TRY TO SETTLE

Public Utilities To Take Up Matter At This Afternoon's Meeting.

Another attempt to settle on water rates and hydrant charges will be made by the utilities commission this after by the utilities commission this after abon. Estimates of the parsk and other departments will also be considered.

The question of water rates has been discussed at two meetings of the part and the painters. Union for a minimum wage of 75 central boy to employed agreement less than boy to employed agreement to the part of the p departments will also be considered. discussed at two meetings, and no satisfactory solution has been found. Gen-

least \$20.

General Manager Buchanan was asked to draw up several different estimates of the cost of supplying water for fire protection, and for domestic and commercial use. To do this he has drawn up several hypothetical plants. This is intended to give the cost of fire protection if a plant was maintained for the strike announced last complete victory. The committee in charge of the strike announced last night that it expected that a favorable report would be given this morning by the committee sent to interview the government inspector at the Westmington of the strike announced last committee sent to interview the government inspector at the Westmington of the strike announced last committee. HIGH COST OF

KEEPING PEACE

John Wener, who on Tuesday was bound over to keep the peace with his wife, has deposited \$40 with Police.

This is intended to give the cost of fire protection if a plant was maintained for that purpose alone, and to give the cost for domestic and commercial use if no apparatus was needed for fire protection. In this way it is hoped to strike a fair balance of the costs for these two purposes.

It is expected that the majority of the estimates will be cleared up today.

SPEAK FRIDAY.—On Friday the dairy short course students will be addressed by Dr. H. A. Stevenson, A. J. Slack, R. A. Finn and I. B. Whale. This will close the dairy short course, which has been running since Monday. eral Manager Buchanan recommended that the discount on water rates be reduced from 40 per cent to 30, and that the charges for fire hydrants be increased from \$15 cach to \$32.

Mayor Little thought the hydrant charges too high, and wanted them placed at \$18. Other member of the commission thought they should be at least \$20.

General Manager Buchanan was because, according to the officials, it is

SIR ADAM BECK TO SAIL ON SATURDAY

Hydro Minister Leaving England On Mauretania.

Toronto, March 4.—A cablegram from Sir Adam Beck was received today; announcing that he expected to sail on the Mauretania on Saturday, also that Lady Beck had been operated on. This means that Sir Adam should be here in a week or ten days from Saturday. Sir Adam will likely immediately get busy on the taking over of the Windsor street railway and the proposed St. Lawrence development.

HOUSING COMMISSION

of the product.

This course is attracting considerable attention from men in the city and from outside points who appreciate the value of it, It was stated today that one thing is regrettable, and that is that there are no housewives of the city attending the course. The ill-health caused by unsanitary milk is not to be traced at all times to the producer.

Housewife Should Co-Operate.

He may have very clean conditions in his dairy stables; the dealer may take great care of his milk while handling it, but the housewife offsets all their efforts by leaving the milk exposed to all sorts of dirt and odors, and it is she who will complain of the careless dairyman. Nine out of ten women in the city do not know how to look after milk, after they get it comparatively in the city on not know how to look after milk, after they get it comparatively in the city on not know how to look after milk, after they get it comparatively in the course.

ing commission tonight, it was expected that tenders for this contract would be opened tonight, but the time has been extended in order to give local builders an opportunity to consider the plan.

Results obtained by the establishment of a temporary housing bureau will also be considered. Advertisements were made this week for citizens with available housing accommodation to register it at the city hall, where it would be vailable for suitable applicants.
