

MANITOBA HOCKEY LEAGUE
KENORA ARE FAVORITES

For Championship, With Brandon
Next—Gossip of Various
Clubs and Players.

Altho the opening game in the Manitoba Hockey League is exactly three weeks distant and some of the clubs have little more than got down to practice, speculation is already rife as to the probable standing of the different clubs in the league, says a C.P.R. despatch.

The Kenora Thistles, challengers for the Stanley Cup, are of course destined to win. When it comes to a question of making championship, but it is anticipated that even the strongest admirers that they will have no easy task in retaining the western trophy during the coming season.

Up in Brandon, enthusiasts can see nothing but the worst in the club which they are watching. With practically no practice, it is anticipated that they will have some consolation for their loss, but the Thistles are hardly considered them as championship possibilities.

Portage la Prairie stands to make the best showing in senior hockey it has yet accomplished and it is anticipated that they will stand a good chance of beating.

The Strathconas are not altogether satisfied with their line up and it is possible that some amendments may be made in the season which will cause surprise. Herby Holden has taken charge of the practice and under his tutelage the team is expected to test devotely into a hard combination to beat.

The Thistles and Strathconas will open the season at the arena on the 19th and this game will be watched with interest as giving a line on the new club and also affording an opportunity for the fans to see up the changes in the Thistles against the Montreal Wanderers.

Winklers are expected to play the same team against the Strathconas here as they line up against the Stanley Cup holders.

Toronto Manufacturers Hockey League held a meeting at the office of James Brock at West Adelaide, last evening, the 4th. The following teams have entered the league this season: G. Lawrence Co., W. Lewis Bros. & Hutter, Jones Bros. Co., Miller and Myers, etc. The next meeting will be on Monday, Dec. 11, at the office of the league, at the address of the officers will be made.

Trinity University has formally entered its hockey team in the O.H.A. It is with them will be grouped and a new league will be organized. Trinity University will also be in the O.H.A. and in all probability St. Andrew's College, the last named has not as yet made any statement.

The Deer Park Hockey Club met last night and decided to place their team in the ice, one in the Northern League, one in the Ontario Hockey Association and one in the city league.

North Bay has a new \$10,000 rink with all modern conveniences. Secretary Moller, entering his team in the O.H.A., says: "North Bay is a refreshing remark which I find to be of great value to the O.H.A. can return to the O.H.A. and North Bay has been playing a straight game. The officers are: S. A. Huntington, president; A. G. Davis, vice-president; F. Gough, treasurer; W. S. Metcalfe, secretary."

At a well-attended meeting of the executive of the Ontario Athletic Association, held in the Y.M.C.A. hall last night, it was decided that hockey clubs playing in the home market should be given practice hours of 10 to 11 p.m. Clubs wishing practice hours will be given practice hours as soon as possible. Charles Robinson, secretary-treasurer, East Toronto.

The executive also decided that in matches played on their ice, 50 per cent. of the receipts will be given to the two clubs and in the event of two being played in one night 50 per cent.

According to the C. A. P. cable they are playing hockey on the artificial ice in London. Yesterday the Princess Rink was the Oxford Canada, 3 goals to 2.

The Northern Hockey League meets tonight at Mr. Mather's home, 590 Yonge street, when the different teams will be present and the schedule drawn. All clubs desirous of entering the league are invited. Already ten teams have delegates in the two St. Paul's Churches, Westmount and Deer Park, Toronto, and the Ketchum's.

Marty Walsh of Kingston leaves to-day for the Canadian Red Cross, where he will play professional hockey this year.

At a meeting of the hockey club executive, Mr. Charles Colombo, one of last year's intermediates, was elected manager of this year's intermediate team. Charlie is an enthusiastic hockey player and should make a success of the team. In the intermediate team it is to be seen that there are too many intermediates available this year, but many of the old good ones and a number of new ones are to be found. Success to the intermediates!

Charles Currier, Harry Murton and Olive White of the Tecumseh Lacrosse Club will tour out with the Toronto Hockey Club, the local professional organization. Currier used to be a good hockey player, but that was a long time ago. Murton comes from Perth, and Davidson from Bradford. The latter is said to be a good player.

Orangeville asks to be grouped with Toronto clubs, and the local public also breathe a prayer to that effect. They miss the real "macrosse" article last winter.

