

N. B. Social Service Council Appreciates Assurance Of Govt. to Enforce Liquor Law

Rev. Thomas Marshall, Secretary of Alliance, Tells Members Cabinet Has Said That Chief Inspector Has Free Hand—Many Resolutions Passed

RESOLUTIONS expressing appreciation of the assurance that the Provincial Government was prepared to enforce the prohibition law and a decided improvement in present conditions might be looked for, urging mothers' allowances legislation, the establishment of a prison farm and the enforcement of laws with reference to gambling, were passed unanimously at the annual meeting of the New Brunswick Social Service Council held in the Board of Trade rooms in two sessions yesterday.

Rev. Neil MacLauchlan, of Bathurst, retiring president, was in the chair and Mrs. H. A. Goodwin was elected president for the ensuing year. The executive endorsed Rev. J. P. Jones, general secretary of the Dominion Social Service Council, to undertake to collect funds for the Dominion Council in this province and during the coming year undertake to urge upon the Government the need of a prison farm, a home for the feeble-minded, amendment of marriage laws, mothers' allowances and compulsory care of drug addicts.

AFTERNOON SESSION. Rev. Neil MacLauchlan, president, in his address, reviewed the council's contact with the Provincial Government during the year making special reference to the council's urging of care for the feeble-minded, mothers' allowances, care of the children born out of wedlock, prison farm and other important matters. Rev. J. P. Jones, general secretary of the Social Service Council of Canada, was introduced and the New Brunswick council heartily endorsed Mr. Jones to conduct a fund-raising campaign for the Social Service Council in this province. A communication from the Social Service Council of the Fredericton diocesan synod was received.

PROHIBITION LAW. Rev. Thomas Marshall, secretary of the New Brunswick Temperance Alliance, outlined the scope of the prohibition law and the Government's relationship to its enforcement. He spoke of the attitude of the Government and the chief inspector and said both had declared that the chief inspector's hands were entirely free to carry out full enforcement. Mrs. E. A. Young presented a resolution on mothers' allowances and spoke strongly in advocacy of such legislation. Rev. E. E. Styles spoke of the laxness of the existing marriage laws and urged certain changes. W. E. Scully spoke in advocacy of the establishment of an industrial farm especially to care for the short-term prisoner enabling him to pay his way and to aid his family. The hearty thanks of the meeting were tendered Mr. Scully.

GAMBLING LAW. Rev. J. P. Jones spoke on the gambling laws and the government attitude towards them. He regretted exceedingly that no person shall be allowed to marry within seven days after the issuing of the license, that immediately the license has been issued, that fact shall be published in the public press, that the number of vendors of marriage licenses shall be reduced and that they shall be obtainable only from government appointed officials appointed for the purpose.

He spoke in passing of the problems of social hygiene, the care of mentally defective, and the unemployed. He felt that stricter measures with regard to immigration should be adopted, and he specially referred to a very discreditable record of one agency which had brought girls to Canada. He closed with some criticism of conditions in jails and prisons, especially those in Nova Scotia.

CARE OF FEEBLE MINDED. Dr. Mabel Hanington was the last speaker and her subject was "The Care of the Feeble Minded." She said 68 per cent of feeble minded cases were hereditary and had been bred in a family. She thought it extremely important that the provincial government attend so much to the improvement of stock and neglected the improvement of the human family. Dr. Hanington gave statistics to show the tremendous cost to the community of the feeble minded cast adrift in the world.

The doctor told of what she had seen in the institutions for the care of the feeble minded in the United States. She contrasted conditions with those in Nova Scotia where no such care is provided and where all types of feeble minded are found. In the Industrial Home she found, out of 46 inmates, only eight were not sub-normal. One boy of 17 years, who had only a mentality of 4½ years and had been sentenced for four years for stealing food. She knew of five boys in Saint John who, under excited circumstances, could easily become murderers.

HOPES FOR PROTECTION. She hoped that the time would come when New Brunswick would have protection for its feeble-minded. She believed the people of the province generally would eagerly support a scheme for the establishment of a provincial institution for the care of the feeble-minded. Heartily applause was given Dr. Hanington at the conclusion of her address. Resolutions of appreciation were extended to Rev. J. P. Jones and Dr. Hanington and the Board of Trade.

