Markham Fair was to have had an whibition of collie dogs yesterday morn-ing. Forty dollars was offered in prizes, but at 11 o'clock no one was present but H. Harris and it looked like a walk-over for him.

ite horse loose and eating liberally from The accompanying cut is that of a the oat-bin. A waiting game seems to be the at-

A waiting game seems to be the at-titude of the farmers and horsebreed-ers regarding the sales of horses this fall. Farmers in the country are slow to accept any lower figures for the time. Sales are reported at many points of horses around the \$200 mark. John Gardhouse of Highfield thinks that prices will ease off considerably if not higher, in the spring. George Levg of Pickering, who han-dles several horses each year, has just

week. Prices received were from 25 per cent. to 30 per cent. lower than what the farmers were asking for these horses in the country. Prices, he says, therefore must come down this fall. Heavy draughters, 1500 lbs.,

Medium weights, 1300 lbs. up... \$175 to \$200 Second-hand drivers and work ers .. .....\$40 to \$70

### BEEF FEEDING PRICES.

The purchase of feeders for the Ontario stables has not seriously com-menced as yet. Intending buyers are holding off to see just how much of the future they can foresee, before spending the direct the sector. the dimes. In the meantime, not many cattle are being sold on the Toronto markets for export feeding purposes. The distilleries are gradually gathering heir supplies. Many seem to think that

the spring trade in cattle will likely be governed by our local demands. It is aulte plain that high priced feeding will and little encouragement from the pros-

the public, and have the power to the form courteous and prompt attention to the humblest of the people? The farmer has as big a right to consider ate treatment as has the biggest Cobalter that breathes. The biggest Cobalter that breathes. The boorish servant. CO-OPERATIVE METHODS. Prof. Hutt of O. A.