The O. H. A. executive meet tomorrow night. To arrange the grouping of the districts.

AD HOCKEY
Representatives from the Toronto Hockey Club, Toronto Caledonia Club, Parkdale Argonaut Rowing Club, etc. met at the Toronto Club last night and decided to form an aquatic hockey league.

The following officers were elected: President, J. M. Lamb, T.R.C.; vice-president, C. J. Lamb, T.R.C.; secretary, G. G. Gore, T.R.C.; treasurer, W. Addison, P.C.C. The executive will consist of a representative from each club.

The league adjourned to meet again Monday night at the Toronto Rowing Club.

G. H. ROOF AND O. WALLACE
Champion Bowler and Bateman of
Toronto Cricket League.

Secretary W. H. Garrett has compiled the complete averages of the clubs and players in the Toronto Cricket League, St. Albans won the championship with the best club batting average. G. H. Roof of St. Albans is champion bowler, and O. Wallace, Toronto, champion batsman. Following are the figures:

Victory of Labor Candidates Not Surprising Says Mr. Whitney.

Premier Whitney made the following statement yesterday after a night's sleep on the result of the East Hamilton election:

"Of course I regret the defeat of Mr. J. J. Scott in East Hamilton. Mr. Scott is a man of more than ordinary capacity and would have made a splendid representative for Hamilton. So far as one can see, the success of Mr. Studholme is the result of unusual circumstances."

"It will be noticed that while the total vote polled in the election of 1905 was a fraction less than 6000, the total vote polled in the present election was 8300. The occurrence of the strike and the troubles arising out of it undoubtedly had a marked effect on the situation, and considering that quite a majority of voters in the constituency are labor men, and that the Liberals abandoned the field, the result in favor of the labor candidate is nothing surprising. However, it must not be forgotten that this is not the first time that a labor man has been elected in Hamilton."

"The activity displayed by an official of the Dominion Department of Labor was one of the notable features of the contest. The matter of Hamilton to get Technical School. Hon. Dr. Pyne, in connection with the belief that the removal of the Normal College from Hamilton had militated against the success of J. J. Scott, said he did not think it had much to do with the result."

In view of the fact that the government has proposed to have established a new school of pedagogy for the training of school teachers, said Dr. Pyne, it would be useful to continue the college in Hamilton. It is hardly to be expected that teachers would elect to go thru their training there when they could obtain it so much better and under superior conditions in Toronto. The college would be half empty."

Recently the project of establishing also in Hamilton, which has admirable facilities for a large industrial centre, a new technical school, has been under consideration, and I believe the government is ready to assist in this undertaking. The matter was not before mentioned, as the premier declined to have it discussed during the pending session, and the department took the place of securing support."

Mr. W. Ross thinks it is well for labor to be represented in the legislature.

ROSS FOR SENATE.
Ottawa, Dec. 5.—(Special.)—The Free Press this evening says: "Hon. George W. Ross has the offer of one of the seats in the Senate, and he has accepted it. It is said, that the place in the cabinet, and remove to the arena of federal politics, where his services are needed. Mr. Ross's resignation has not yet been made, but this will be announced as soon as Mr. Ross has signified his acceptance of the professorial honor."

TAKE OVER C.P.R. BRANCH.
London, Dec. 5.—(Special.)—The Canadian Northern Railway will take over and operate the Prince Albert branch of the Canadian Pacific Railway on or about Dec. 15. Arrangements are now in progress between officials of the two systems with this end in view.

ALARMED.
Ottawa, Dec. 5.—(Special.)—The government has taken alarm at the threatened candidacy of Dr. Legris, and it is said that the by-election in Nicolet is postponed indefinitely.

FEEL UNDFR TRAIN WHEELS.
Jeanette's Creek, Ont., Dec. 5.—(Special.)—A Norwegian, name unknown, apparently on his way from Norway to Germany, fell from a train platform here to-day. Both legs were cut off, and he died soon afterwards.

COULTER JAMIESON.
A very pretty wedding was celebrated on Wednesday evening at Cook's Church, Rev. Mr. Baier officiating. The contracting parties were Mr. James Coulter and Miss Barbara Jamieson, daughter of Mr. David Jamieson of 69 Ontario-street. The bride was Miss Mima Jamieson, while Mr. Frederick Coulter, wearing a pearl necklace, was the bridegroom. The bride also a gift of the bridegroom. The flower-girl looked bewitching in white silk, trimmed with beehive ribbon. The happy couple left on an extended trip thru Eastern Canada.

