

**HAMILTON HAPPENINGS**

**HAMILTON STEEL MERGER WILL BE CONSUMMATED**

Shareholders Ratify Action of Directors—Only One Dissenting Voice.

HAMILTON, July 6.—(Special.)—The shareholders of the Hamilton Steel and Iron Co. met this afternoon and ratified the action of the directors in entering into the merger of Canadian companies, henceforth to be known as the Hamilton Steel Corporation, Ltd., on the terms already published. The only dissenter was A. B. McKay, who refrained from voting because he wanted more information.

The meeting re-elected the old directors: G. E. Wilcox, Robert Hobson, Wm. Southern, G. Lynch Staunton, K. C. Chase, E. Doolittle, E. E. O'Leary, M. P. W. D. Matthews, John Milne and H. H. Champ. At the subsequent meeting of the directors G. E. Wilcox was re-elected president and Robert Hobson vice-president and general manager. They will serve until the company's business is taken over.

The condition of Dorothy Hobson, the daughter of Robert Hobson, injured in the auto wreck last Thursday, shows no change to-night.

Following a driving bout, Thomas Cameron, 77 Sherman-avenue, was taken to the City Hospital suffering from cuts in the head. Cameron and two men, whose names he refuses to divulge, were drinking when a fight ensued, and Cameron was hit with a bottle. Four stitches were put into the wounds.

While George Lynch Staunton was returning to this city from Montreal, his grip containing a large quantity of valuable papers was stolen. Mr. Staunton is solicitor in connection with the recently completed twenty-five million dollar steel company merger and the papers had reference to this consolidation. The company's seal was in the grip, which was missed shortly before Toronto was reached.

Attempts are being made here to merge the businesses of the stove founders. It is understood that if this can be done the stove founders in all parts of the province will be asked to come in. The capital of such a merger would be about \$1,000,000. The firms interested in Hamilton are Burroughs, Stewart & Milne, the Gurney-Tilden Company, the D. Moore Company, and Jamieson & Co.

The reason given by those attempting to consolidate the firms is that extreme difficulty is now found in getting on with the union. In Hamilton there has been a strike on for nearly two years.

If a merger were formed, the union could be treated with indifference, its promoters think.

**Asking Provincial Aid.**

A deputation consisting of Mayor McLaren, City Solicitor P. R. Waddell, Controllers Allen and Bailey, Ald. E. Hill and City Engineer MacCallum, and the secretary of the board of works, representing the City of Hamilton, waited upon the Ontario Government at Toronto to-day and asked that the province assume a portion of the cost of constructing a new west end sewer and sewage disposal works; also to bear a share of the cost of maintenance. Hon. W. J. Hanna, provincial secretary; Hon. J. O. Beaume, minister of public works, and E. P. Cairns, deputy minister of public works, met the deputation. It was pointed out that the present brick sewer, which burst some time ago, had been used jointly by the city, and the hospital for the insane. Since the sewer had been built the asylum had increased three times in size, and that time fixed for the province did not contemplate future growth. The minister of public works and his deputy will go over the situation in person shortly.

The deputation also called upon Hon. F. Cochrane, minister of lands, with reference to the price to be charged for the reclaimed land in Sherman Inlet. Mayor McLaren thought only a nominal charge of \$1 per acre should be made, but Hon. F. Cochrane pointed out that the lots were an asset of the province and should not be given away. He thought that \$50 per acre should be received, but the parties compromised on \$25.

**Schoolboy Hanged.**

BOSTON, July 6.—Before the investigating committee of the legislature yesterday two physicians swore positively that John Newman, the Lyman School inmate, had been hanged by someone at the school. They pointed out that it was impossible for the boy to tie the rope into the knot by which he was killed. Further, they swore that the bruises and wounds on the boy's body must have been received at least a day or so before death.

**A Distinguished Missionary.**

QUEBEC, July 6.—His Grace Mar. LeVanac, General Superior of the Missionary Fathers of Africa, is visiting Quebec. He is stopping at the local convent of the fathers.

**30 BAKERS SUMMONED UNDER NEW BREAD ACT**

Dr. Sheard Contends Lightweight Variety is Offered, But This Bakers Deny.

Charged with selling lightweight bread, in violation of the new bread law, 30 bakers have been summoned to appear in court. This action was taken by Medical Health Officer Sheard on information supplied him by his inspectors, who have seized a large quantity of bread.

