PARLIAMENT DEBATE ROWELL-MURPHY

(Continued From Page 1.)

On the question of funds, Mr. Rowell was emphatic that he never received a cent from any fund for his own personal use in his life. He referred to Mr. Murphy as a "veritable leech" and said that he had attacked the chief whip of his own party, and was reported to be challenging the supremacy of the leader of the opposition himself.

Mr. Murphy said that Mr. Rowell was not satisfied to constitute himself Canada's big physician, but he took over the mounted police and assumed the role of big policeman. He had caused it to be announced that the Dominion Mounted Police would be used all over Canada for the enforcement of federal legislation, and also to give assistance to the provincial authorities in the maintenance of law and order.

that the member for Russell did this afternoon," said Mr. Rowell.

Mr. Rowell proceeded to take up some of the points in the charges made by Mr. Murphy. That gentleman, he said, had made some charges against himself in the speech in 1918, "when he made an even worse exhibition of himself." In the midst of war, Mr. Murphy had chosen to make an inflammatory and partisan speech at a time when unity was most needed amongst Canadians.

Use Paper Serviettes

For Informal Occasions

Nowadays in most Canadian homes you will find a supply of paper serviettes. Housewives vote them indispensable for their casual guests—always at luncheon—when serving refreshments at night—or when off on a picnic.

They defeat the high cost of laundry. They are most attractive in appearance. In fact, they are just one more Eddy improvement in housekeeping methods.

GAS SITUATION
PROBED AT CHATHAM
Financial Aspect is Dealt With
at Investigation at the
Court House.

Chatham, March 9.—(Special.)—The financial aspect of the natural gas situation at the court house today before Gas Commissioner E. S. Bastin, who permitted statements to be given provided they did not have any bearing on a proposed increase of gas rates. He held that so long as such statements were referred to capital investment, such evidence was permissible. The strong objection was voiced by the city solicitor on the ground that Samuels' evidence was not relevant to the hearing today.

This gave the city solicitor the opportunity, however, to put in an exhibit, subject to verification at the adjourned hearing on March 23, the report of Auditor Warwick, Mitchell, Fox & Co. on a probe in the Union Gas Company's books, which cost in the neighborhood of \$400 to prepare. Such report was authorized by the Ontario Railway and Municipal Board when some two years ago it held an enquiry into the gas situation, at which charges were made that Union Gas Company's stock had been used to speculate in the market, with new methods, was adopted by the late government in the meantime.

Old Gregory has
Driving Power

Sixty-five years old, but still keen and active, a power in business and among friends. What is at the back of his "drive"?

It's health—lungs sound, blood pressure normal. And back of his health are regular habits—proper elimination. Yes, it's largely this habit of regular bowel evacuation that keeps "old man Gregory" young. The poisons of constipation effect more distinctive changes in the body than perhaps any other cause. Keep your system free of these poisons by habitual, daily movement.

If you have difficulty in cultivating this habit, remember that by an entirely new principle Nujol will keep the poisons waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. It is absolutely harmless and pleasant to take—try it. Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

Why pay tribute to foreign publications when you can get a home newspaper equally as good in literary merit and superior in that it deals from the national standpoint with the things that interest Canadian readers? R. D. WAUGH CHAIRMAN OF SAAR COMMISSION

Ottawa, March 9.—Discussing the Saar Valley commission in the house tonight, Hon. Martin Burrell, minister of customs, stated that R. D. Waugh of Winnipeg, representative of the British Empire on the commission, has been appointed to the chairmanship of the commission.

This is the first intimation from any member of the government of this appointment, which was rumored in recent despatches from Winnipeg.

DIPLOMATIC STEPS ONLY

Rome, March 9.—Italy will associate herself with the allies only in diplomatic steps to be taken regarding Constantinople, says the newspaper Popolo d'Italia, which declares the nation's objects in Asia Minor are of a purely economic character.