UNUSUAL CIRCUMSTANCES
EXPLANATION OF PREMIER

Victory of Labor Candidates Not Surprising Says Mr. Whitney.

Premier Whitney made the following statement yesterday after a night's sleep on the result of the East Hamilton election:

"Of course I regret the defeat of Mr. J. J. Scott in East Hamilton. Mr. Scott is a man of more than ordinary capacity and would have made a splendid representative for Hamilton. So far as one can see, the success of Mr. Studholme is the result of unusual circumstances."

"It will be noticed that while the total vote polled in the election of 1905 was a fraction less than 6000, the total vote polled in the present election was 8300. The occurrence of the strike and the troubles arising out of it undoubtedly had a marked effect on the situation, and considering that quite a majority of voters in the constituency are labor men, and that the Liberals abandoned the field, the result in favor of the labor candidate is nothing surprising. However, it must not be forgotten that this is not the first time that a labor man has been elected in Hamilton."

"The activity displayed by an official of the Dominion Department of Labor was one of the notable features of the contest. The matter of Hamilton to get Technical School. Hon. Dr. Pyne, in connection with the belief that the removal of the Normal College from Hamilton had militated against the success of J. J. Scott, said he did not think it had much to do with the result."

In view of the fact that the government has proposed to have established a new school of pedagogy for the training of school teachers, said Dr. Pyne, it would be useful to continue the college in Hamilton. It is hardly to be expected that teachers would elect to go thru their training there when they could obtain it so much better and under superior conditions in Toronto. The college would be half empty."

Recently the project of establishing also in Hamilton, which has admirable facilities for a large industrial centre, a new technical school, has been under consideration, and I believe the government is ready to assist in this undertaking. The matter was not before mentioned, as the premier declined to have it discussed during the pending session, and the department took the place of securing support."

Mr. W. Ross thinks it is well for labor to be represented in the legislature.

ROSS FOR SENATE.
Ottawa, Dec. 5.—(Special.)—The Free Press this evening says: "Hon. George W. Ross has the offer of one of the seats in the Senate, and he has accepted it. It is said, that the place in the cabinet, and remove to the arena of federal politics, where his services are needed. Mr. Ross's resignation has not yet been made, but this will be announced as soon as Mr. Ross has signified his acceptance of the professorial honor."

TAKE OVER C.P.R. BRANCH.
London, Dec. 5.—(Special.)—The Canadian Northern Railway will take over and operate the Prince Albert branch of the Canadian Pacific Railway on or about Dec. 15. Arrangements are now in progress between officials of the two systems with this end in view.

ALARMED.
Ottawa, Dec. 5.—(Special.)—The government has taken alarm at the threatened candidacy of Dr. Legris, and it is said that the by-election in Nicolet is postponed indefinitely.

FEEL UNDFR TRAIN WHEELS.
Jeanette's Creek, Ont., Dec. 5.—(Special.)—A Norwegian, name unknown, apparently on his way from Norway to Germany, fell from a train platform here to-day. Both legs were cut off, and he died soon afterwards.

COULTER JAMIESON.
A very pretty wedding was celebrated on Wednesday evening at Cook's Church, Rev. Mr. Baier officiating. The contracting parties were Mr. James Coulter and Miss Barbara Jamieson, daughter of Mr. David Jamieson of 69 Ontario-street. The bride was Miss Mima Jamieson, while Mr. Frederick Coulter, wearing a pearl necklace, was the bridegroom. The bride also a gift of the bridegroom. The flower-girl looked bewitching in white silk, trimmed with beehive ribbon. The happy couple left on an extended trip thru Eastern Canada.

RECONCILIATION BETWEEN COAL AND
STEEL MEN SAID TO BE
UNDER WAY.

Montreal, Dec. 5.—(Special.)—In well-informed circles to-day, it is stated that a settlement in the present quarrel between the Dominion Iron and Steel and Dominion Coal companies is under way. This reconciliation is, it is stated, largely owing to the Hon. Mr. Fielding taking a hand in the proceedings. As is well known, the minister of finance holds the key to the situation and can, if he wishes, exert such influence as to force an adjustment.

