YIELD TO GERMANS NOTHING MATERIAL

Paris, May 25.—The indications thus far are that the allied and associated powers are not yielding any material points in the treaty handed in the Germans to secure the signing of the document, although considerable changes in details are being made.

This policy of the conferees is noticeable as regards the clauses of the peace treaty dealing with the Saar Valley, which have been one of the main subjects of contention in notes between the German representatives and the allies which have not yet been made public.

The allied reply points out that the control which is characterized as odious is not that of the French but of the League of Nations, which is to administer the Saar region for 15 years, until a plebiscite is taken.

BIG COUNTRY ESTATES GO UNDER THE HAMMER

London, May 25.—A number of the big country estates with which England abounds are going under the auctioneer's hammer, judging from the advertising pages of real estate journals.

One advertisement of a country house for sale says the house contains fifty bedrooms. Old timers are sadly asking whether the "fifty bedroom" scale of entertaining ever will be seen again.

BIG STRIKE OF SEAMEN DECLARED IN BRISBANE

Melbourne, Australia, May 25.—A seamen's strike affecting the Australian coastal trade and the commercial shipping line has been declared in Brisbane, and there are indications that it will spread to Sydney and Melbourne.

Although the coastal seamen are working under an award of an arbitration court they no longer wish to abide by the terms of the award. The shipping companies, affected by the strike refused to negotiate with the strikers on the ground that if they are dissatisfied with the award they will submit the matter to the arbitrator.

Acting Prime Minister Watt has refused to intervene.