A legal battle to determine the interpretation of the bread statute of last session, known as "the Nickle Act," is definitely in prospect, as the bakers claim to a man that they are abiding by its provisions. They say that the loaves complained of are divided into four sections, which places them in the small bread class, which can be sold at any weight under 12 ounces. The loaves of which seizures were made have an average weight of about 40 ounces, each section weighing 10 ounces. On the other hand, Dr. Sheard maintains that these are not four separate loaves, but one loaf, and that they must weigh either 24 ounces or 48 ounces, as called for by the act.

It is said that it is determined to get an interpretation of the act at the beginning and that it will be fought to the end.

**The Bakers Summoned.**

The bakers summoned to appear are: Johnson & Little, 3 Broadway-avenue; H. C. Barker Bread Co., 273 Spadina-avenue; Weston Baking Co., 25 Soho-street; H. C. Tomlin, 420 Bathurst-street; Peter Bros., 104 Augusta-avenue; Coleman Baking Co., Enfield-avenue; A. W. Carrick, 172 Bay-street; Nasmith Baking Co., 88 Jarvis-street; Lewis Brown, 805 Queen-street; Hilton Bros., 41 Gerrard-street; Hilton Co., Avenue-road; Fugh & Watson, 380 Lippincott-street; W. J. Magee, 741 Palmerston-avenue; W. H. Carruthers, 183 Dovercourt-road; James Dempster, 222 Dundas-street.

**What Bakers Say.**

Ald. Hilton, whose firm of Hilton Bros. is on the list, says he is prepared to fight any prosecution right thru to the privy council. He says the bakers have gone largely into the making of small bread, and that the people know what they are getting and the price.

George Coleman of the Coleman Baking Co. says they are selling 24-ounce bread where there is any demand for small bread, and also supplying people who want it.

The bakers deny that they have any combine, and also claim no knowledge of a reported merger involving bakers of Toronto, Hamilton and London.

George Lawrence, who is not on the list, says he knows nothing about it; he is a traveler.

A. W. Carrick said: "I made some enquiries yesterday and they were entirely a hoax. There is no merger that I know of."

"Do you know anything of the merger?" The World reporter asked Geo. Weston.

"Well," was the reply, "since you newspaper men have been calling me up I have learned a little about it. Of course I have heard some rumors, but there is nothing serious in it. Personally I have nothing directly or indirectly to do with it."

George Coleman said: "It's all wind—nothing to it at all. I never heard of it."

Harry C. Barker said: "I have heard a rumor that there is something doing, and that is all I know about it."

**Royal Canadian Bicycle Club Excursion.**

All Round Muskoka Lakes, July 9th, 10th, 22.60, via Canadian Northern Ontario Railway.

Special train will leave Union Station 12.30 p.m. Saturday, making connection at Bala Park with the Muskoka Lakes. Tickets good for four of the season. Low rates are still being made at the hotels. Tickets can be obtained from the committee, 21 Broadview-avenue, or at ticket offices, corner King and Toronto-streets, or Union Station. All welcome. Take advantage of these low rates to see the Muskoka Lakes at their best.

**A Brutal Husband.**

Having first slashed at his wife's throat with a carving knife because she asked him for money, Henry Sanderson proceeded to knock her down and kick her, breaking three ribs. She appeared in police court yesterday morning and told of the assault. Immediately afterward she had to be taken to St. Michael's Hospital. The husband went back to jail upon remand for sentence.

**Aviation Meet July 8 to 16.**

Special trains will leave Toronto and Weston (Aviation Park) via the Canadian Pacific Railway, hourly for the above meeting, July 8 to 16, except Sunday, July 10. All trains run direct to the entrance of the park (Tretreway Farm). Tickets to meeting, including passage to Weston and return, at rate of \$1 adults and 50 cents children, are on sale at all C. P. R. Toronto offices. Rate from Weston, Toronto, 50 cents adults and 50 cents children.

**Aviation Meet**

opens Friday afternoon at Tretreway Model Farm, Weston.

Special trains on G.T.R. and C.P.R. direct to park entrance.

**Aviation Meet.**

Opens Friday at Tretreway Model Farm, Weston. Quick train service at short intervals over G.T.R. and C.P.R.