James Reid Wilson, in an interview to-day, speaking for the coal company, intimates that a settlement is not as far off as some people imagine, while on the other hand Mr. Plummer, states that so far as he knows matters are in the same position with the steel company as when that corporation issued its last statement.

In an interview to-day Mr. Plummer said: "We occupy the same position to-day as regards our part of the controversy as we did when the trouble originated and there is nothing more that I can add."

Steel Men Gather.
There was a gathering of the steel forces to-day. Mr. Jones, the general manager of the company, and Hector McInnes, K. C., of Halifax, the eastern solicitor of the steel company, arrived in Montreal and had several conferences with Mr. Plummer, during the day. It also is interesting to note the fact that Sir William Van Horne, who has taken a leading part in the discussion, leaves for Cuba this week. The statements made by Mr. Plummer, the effect that the situation had not changed so far as his company was concerned, have caused considerable surprise on the street and there was a decline of both steel and coal stocks on the market to-day.

James Reid Wilson, who has stood by the coal company, is greatly surprised and somewhat dissatisfied at the latest turn in the affairs of the two companies. When asked if there were any new developments on the coal company's side, he said:

"I know nothing, absolutely nothing new. I have heard it reported that Mr. Plummer has made some statement which surprise me very much, indeed. They are directly contradictory to what I should have expected from him at this time. He has also stated that he does not in the least concur with my ideas as to the exact manner in which matters stand at present. The last declaration of the coal company, which affected that affairs were in a most satisfactory condition. In fact, I may say, I considered the dispute settled, but a Normal College in Ontario, which I state, Mr. Plummer's answer to the question, 'Is there any immediate prospect of a settlement?' coming as it did, has completely upset my mind. However, there may have been all sorts of differences, but as far as I do know, the matter is as it has ever been since the controversy started."

Stranger Formed.
Continued From Page 1.
whom he also had letters of introduction. The cheques were not accepted, however, without permission to cable to the old country to test the value. Mr. Robson, however, to have opened a bank account, and by adding a note he increased his deposit (in the book) from \$500 to \$5000, which he displayed to business men with whom he had dealings. The stories go that he secured machinery, tools and office furniture for which he had no money, but that he employed is also said to have paid him \$200, which he could ill afford, in order to be taught the engineering business. Mr. Robson, however, to have shown himself really capable. He also went so far as to successfully negotiate for the taking over of a local business, which was in a bad way in the market, but no money passed between the parties. The Winnipeg agent of the company coming here, he displayed to business men with whom he had dealings. He left for the west a week ago last Thursday, intending to return in a week from Chicago, the next day, he wired back enquiring if a sum of \$1000 had been deposited in his account. It hadn't. Then he wired that he was coming back at once anyway. He hasn't.

An employe named Boacke was sent to Petrolia to install a machine. Robson had promised to go along with him en route to Chicago, but at train time backed out, saying he couldn't go. He gave him a cheque to pay his expenses, which Boacke cashed with an hotelkeeper. Boacke then returned to Winnipeg, where he now has reason to believe the cheque was worthless. Boacke also discounted two cheques for \$70, which were returned to him. Robson is a little Englishman. He stayed at a boarding house in Gloucester-street where he was here. Coulter and Miss Barbara Jamieson, daughter of Mr. David Jamieson of 69 Ontario-street. The bride was Miss Mima Jamieson, while Mr. Frederick Coulter, wearing a pearl necklace, was the bridegroom. The bride also a gift of the bridegroom. The flower-girl looked bewitching in white silk, trimmed with beehive ribbon. The happy couple left on an extended trip thru Eastern Canada.

Just what Robson's game was those with whom he came in contact can't say. He is said to have been in stock in his company. One gentleman said that Robson had admitted mental derangement due to grief at the death of his wife.

There is a great comedian Billy Watson, who is the manager and principal maker of Watson's Burlesques, who will appear at the Star.

OTTAWA, DEC. 5.—(Special.)—Tariff
delegations are still haunting the lobbies
of the house of commons. The iron
and steel men are very persistent in
their demands for a change in the
drawback item of 95 per cent. on the
raw material, which goes into the
manufacture of agricultural imple-
ments. The manufacturers of iron and
steel say that they cannot compete
with the United States in supplying
the home market.

