

### Keep Out the Wolf

POVERTY is the great, gaunt, hungry wolf that comes to the home when the bread winner is gone. It steals in in times of sorrow and sore tribulation, when those who are left are least able to combat it. It settles down and becomes a fixture in the home, making itself each day more unbearable, and robbing life of every vestige of

Life insurance is the strong stone wall, that the thoughtful man builds around his home to keep the wolf out. Built in a day, it is a wall that will last for years. The entire cost is not paid at once, the payments being distributed over a stipulated number of years, so that the man with a few dollars is given an equal chance with his wealthier brother.

For a man thirty years of age, less than \$135.00 down and less than \$135.00 per year for nineteen years will build a \$5,000 stone wall that will

stand strong and impregnable. There are also lower priced stone walls, also strong and of just as careful construction. Our agents will be pleased to submit plans and specifications for a stone wall for you.

Athletic grounds on Saturday were given a double-header in the way of lacrosse matches. The first was a game in the Toronto League between the Old Orchards and Young Tecumseh-Elims, which resulted in a draw, each team scoring three games, It was not a good exhibition and was stopped on several occasions when the stopping three games. ped on several occasions when the players engaged in fisticuffs. The second game was an exhibition match between the Athletics of St. Catharines and the Tecumeens, being won by the braves by 4 goals to 1. This game was slow and uninteresting to the 500 enthus fosts that visited the Island to see it. Most of the games were lengths apart, and owing to their, one-sidedness, the match dragged.

The first four games were taken by the Indians in an easy way and the last went to the visitors. The Athletics seemed to be weak on the home, as they missed time after time, and did not shoot as often as the chances afforded, while on the defence they were comparatively good. The Braves out-classed them in the field, hence the result.

At Galt on Saturday the game in the Intermediate series between the home team and Acton was won by Galt, after an exciting and, hotly contested game. The game, after two hours' play, stood 3 to 2. The last goal being scored after 59 minutes play. In playing off the tie Galt scored the winning goal in 4 minutes, making the score 4 to 3 in favor of Galt.

At Perth: A very exciting and well contested lacrosse match was played Saturday afternoon between the Markham team and the Crescents of Perth. The play all through was very fast and utterly devoid of any rough play. In the sixth game the

combination of the Crescent home was so fast as to be almost dazzling. Perth scored three games in one minute each. The score ended 7 to 3 in favor of the Crescents.

The Credits of Glenwilliams defeated the Athletes of Brampton by 5 games to nothing on Saturday. The game was exciting, but they played clean lacrosse. Not a player was ruled off during the match.

An intermediate championship match for the York district was played on Saturday afternoon at Richmond Hill, between the local team and the Mimico Stars of New Toronto. The game was hotly contested, but the home team completely outgeneralied the visitors, who lost not so much from lack of speed and combination as from inability to convert their shots into goals. Billy Clifford was a tower of streigth to the home team, and ran no less than six of the nine balls through the flags for the Richmond Hills. On the same side the playing of Grant, Cooper and Wyck French was most favorably commented upon. At the call of time the game stood 9 to 2 in favor of the home combination. Mr. C. Toronto's Crack Association Football Team Score a Great Vietory at Berlin.

Fine defence, perhaps some luck, and a little extra quickness in front of goal were the elements that confirmed the Riversides in the championship of Canada in their match against the Rangers (the champions of the Western League) 2. Berlin on Saturday. The result, 3-2, accurately represents a game that was stubbornly contested from start to finish, and which was one of the hottest ever seen in Berlin. About 1200 spectators were present. At 6.37 Referee Buckingham lined up the teams.

The Rangers pressed from the start, and, although playing with the setting sun in their eyes, opened the score in 7 minutes, Kraemer just managing to tip the ball through from a mull. For the next 20 minutes play was of the fast up and down order, Riversides slightly pressing, though the Rangers' powerful half-back line pre-

New American Boat Beat the Old Defender in Trial and There is a Hard Blow.

Newport, R.I., June 25 .- The first trial trip of the new American Cup Defender Columbia, which took place in Narragansett Bay to-day, turned out to be more successful than either her builders or her owners had reason to hope. Not only did the
new boat show herself to be able in every
particular, but she met the old racer Detender in a friendly brush of a mile to windward and vanquished her with the greatest
ease. The race between the flyers, which
was over in five minutes, was sailed in an
8-knot breeze, under the same conditions,
each boat carrying three lower sails, with
sheet well flattened. It took the Columbia
about three minutes, sailing from the Defender's weather quarter, to blanket her,
and in five minutes she was 100 yards
ahead, going swiftly past the old cup defender. Under these conditions, it would
seem as if the Columbia was 15 to 20 seconds a mile faster than the Defender, and
lif she can make the same gain in a hard

ly is planning for a possible contingency, and the officials will act rapidly and decisively when the signal for heavily reinforcing the garrisons of Cape Colony and Natal is received. But the time for aggressive factics has not yet come, and the rumors with which the press is filled are premature and exaggerated. Certain journals are eager for war in South Africa, and the Government, or possibly Mr. Chamberlain, is willing to make use of irresponsible agencies of coercion, in order to frighten President Kruger and subject the Boers to powerful pressure. It is clear that while the Multsfers have not made up their minds to bring on war, they are not unwilling to have Kruger suspect that they may have done so, and that he cannot act too promptly in redressing the just grievances of the outlanders.

grievances of the outlanders.

Has Paralyzed Business.

"This seems to be the natural explanation of the active newspaper campaign against the Boers carried on here, which has paralyzed business with South Africa. The Ministers, with the aid of the press, are doing their best to overcome the inertia. of Kruger, and convince him that England is united in an infexible determination to have the wrongs of her citizens in South Africa righted. War, however, is not yet in sight, and, while the Liberals are silent and not guilty of the unpatriotic conduct of aiding and abetting Kruger in resisting the demands for redressing just grievances, they are likely to find their voices, if there he a deliberate breach of faith under the convention made with the Boers.

"These menaces of war do not accord with the cuckoo song of universal peace, which is rising from the Parliament of man at The Hague, and the action of the Government in taking the first step towards raising a loan of \$20,000,000 for various purposes of a military and naval character makes fresh discord. Mr. Geo. Wyndham has just concluded the latter course in a singularly able and well-real soned speech, with which so critical an expert as Sir Charles Dilke, easily the best-informed member of the House on all questions of Imperial defence, had no fault to find. The Feace Conference pursued with unfaltering patience the high ideals set before it, but the wicked world goes on

A Plea for the Military.

At a meeting held to-day at the Union Club, an important organization, including some of the best people of Havana, political matters were discussed. One speaker, a Cuban officer, said Gen. Brooke was following a wrong course in giving politicians Government positions, while military men were getting nothing. "This method," he declared, "will eventually lead to trouble. Those who defended the country deserve recognition, and will three of being constantly ignored."

Another speaker said: "Only those having influence with Secretary Alger, through Washington connections, are able to sequie appointments, and there are some of these who were not in Cuba during the war."