**HIGHER COST OF LIVING TEACHES BETTER METHODS**

Rising Prices Due to Increase of Gold—Tariff and Trusts Have Share in It.

NEW YORK, July 6.—Prof. Jeremiah W. Jenks, who teaches political economy in Cornell University, caused much discussion in Stony Brook, L.I., by his speech on the opening of the new auditorium of the Stony Brook Assembly by saying:

"It would be better, I believe, for the whole country if the standard of living went higher still than it is to-day. It would teach men better business methods."

Prof. Jenks, using a great illustrated chart, pointed out that ever since the civil war the standard of living and the cost of both necessities and luxuries had been steadily rising in this time, and in England. At the same time, he said, statistics showed that there had been a proportionate increase in wages.

He held the cost of living and the supply of gold to be interdependent. When gold is plentiful the cost of necessities of life is bound to rise, he said. He held the trusts and the tariff responsible for a share in the rise in the cost of living.

"The general level of prices both here and in Great Britain," he said, "has been growing higher since the war tariff of 1860, and the subsequent tariff laws have not changed the natural result materially. Prices here have risen proportionately higher than in England, and for this among other reasons, I lay part of the blame for the increase of prices on our own tariff laws."

"The present high cost of living with its attendant increase," concluded Prof. Jenks, "is a result of the fact that the standard of wages has also increased as the cost of living has gone up. The purchasing power of the working man's wages has kept pace with the increased price of commodities, and we find that the average working man in America to-day is actually consuming twice as much as his predecessors did in 1860."

Therefore I maintain that the recent increase in the cost of necessities does not mean that the mercantile working man is going to starve. It means that there will be a curtailing of unnecessary expense, a more economical method of running homes, of furnishing our schools and educating our children. The working man himself has to buy fewer books, to deny himself some of the luxuries and refinements he has been anticipating or enjoying. But on the whole, the man will adjust himself for the betterment of his life, if prices do come down, his wages must go up. I am aware, of course, that there are thousands of men and women in actual need of work and food, but I am speaking of the condition as a whole, and not of the particular phase."

Prof. Jenks wound up with words of praise for the work of the labor in Ontario, which, he said, had proved themselves as well as to their own members.

**SCARCITY OF PAPER.**

Kept Down Stock on Hand to Average Supply for Only Eight Days.

SARATOGA, N.Y., July 6.—The increased price and diminished supply of print paper was the principal subject of discussion before the representatives of the associated publishers of the New York State Press Association, which opens its annual convention to-morrow. The discussion was led by John Norris of New York City, in connection with the annual meeting of the New York State Press Association, which opens its annual convention to-morrow. The discussion was led by John Norris of New York City, in connection with the annual meeting of the New York State Press Association, which opens its annual convention to-morrow.

**VANCOUVER'S CIVIC RULERS.**

Effort to Introduce Board of Control System There.

Vancouver's City Council has decided to adopt a board of control system of city government, and will submit by-laws to the electorate to have the plan ratified by the people. Ald. James Ramsay, chairman of the finance committee of the council, was in Toronto yesterday to look over the workings of the plan. He has already visited Chicago and other American cities, and is on his way to Montreal.

Ald. Ramsay is also much taken with the system of governing the police by a permanently appointed commission, in Ontario, and will urge this method upon his fellow council members. He declares that party politics in civic government has proven as big a curse in the west as here.

**TEDDY R. NOT COMING**

Ex-President Unable to Be at Y. M. C. A. Convention Here in Fall.

Hopes that Theodore Roosevelt, former president of the United States, would visit the International Y. M. C. A. convention here next fall, were dispelled yesterday, when General Secretary Warburton received a letter from Mr. Roosevelt, regretfully declining.

"You have no idea of the pressure upon me," said the ex-president, explaining that it was physically impossible for him to accept all the invitations pouring in.

It is feared also that Mr. Roosevelt will be unable to attend the exhibition, as hoped.

**DROPPED DEAD WITH CHILD IN ARMS.**

ARTHUR, July 6.—With the two days infant of her sister Mrs. Dr. Rieve, in her arms, Mrs. Turnbull of Claremont dropped dead at the home of Dr. Rieve of this town to-night.

**DR. CHASE'S OINTMENT.**

Dr. Chase's Ointment is guaranteed to cure every form of itching, bleeding, and sore throat, and is the best remedy for all such ailments.

