclid-avenue and College-street. According to those who favor the proposal of two counties this building could be used as the West Toronto County Hall, and Victoria Hall, the present county headquarters, as the East Toronto County Hall.

PEACH CROP RUINED?

LEAMINGTON, Feb. 11.—Peach growers in this district declare that the crop will be almost a complete failure because of the cold weather on Saturday morning, when the thermometer registered 19 below.

DANCE HALL PATRONS, HOTEL GUESTS AND TENEMENT DWELLERS FLED FROM BLAZE WHICH DID \$300,000 DAMAGE NEAR BOWERY—DRIVEN FORTH IN ZERO WEATHER.

NEW YORK, Feb. 10.—(Can. Press).—A fire so serious that all of the fire fighting apparatus in the city was summoned to combat it broke out late to-night in one of the most congested sections of New York, near the Bowery, throwing thousands of tenants, hotel guests, theatregoers and others in a panic. In place of the great casualty list which the police feared, the reports from the scene were startling from the fact that not a single serious injury was reported. The wonder of it was that nearly 5000 persons were driven from crowded buildings at a late night hour, some in panic, in the streets, where they shivered in cold near zero. The total damage was about \$300,000.

The rout which the fire caused was summed up as follows:

Three hundred tenants of the tenement building near the corner of Chris-

LABOR AIMS NOW TO DOMINATE BRITAIN

Tremendous Strides Made in Legislation to Better Conditions of Workers Regarded as Only Half a Loaf—Objection to Woman's Suffrage Complicates Situation.

LONDON, Feb. 10.—(Can. Press).—Since the Liberal party returned to power in 1906, and particularly since it has depended for its political life on the support of the Labor and Nationalist parties, more legislation of the kind advocated by trades unions has been enacted than in any similar period in the history of the country. Still, labor, or at least the independent labor party, which is largely dominated by the socialists, is not satisfied and has arranged a program which, as last year's president of the party, Ben Turner, admitted, contains expectations much greater than the possibilities.

Mr. Turner said that the party had not done all that it should have done, the fault lying in the fact that it lacked numerical strength. Its business now is, he added, to make it the dominating, controlling, guiding and ruling party of the state.

Much Labor Legislation.

In the last few years the Laborites have been enacted into laws of the parliament the Trades Disputes Act, which permits peaceful picketing during strikes; an act to provide for the feeding of school children; the Compensation of Workmen Act, which provides for the payment of compensation to workmen injured on the job.

ANTI-HOME RULE MEETING.

Secretary W. Lee announced yesterday that Wednesday, Feb. 25, had been selected for the O.C.C.L. demonstration at Massey Hall to express sympathy with the Ulster loyalists in their opposition to the home rule bill.

Mayor Geary will be chairman. Platform invitations will be issued to all the Protestant ministers in Toronto.

The various Protestant benevolent societies will be invited to send representatives.

FEAR NIAGARA ICE JAM.

NIAGARA FALLS, Ont., Feb. 11.—(Special).—Fears that an ice jam similar to that of three years ago will form in the lower river, are expressed by river men. The thermometer hovering below zero increases the danger, as reports from down the river points tonight say the ice is moving slowly and the river is almost choked at the mouth. It was 16 below zero at midnight Saturday.

SEXTON DIED IN CHURCH.

LONDON, Feb. 10.—Edward Elliott, sexton of St. John the Evangelist Church, was found dead in the basement of the church about 10 o'clock tonight, where he had gone to attend the heating apparatus. Acute indigestion was the cause.

FIRE IMPERILS 5000 PEOPLE BUT ALL GET AWAY SCATHELESS

Four hundred women in the Salvation Army Hotel for Women, at 24 Bowery, which was seriously threatened when the dance hall behind it burned down.

Four hundred men in Lahr's Hotel, near the Salvation Army place.

A thousand spectators of a play in the Lipin Theatre, where the third act of "Love and Riches" was being played in Yiddish.

Fifteen hundred tenants of buildings in the vicinity which were not seriously threatened, but whose occupants were mainly foreigners, and they became so frightened that they fled to their homes.

CIGAR STORE ENTERED

Burglars Broke Window in Alive Ballard's and Stole Watch.

Removing the plate glass of the rear door thieves effected an entrance into Alive Ballard's cigar store, Yonge-street, early Saturday morning. Seemingly they were disturbed in their game, for they only got away with a gold watch, belonging to one of the clerks, and a small quantity of tobacco. About 3 o'clock Constable Mead came upon the scene and discovered that the store had been entered. A posse of officers were immediately sent on a scurrying expedition, but as yet no arrests have been made.