THOSE PRESENT. Those present at the afternoon session were: Rev. A. K. Herman, Miss C. T. Clark, Rev. Hugh Miller, Miss C. O. McGivern, Mrs. Hope Thomson, Mrs. C. D. Wilson, Dr. William Warwick, C. W. Weyman, Sussex, W. J. Baxter, Rev. W. Lawson, Mrs. E. Scott, Rev. F. T. Bertram, W. E. Scully, Mrs. J. H. Doody, Rev. Hugh Miller, Rev. E. E. Styles, Rev. John Unsworth, Mrs. E. A. Young, E. S. Hennigan, Rev. J. Y. Young, Rev. A. D. McLeod, Rev. C. M. Morgan, Mrs. S. Flagg, Miss Alice G. Rising, Rev. J. Pinkerton, Rev. W. J. Davis, Rev. A. I. Fleming, Rev. H. A. Goodwin, Hon. R. J. Ritchie, C. T. Chapman, Rev. Neil MacLauchlan, Bathurst, Rev. A. L. Tedford, Rev. Thomas Marshall, Fredericton, Rev. J. P. Jones, Toronto, Rev. A. W. Robbins and Mrs. H. Hooper.

RESOLUTIONS. Resolutions adopted were as follows: "That the council appreciates the assurance of the Provincial Government that it is prepared to enforce the prohibition law in New Brunswick and that the council looks forward to a very decided improvement over present conditions."

"Believing that a stern and strong necessity exists for a Mothers' Allowance Act for our province, the council heartily endorses the same, and respectfully asks the Provincial Government to take such steps to secure the necessary legislation to have such an act put in force for the Province of New Brunswick."

"That the council respectfully submits that the time has arrived when the Provincial Government should take steps to provide a prison farm for the Province of New Brunswick similar to that now in operation near Guelph, Ontario."

"That the council does earnestly urge that the government of New Brunswick enforce the laws respecting gambling in all forms."

PROGRAM PLEAS. The City Chorus Band gave an excellent musical program for the pleasure of the patients and staff in the County Hospital last night and the fine performance was very greatly appreciated. Heartily thanks were extended to the members of the band and the bandmaster.

LIKELY TO SUMMON PRESS CONFERENCE

League of Nations Council Will Probably Make Favorable Decision Next Month

GENEVA, Feb. 10.—With the meeting of the League of Nations council in March, final decision will be taken on the proposal of Chile to hold an international press conference at Geneva under the auspices of the league.

It is already certain, however, that this decision will now favorably respond to the secretary of the League of Nations from all portions of the world have been unanimously favorable.

As soon as the league council in March gives its final sanction to the project, preparations will be gotten under way along the lines that have been definitely adopted by the league for the preparation and holding of an international conference.

PLAN OF ACTION. There will first be summoned a commission of journalistic experts whose duty it will be to study carefully all the possibilities of such a conference, prepare an agenda and work out any and all ideas and projects which it thinks ought to be submitted to the conference.

When this work has been done the league will then convene the conference either for later in the year, or possibly not till 1927 if it seems that additional time is necessary for its preparation.

The preparatory commission of experts that will first be summoned presumably for some time during the coming summer will consist of somewhere between twenty and forty representatives of all the leading international news agencies and publishers groups of all the leading nations of the world.

DAIRY MEN PROTEST

Persistent Requests Sent for Relief From Provisions of Treaty

OTTAWA, Feb. 9.—In a sitting which closed at 6 p. m. today, the house continued debate on the Conservative amendment to the address moved by Donald Sutherland of South Oxford. This is the amendment which holds that Canadian dairymen is being subjected to unfair and unwarranted competition by reason of recent trade agreements. Although not specifically mentioned, the Australian treaty is particularly in view.

The debate was continued from yesterday by J. A. MacDonald, Conservative of Kings, P. E. I. Mr. MacDonald objected to extensive expenditures on the Hudson Bay Railway while P. E. Island could not get \$750,000 for its own railway.

ROUTER IMPORTS. Hon. W. R. Motherwell, Minister of Agriculture, declared that despite all

the "noise" about the Australian treaty, only 270 pounds of Australian cheese had "flooded" the Canadian market since the treaty came into effect. Of butter, about 2,000,000 pounds had been imported. As Canada manufactured about 275,000,000 pounds annually, what possible effect, questioned Mr. Motherwell, could have the importation of so small a quantity? To this, Fred Davis, Conservative, of Calgary, returned that dairy industries throughout Canada were sending persistent requests to the Minister of Agriculture for relief from the treaty.

