KLIM
is Genuine Powdered Separated Milk
THERE can be no question about the purity of Klim. It is made by separating the butterfat from liquid milk and drying the food solids, which include protein, into a fine powder by the "spray process." No chemicals nor adulterants are used. Klim is in powder form within a short time after the liquid milk is received at the milk powder plant. Of course, the separated milk for Klim is pasteurized. This is the best guarantee of safety and does not affect the natural flavor. Try a tin. Order from your grocer.

SPOKE ON "RECONSTRUCTION"
An instructive and inspiring address on "Reconstruction" was delivered last evening in the Knights of Columbus lecture series in their rooms in Coburg street by Hon. R. J. Ritchie. He gave a lecture of much interest and his remarks were followed with appreciative attention. M. T. Morris, lecturer, presided and tendered the speaker a hearty vote of thanks, moved by T. K. Sweny and seconded by Florence McCarthy.

To Readers of the Atlantic Leader

OUR publication starts 1920 firmly entrenched in these prosperous Maritime Provinces. We have been turning out a good paper, but it is our ambition to turn out a much superior one. We are going to have a three full page three-color comic feature each week, including "BRINGING UP FATHER" which is without doubt, the finest comic on the market.

In addition we are arranging to have more pictures of Maritime Province interest, and instead of having our illustrated section printed in ordinary colors, we are negotiating to have it rotogravured—similar to the illustrated sections of the great American Sunday papers. We are also adding as a permanent feature, up-to-the-minute Sport and Children's pages.

All this costs money. Perhaps you don't realize that the price of 5c does not pay for the illustrated section alone. In order to improve the quality of The Leader so that it will meet all competition, starting from the first issue in February the retail price will be 10c a copy on news stands OR \$5.00 a year by mail.