OPEN PARKDALE BAPTIST CHURCH

New Building Was Crowded On Three Occasions, When Special Services Were Held.

Parkdale Baptists opened their new church at the corner of Queen and Callender-streets yesterday with appropriate services and immense audiences. The building is a magnificent one through and is a credit to the district. Large sliding doors separate the church from the Sunday school. The doors, when raised, disclose a large Sunday school room, which can be utilized as an annex to the church when needed. Rev. T. E. Grigg, the pastor, preached at both services yesterday. A large orchestra supplied the music, as the new organ has not been installed as yet. The afternoon services were conducted by Rev. W. A. Cameron, former pastor of the church, and in the evening the pastor preached to an audience that completely filled the edifice, the new Sunday school wing having to be utilized to accommodate the large crowd. W. H. Norris was soloist both morning and evening, while Mr. Quarrington sang in the afternoon.

LABOR TEMPLE OFFICERS

Receipts at Building Last Year Were More Than Ten Thousand Dollars.

The Labor Temple Co., who control the Temple on Church-street, held their annual meeting and election of officers Saturday evening. Dave Carey occupied the chair, and a very successful year was reported. The total receipts were \$10,290.97; expenditures \$804.16, showing a balance of \$224.81, and a cash surplus in the bank of \$326.16. Total assets, \$48,921.81, and a surplus above liabilities of \$22,113.72. Another very successful year is looked forward to by the organization.

After the meeting the following directors were elected for the ensuing year: James Simpson, David Carey, W. Storey, G. Gibbons, L. H. Gibbins, J. Spenser, G. McFadden, Jas. Watt, Jas. Ralph, W. Ayers, A. Thompson, Thos. Walsh, Thos. Doolin, A. C. Sanders, W. Glocking.

STOLE JEWELRY WORTH \$5000

Two Men Smashed Window in New York Store and Snatched Tray of Diamonds.

NEW YORK, Feb. 11.—(Special).—Two seedy-looking men who entered the jewelry store of Max Machlis, No. 16 Clinton-street, at 8.30 last night, ostensibly to purchase an alarm clock, smashed the plate glass window in the front with a hammer as they were leaving the place, set off \$5000 worth of diamonds and jewelry which were on exhibition there and escaped in spite of the fact that a score of persons pursued them a distance of ten blocks.

Machlis and his wife were standing to customers when the two men entered. Machlis was in the rear behind a counter and his wife was close to the door. There were about ten customers in the place.

THE BIG EYES CLUB.

J. P. Mabey, chairman of the Railway Commission, gave judgment on Saturday based on Toronto being a city of a million.

When is the city hall, the mayor and the council to get in that class?

When are our newspapers to get in that class? Come on, boys and join the Big-Eyes Club.

HOTELMEN WANT FLAT RATE FOR ONTARIO

Five Per Cent. Tax on Receipts Over \$60 a Day Is Regarded as Unfair by Local Liquor Dealers, Because City Taxes and Licenses Are Very High.

The Toronto Hotelkeepers' Association are on the warpath. Before the present session of the legislature is at an end the executive of the association will make a suggestion to Provincial Secretary Hanna, asking for the removal of the five per cent. tax on bar receipts over \$60. As an alternative, the Toronto hotelkeepers suggest the establishment of a general flat rate on gross receipts for the whole province. The abnormally large high taxes that the Toronto hotelkeepers have to pay coupled with the fact that their annual license amounts to \$1,600, appears to be a big enough handicap without the five per cent. tax, they say.

The license for hotels outside the city limits, say at the Humber, is not much more than \$120 per annum, and yet it is alleged that these hotelkeepers often take in as much as some of the Toronto bars with heavy expenses to meet. By the proposed new arrangement the Toronto men would not be compelled to bear the burden of contributing nearly all the tax on bar receipts for the province.

For nearly a year the local hotelkeepers have been furnishing the government with a sworn statement of their receipts, so that it would be quite easy for the provincial license department, with all the data they have at hand, to strike a graded flat rate for the entire province.

STOLE JEWELRY WORTH \$5000

Two Men Smashed Window in New York Store and Snatched Tray of Diamonds.

STOLE JEWELRY WORTH \$5000

Two Men Smashed Window in New York Store and Snatched Tray of Diamonds.