EXCEPTION TAKEN.

In his address, J. A. MacDonald (Conservative, Kings, P. E. I.), took exception to the assertion which had been made, he said, by some Liberals that Rt. Hon. Arthur Meighen "did not dare to go to Quebec during the election campaign." The reason was that the Conservatives, believing that the people of Quebec were reasonable people, expected that they would recognize that Conservative policies were better for Quebec than Liberal policies.

PROPAGANDA CHARGED.

The member for Kent, N. B. (A. J. Doucet) had already described in the House what sort of propaganda this had been, and by this time the people of Quebec should be able to judge for themselves the full meaning of it. French Liberals had condemned the Orange Sentinel, but it must be admitted that the Sentinel was sent to people in the Maritimes Protestants and Catholics alike.

Without any attempt at secrecy, Mr. Doucet had proved that some of the anti-Conservative pamphlets distributed in that part of the world had been less honest about their origin, and had been sent out "under cover and behind the scenes."

O. Sallis as a 1926 snowman. Costumes which received honorable mention were Mrs. H. Garnett as "Sweet Sixteen," and Mrs. L. Garnett as a comic valentine.

The judges were Miss B. Hatfield, Miss H. Derrier, J. J. Macdonnell and O. P. Olive. The band furnished a program of 15 sections during the evening.

Miss ANNE MORGAN points the way to Women—in Business as well as in Social Life

Among the many women who are my friends, a high standard of personality always demands physical as well as moral and mental development and care. Whether their interests lie in business, professional or social activities these women desire always that their complexions should be clear and vigorous. So many achieve this end by following the Pond's Method that I should like to see the dressing rooms of our new Club House of the American Woman's Association equipped with Pond's Two Creams.

Anne Morgan

This photograph of Miss Morgan, made in Paris by Baron de Meyer, reflects the powerful personality the inheritor from her father, founder of the great American banking firm, J. P. Morgan and Company

ANNE MORGAN is unique among the women of America. Born to unlimited wealth and position of unequalled rank, she has dedicated her life to great achievements for humanity.

Her greatest interest is the welfare of other women. And because she believes that business women are on the highroad to success she is investing her faith and energy in their behalf. So in planning the equipment of the new Club House of the American Woman's Association—a project in which she is deeply interested—she thinks even of the details that will accord with the personal tastes and contribute to the more attractive appearance of its members.

THE TWO CREAMS DISTINGUISHED WOMEN USE

Made in Canada

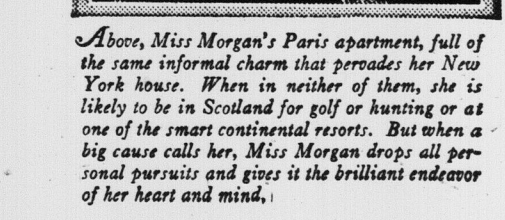

So Miss Morgan declares: "I should like to see the dressing rooms of our new Club House of the American Woman's Association equipped with Pond's Two Creams."

THE FIRST STEP in the Pond's Method of caring for the skin is a deep, thorough cleansing with Pond's Cold Cream. Every day, always after any exposure, and before retiring at night, smooth Pond's Cold Cream lavishly over your face, neck, arms and hands. Let it stay on a few moments. Its pure oils will sink down into the pores and bring to the surface the dust and powder which clog them. Wipe off all cream and dirt. Repeat the process and finish with a dash of cold water.

THE SECOND STEP is a soft finish and protection with Pond's Vanishing Cream. Fluff on just the least bit. See how soft and even the surface of your skin is—how clear its tone. Notice how smoothly this cream takes your powder and rouge, and how well it makes them cling to your skin.

You should always use Pond's Vanishing Cream before you powder, and before you go out, for it adds protection from unfriendly wind, dust and cold.

In any drug or departmental store buy your own Pond's Creams in tubes or jars. Follow the method used by so many distinguished women to keep their complexions fresh and vigorous.

Above, Miss Morgan's Paris apartment, full of the same informal charm that permeates her New York house. When in neither of them, she is likely to be in Scotland for golf or hunting or as one of the smart continental resorts. But when a big cause calls her, Miss Morgan drops all personal pursuits and goes to the brilliant endeavor of her heart and mind.
