VOTES FOR WOMEN COMING IN BRITAIN

Equal Franchise Will Be In Ef-
fect at Next General
Election.

LONDON, Aug. 18.—The present
week brought within range of practical
politics a reform which many of its
advocates feared the war would post-
pone perhaps for a generation the
right of women to vote. The strong-
est force against the realization of
woman suffrage in the years im-
mediately preceding the war was the
determined opposition of Premier
Asquith, hence his virtual conversion,
when he said in the house of commons
on Monday, that the undertaking of
new franchise and registration reforms
in the midst of a great war was too
complex and controversial a problem,
and implying that any new bill for
franchise reforms in the future must,
of necessity, include women, was a
great surprise.

The premier's announcement is talk-
ed of on all sides as meaning that
women will have the vote before
another general election is fought, ex-
cept in the unlikely event of an
election being forced upon the coun-
try before the war is ended.

According to The Nation there have
been other similar conversions among
men of great influence and, altho Earl
Curzon still remains a strong op-
ponent of the women's cause, together
with some others, men of all parties
realize that the capacity and willing-
ness to help in the national cause as
displayed by the women during the
war have removed the last obstacle
to their receiving political recognition.

Liberal papers are urging the gov-
ernment to grapple with the problem
of adult suffrage without delay on the
ground that the coalition government
is able to smooth the path of reform
and calm the fears of the house of
lords as no Liberal government could.

ALIGHTS FROM TRAIN PLACED UNDER ARREST

Just as Steve Mitchell, aged 19,
stepped off a train at the Union Sta-
tion last night he was arrested on a
charge of theft by P.C. Hunt. Mit-
chell was employed as a bell boy at
the Wa Wa Hotel, Lake of Bays, and
Ada Barclay, who has charge of the
news stand at the hotel charges that
Mitchell stole \$20.50 in cash and a
number of pennants.

included a letter from Engineer
Cameron, who was connected with the
provincial architect's department,
criticizing the plans for the parlia-
ment building dome, as prepared by
Architect F. W. Simon, and a mem-
orandum from the late Hon. W. H.
Montague to Provincial Architect
Howwood, enquiring as to the identi-
fications of the government inspectors
on the building, and declaring that,
while he had every confidence in the
contractors, it was necessary to pro-
tect the people thru efficient inspec-
tion.

The evidence given by M. G. Hook
to a commission which visited him in
New York was read to the jury in its
entirety. Hook was quoted as saying
that he (Howwood) was "citing under
instructions from Messrs. Coldwell
and Simpson; that Coldwell and How-
den furnished at least part of the
money used in keeping William Salt
away, and that it was under Dr.
Simpson's instructions that Salt
was remaining out of the country.

J. B. Priestman of the Imperial Bank
staff was recalled to the stand this
morning to give evidence on Thomas
Kelly's account with the bank.

The defence objected to this evi-
dence being received. The crown ar-
gued that they were entitled to pro-
duce secondary evidence since L. C.
and C. B. Kelly had failed to produce
a certain cheque they were asked to
bring.

The judge reserved decision on this
point.

J. B. Coyne, for the crown, spoke
of the possibility of calling upon Tho-
mas Kelly to produce the cheque.

"There's no need of going thru this
farce," said A. J. Andrews, for the de-
fence. The judge stated it was on re-

cord thru Kelly's solicitor that he re-
fused to produce it.
S. Goldstein, manager G.N.W. Tele-
graphs, was called to prove some tele-
grams.

EIGHTEEN ATTESTED IN CITY YESTERDAY

Seventieth Battery Led in
Number of Recruits
Obtained.

PTE. GREGORY DEAD

Member of Middlesex Battal-
ion a Victim of
Pneumonia.

At the recruiting depot a total of 18
were attested yesterday. Of this num-
ber the 70th Battery took 4 and the re-
minder were assigned as follows:
20th, 1; 21st, 1; 28th, 1; 69th Bat-
tery, 2; C.A.S.C., 3 and M.F., 3.
One of the young business citizens
of Toronto who has met reward for
his energetic work in the raising of the
284th Forestry Battalion is D. L. Har-
ris, recently promoted to the rank of
sergeant. Sergt. Harris first took his
military stand with the 20th Beaver
Battalion, but owing to his good work
as a recruiter he was transferred to the
Forestry unit.

Pte. Gregory, of the 135th Battalion,
who was reported as being in serious
condition from pneumonia, died at the
base hospital on Thursday night. His
home was in Granton, Ontario, and he
had been admitted to the hospital on
August 10, from Camp Borden. Fun-
eral arrangements will be completed
by the battalion of which he was a
member.

Lieut.-Col. T. B. Richardson has
been notified to make preparations for
the sending overseas in September of
a large draft of N. C. O.'s and men,
who will be taken from the staff of
the base hospital and camp clearing
stations of No. 3 Military District. The
first class will begin at Niagara on
Monday, with Sergeant-Major McGill-
luddy in charge. Recruits are need-
ed at the hospital to take the place of
the men who are going away as the
staff is under strength. Those wishing
to join should apply to Sergt. McRae,
at the base hospital.

Captain Sinclair, provost-marshal,
has signed forty men on his staff dur-
ing the past week. The majority are
men who have been discharged from
overseas units after being able to pass
the final test, or are men who have
fought in France. A place of de-
tention for offenders has been estab-
lished in the basement at the armories,
where a guard will have to be supplied
by the provost-marshal.

A rumor to the effect that the mil-
lits department at Ottawa had ordered
the 213th Battalion to remove the
words "American Legion" from all hat
and collar badges is without founda-
tion. According to Major Foster, sec-
ond in command of the battalion, the
213th had never used the words on
such badges, and therefore no order
was necessary from headquarters. The
213th Battalion is making rapid pro-
gress in recruiting thruout the prov-
ince and advancing in strength more
quickly than any other infantry
unit now recruiting. It was
reported that Capt. E. B. Heiser, pub-
licity agent, had resigned, but this also
is untrue. In reference to a report that
the 97th Overseas Battalion, which
was stationed here last winter, had
ceased to exist as a unit, Captain
Heiser said that such was not the
case. The battalion had only been
broken into small detachments and
sent overseas in that manner to avoid
danger in transit, but it has not been
disbanded.
