OLD-FASHIONED WORK.

The vogue of lace collars is responsi-ble for a revival of two kinds of needle-work popular when our grandmothers were young-punch work and tatting. Deep linen collars or fichus, with more or less elaborate designs in the punch work and eyelet embroidery. are finished with an edging of the tatting. This work is most efective and aunders admirably.

OSTRICH FEATHER CONCEITS. Ostrich feather fancies have been

seen on smart hats this spring and summer: now pompons made of ostrich either in colors or in black and white, are the latest ornaments for slippers.

TAILORED WAISTS.

Tailored waists are being worn great deal this season. White linen is always popular, striped cheviot, mercerized or not, striped madras, and stik of different kinds are shown in a va-

locks cooler and fresher than ever. Made of sheer unstarched muslin with a few tucks at the shoulders, long, small sleeves, a narrow turnover cuff wi.h white crochet link buttons, and wide turnover collar of Irish lace, it carries out an idea of coolness that no other garment does.

THE COATEE.

The little coatee made with a peptum that extends over the hips is one of the prettiest and smartest garments of the season. It is utilized for taffeta and messaline, to be worn over lingerie and other gowns, and it is liked for the entire costume of one material. To whatever use it is put, it is smart and

PEARL HUNTING WITH X-RAYS.

The application of X-rays to pearl ysters is now an assured fact, remarks. a writer in Harper's Weekly. Millions of oysters have been sacrificed annually in the search for pearls and the beds have been improved, while the d-caying of the oysters has proved a In 1901 a professor of biology of the University of Lyons presented the LinAnother Big Fall in
