**CHINESE ENTER LHASA
AND THE LAMA GETS OUT**

Lord Minto Declined to Interfere
to Prevent Expedition
Entering Tibet.

CALCUTTA, British India, Feb. 23.—Chinese troops to-day entered Lhasa, the capital of Tibet and the residence of Dalai Lama, the supreme head of the Lamaist hierarchy, who upon the approach of the soldiers fled with several of his ministers into India.

Serious trouble has been anticipated owing to the action of the small Chinese army which, marching from Szechuen, China, subdued Eastern Tibet, levying contributions on the Lama's people, and showing no respect for the monasteries.

The Tibetans, resenting the desecration of their holy places, petitioned the Chinese foreign board, praying that the Emperor of China interfere in the interests of the Buddhists. The petition was disregarded as the Chinese propose to make the administration of the country purely Chinese.

Dalai Lama, appealed to Lord Minto, the viceroy of India, but the latter refused to intervene.

When the Chinese troops were reported as moving from the Province of Khan ostensibly to strengthen the garrison at Lhasa, the Lama hastily quitted the capital and proceeded toward Barjiling.

**AUTOMOBILE SHOW
WILL OPEN TO-NIGHT**

Exhibits Will Be in Place by Noon
—St. Lawrence Arena a
Striking Picture.

This evening the largest automobile show, and one of the most important industrial displays ever held in Canada opens at the St. Lawrence Market.

It is likely that the building will be crowded to the doors when Sir William Mulock delivers the opening address at 8.30. Sir William and Lady Mulock will be greeted with music by the 48th Highlanders' Band, and conducted to the platform by the entertainment committee of the Ontario Motor League.

The exhibits comprise a large number of different makes of automobiles, many of them seen for the first time in Canada. There is a host of automobile accessories and appliances, together with motor cycles, motor boats and marine engines.

The color scheme of the decorations, which cover the entire interior of the building, is a combination of red and white, which gives a very striking effect. The entire floor has been carpeted with green floor covering material, and every provision has been made for the comfort of the public and exhibitors.

NEGRO'S WANTON CRIME

Opens Fire on Party of Young Students on Train.

NEW YORK, Feb. 23.—Harrison Higbee and Leslie Lord, two young Yale graduates, and socially prominent in North Jersey, were wantonly shot down and probably fatally wounded to-day by an infuriated negro in the smoking car of a Jersey Central train in which they were riding to their homes in Newark.

Accompanying Higbee and Lord were Gale Young, of New York, and his cousin, Roger Young, of Newark, both Princeton graduates. Soon after the train left Jersey City, the negro, who was accompanied by another man of his race and a mulatto woman, accused the four young college men of making remarks about the woman. Lord was about to reply but Higbee told him to keep quiet.

"Don't you tell me to keep quiet," yelled the negro as he leaped to his feet and drew a revolver. "I'll quiet you," and he opened fire on the four young men.

Roger Young leaped for the negro, who was so powerful that he dragged Young with him to the platform. Young held on, however, and when the negro leaped from the train while it was making twenty miles an hour, Young went with him. In striking the embankment, Young's grip was broken and the desperado disappeared.
