

OSPREY.—As this country is one of recent settlement, and as the crops have suffered, with other parts, many of our friends, so far from being able to assist in a Missionary's support, have literally not had bread to eat : these circumstances explain the reason of our small revenue, and slender contributions to the funds of the Connexion. However, if we are unable to sustain a Missionary, we are *attached* to the cause ; and believe that in this part of Canada the labours of your agents have been blessed to the conversion of many souls. We earnestly desire the continued support of the Committee and friends of the Connexion ; and trust that in the coming year we shall have a more interesting report to submit to our kind Missionary contributors, and the Brethren in Old England, that help to support the gospel among us.

DAVID WOOD, President.

THOMAS FOSTER, Secretary.

MINTO.—A new Mission this year.

WALPOLE.—This Mission, according to the statistics which were sent to the District and Conference, is advancing. In order to increasing *pastoral visiting*, and extending the work, this Mission is now divided into two, and a Missionary stationed at York, on the Grand River. The past year has been particularly marked with *peace*, and earnest co-operation ; and the officials, united, are sanguine for the future.

GALT AND BLENHEIM.—In some parts of this Mission there has been a gracious work ; whilst in other parts, through peculiar circumstances, we have had difficulty to keep our ground. Two hundred dollars has been raised for chapel purposes during the year, and our chapel at Drumbo has been greatly improved and finished. Numbers of unconverted people frequently attend our services, and we have sanguine hopes that many will be won to the Saviour ere long. We have faith in relation to prosperity in the present Connexional year.

T. NATTRASS, President.

THOMAS PASMORE, Secretary.

BRANTFORD AND PARIS.—We are truly sorry that during the year this Mission has had to *draw so largely* on the Mission Fund ; but we rejoice to say, that for the year just ended, nearly one hun-
