Look well to service when you buy a cream separator. That means more than anything else. That should include not only a good working and reliable machine, but the right sort of attention and interest on the part of the seller, not only at the time the machine is set up, but as long as you continue to use it. De Laval service is well known. You can depend upon it.

Value depends upon the amount and quality of service the separator gives you-what you get out of it. You get more value for your money when you buy a De Laval, because it will give you more and better service than any other separator.

Orchestra and Boys in Unique Contest At Y. M. C. A.

Two hundred and fifty boys of the Y. M. C. A. attended the opening banquet of the season in the local "Y" last evening. William R. Cook, national boy chief for Ontario and Quebec, was present and addressed the boys on "Loyalty and Direction." The "Y" jazz orchestra supplied the music, while Harry Underwood led the boys in a sing-song. A. B. Horwood, the new assistant boys' secretary, was introduced and gave a short address.

A contest was arranged by L. M. Houlding, boys' secretary, between the orchestra and the 250 boys to see which could make the most noise. After about ten minutes of yelling that was fairly deafening, the orchestra won out only to be challenged by the boys again. After this contest was over, the boys showed their ability to obey commands and then settled down to continue the program. The chairman of the evening was W. D. Beemer.

Nearly 150 employees in the local division will be affected by the agreement which was reached at a meeting held in Toronto after negotiations had been moved from Montreal to that city.