Robert Hobson and D. O'Connor of the Hamilton Iron and Steel Works, and several others, saw the minister of finance yesterday and met him again to-day. They want to return to the old tariff. They say that the farmers were not pressing for a reduction of the duty on agricultural implements, which caused this change.

The agricultural implement men who get the benefit of the drawback for the home market in return for the reduction of duty from 20 to 15-2 per cent, also want to get the old tariff restored. Aylesworth Out of Order.

Mr. Aylesworth has evidently not mastered the rules of the house. This afternoon he proposed to amend the day was called, he rose and stated that an ex-member of parliament, no doubt Rufus Pope, of British Columbia, had asked a question in the supreme bench of that province was for sale.

At this point he was called to order. The new rules require, if any member wishes to call attention to some matter of public interest, that he must present a notice, signed by five members, and if 20 members then rise, a motion to adjourn is in order and will permit a debate.

Mr. Aylesworth was inclined to go on, but Mr. Speaker was firm, and the minister resumed his seat without carrying out his intention of denying the statement that the judgeship was for sale.

Hyman Resignation.
In reply to queries by R. L. Borden, the first minister, and Mr. Speaker reiterated their former statements that they had heard nothing from Mr. Hyman.

Mr. Wilson (Lennox and Addington) moved for a return showing the evidence in connection with the investigation of W. T. Preston, which the chief of the interior had promised. Mr. Oliver intimated that the query and the report were not ready.

Some interesting statistics were given in reply to questions by members. Last year Canada imported 220,126,593 lbs. of raw sugar, of which 220,126,593 lbs. came from the British West Indies and 96,866,257 lbs. from Bermuda. Of our total imports from Great Britain in 1905 and 1906, less than 20 per cent. came thru United States ports.

The Massey-Harris Company of Toronto is the only manufacturer of agricultural implements in Canada that realizes any substantial benefit from the provisions of the Customs Act allowing a drawback on duties paid on raw material. In 1905 their drawback amounted to \$89,559.42, and in 1906 to \$83,152.59.

Ontario Leads.
In reply to a query (North Ontario) Mr. Oliver stated that between April 20 and Nov. 30, 1906, there had arrived in Canada 137,506 immigrants, of whom 24,420 came from the United States. Their destinations were: Quebec, 18,191; maritime provinces, 4061; Ontario, 37,185; Mt. St. Helens, 17,157; British Columbia, 12,541.

It will come as a surprise to many that Ontario leads in the increase of population from immigration. Mr. Herron will move a resolution on Friday: "That in the opinion of this house, the coal lands owned by the government of Canada should only be alienated under such conditions and subject to such control and regulations as will provide for an immediate supply of coal adequate to all times to the requirements of the people and a reasonable price to the consumer, and in respect of coal lands already alienated legislative provisions should be made for such control and regulation, in case of emergencies, as will in future prevent loss and suffering to the people of the western provinces, thru lack of fuel supply."

Toronto Harbor.
Mr. Macdonell, on Friday next, will ask: (1) What is the depth of water, respectively, in the east and western entrances to Toronto harbor? (2) Is the depth of water sufficient for the purposes of navigation at all times? (3) Has the government received any complaints from the City of Toronto, the harbor commissioners of Toronto, or other persons because of insufficient depth of water in these entrances during the last five years? If so, from whom, and when? (4) Has the government received any reports of vessels going aground or becoming wrecked because of such insufficient depth where the government intend to take towards deepening such entrances, and when? Mr. Taylor will ask: (1) Is the government aware that the Hon. Mr. Justice Mabee has heard several times the different assize courts through the Province of Ontario, and that in many cases he has reserved judgment, and that, altho in some cases over one year, and in other cases over two years have elapsed since he tried said cases, he has not yet seen fit to render judgment thereon; and that this delay has operated to the great injury of the several cases so reserved?

RESIGNS UNDER CLOUD.
Winnipeg, Dec. 5.—D. D. England, city park board superintendent, who was charged with graft, resigned his position to-day.

COOK'S COTTON KNOT COMPOUND.
The great Urethane Tonic, and only effective Monthly Regulator which women can depend on. Sold in all drug stores, or sent by special case, \$4 per box. Sold by all druggists, or sent by special case, \$4 per box. Prepared at Montreal, Quebec, P. Q. Cook's Cotton Knot Compound, Montreal, Quebec, P. Q.