See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 50c. at all dealers or ENGLISH, BATES & CO., Toronto.

Lunch at the King Edward, served from 12 to 2 p.m., at one dollar. Dinner, served from 6 to 8 p.m., at one dollar.

**TECHNICAL EDUCATION COMMISSION HAS BEGUN**

Hon. W. L. M. King at Opening Session Outlines the Work to Be Undertaken.

OTTAWA, July 6.—(Special.)—A preliminary meeting of royal commission on industrial training and technical education was held in the minister's rooms in the department of labor this morning. There were present Honorable W. L. Mackenzie King, minister of labor, and members of commission, viz.: Dr. J. W. Robertson, chairman; Hon. John N. Armstrong, Rev. Geo. Bryce, Gaspard Desrosiers, Gilbert M. Murray, David Forsyth, James Simpson and Mr. Thomas Brough, secretary.

Hon. Mr. King emphasized the importance of the commission conducting its proceedings so as to be the means of furthering the industrial efficiency of the Dominion. It should, he said, be the aim of the Dominion to have the most efficient methods known to any country. He doubted if ever a commission had been issued by the federal government which had quite the same opportunity of rendering a national service to the country.

The minister said the information gathered would be placed at the disposal of the provinces, and he had received replies which were favorable from all provinces. The reply of Premier Roblin of Manitoba, had been non-committal, but a previous letter from him had been an endorsement of the idea.

Hon. Mr. King said the commissioners were to visit all parts of Canada, finding out the needs and present equipment of the country, taking an industrial survey of the country, as well as a social survey.

The members of the commission met again in the afternoon in the parliament buildings, where accommodation had been provided for them and decided to commence their enquiry in Canada at the end of next week in Halifax. They will work westward to the Pacific coast, and then visit the United States cities, before going to Great Britain and the continent.

The commissioners will be here until the end of the week completing arrangements.

**ENGINEER CUT IN TWO**

Stepped in Front of Train—Once Lived in Toronto.

BROCKVILLE, July 6.—This morning Alexander Menzies, G. T. R. engineer, was instantly killed here. After stepping in front of a train on the Brockville branch line and was run over. He was cut in two.

Some time ago Menzies used to live in Toronto, but of recent years had been living in Brockville. He was unmarried.

**Killed by a Train.**

WELLAND, July 6.—Hiram Everingham, 45 years of age, near here, in Crowland Township, was killed on the Michigan Central tracks near Montrose bridge. His head was severed from his body; which was also badly mangled.

**FOUND DEAD ON TRACKS.**

COLBORN, July 6.—The body of an unknown man, weighing about 150 lbs., 5 feet 7 to 8 inches and 35 years of age, brown hair, blue eyes and clean-shaven face, was found alongside the G. T. R. tracks, three miles west of here. The supposition is that he fell from a passing train.

**THEY LIKE TORONTO'S ROADS**

Peterboro Delegation Say Our Streets Are Well Kept—Went on to Detroit.

In quest of knowledge concerning pavements, a civic deputation from Peterboro arrived in the city yesterday and were given an opportunity to inspect the condition of Toronto's streets.

"They were delighted with our pavements, and particularly with our pavements in which they are kept," said Ald. Maguire, chairman of the reception committee, who, with Ald. Chisholm, chairman of the works committee, and George Pckwell, roadway engineer, piloted the visitors around in autos. The men from Peterboro, included Mayor Morrow, Engineer Hay and aldermen. In addition to the roadway, they were given a peep at the sample section of rail wall and the work on the trunk sewer.

Peterboro is thus far without improved roadways, but the baby city is winking up. The party left last night for London, and will go on to Detroit to see how roads are kept in these cities.

**PROVINCIAL TREASURY WINS**

Secures an Accounting on \$20,000 in Thomas McCormick Estate.

The provincial treasurer's department has succeeded in forcing the executors of the estate of Thomas McCormick to pay 5 per cent. July 1, 1909, leaving an estate consisting of proceeds taken before Judge Winchester, leaving an estate consisting of Nos. 180, 182 and 184 East Richmond-street. On the affidavit of the executors, Michael Ryan and William J. Wells, the provincial treasurer's department consented to the granting of letters of probate. On Jan. 3 the three houses were sold for \$20,000, and the department commenced proceedings.
