LOCAL NEWS

FIRE ALARM TODAY

The fire alarm was rung in this morning about 10.46 from box 241 for a fire in Richard Myles' residence, 98 Winter street. The fire department quickly responded, but the fire, which was in the kitchen, had been extinguished.

HAS RECOVERED

John Kelley, who was injured recently in Misses, when he fell from his horse, and was taken to the General Public Hospital for treatment, returned home Saturday afternoon fully recovered.

CONTRACT AWARDED

At the board of trade offices this morning it was said that word had been received that the contract of the R. M. S. P. steamers for service between St. John, Halifax and the West Indies had been renewed for another year.

CHALLENGE

The young Atlantics from Lower Cove challenge the St. Peter's Juniors, to a game of ball to be played on the Barack Square Tuesday or Wednesday night. If accepted, answer through this paper.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. H. L. Vallis, 98% Adelaide street, announce the engagement of their youngest daughter, Edith Crawford, to Raymond Magee of Hibernia, Queen's county, N. B. The marriage to take place in September.

MORE AUTO SPEEDING

Some people of Renforth complained this morning that automobile drivers were very careless when driving along the main road. The indignation of the people was aroused yesterday when on several occasions automobiles were using the road as a speedway, actually racing side by side. The speed of automobiles on this road, according to law, should not exceed ten miles an hour.

HEALTH MATTERS

Earle G. Brown, a sanitary inspector for Queen's county, reported to Dr. J. F. L. Brown, district medical health officer for the southern district, that certain wells in Chipman, which have been under observation for some time, are polluted, because of the seepage from a cess-pool. The matter is being investigated and in a short time the wells will be purified or condemned. Three samples of the water used in Hawthorne avenue, supposed to come from a pure spring, were found to contain seepage from a cess pool.

CONNELL-ALEXANDER

The wedding of two popular young people of this city took place in Montreal today in St. Patrick's Cathedral, when Rev. F. Singleton officiated in marriage Miss Jean, daughter of Mr. and Mrs. Thos. Alexander of this city, and George Connell, formerly of North End. The wedding was performed with nuptial mass at seven o'clock. The bride was attended by her sister, Miss Nellie, while her brother, Frank Alexander, supported the groom. A wedding trip to Ottawa will follow, after which Mr. and Mrs. Connell will reside in Montreal, where the groom is in the service of the Manchester Steamship Corporation. Among a beautiful array of wedding presents received was a substantial one from her employer, John Magee, Princess street. Both bride and groom have many friends here who wish them much happiness.

FOR INCORPORATION OF HAMPTON AND ROTHEASY

A movement is now on foot to incorporate the villages of Hampton and Rothesay. A committee composed of S. H. Flewelling of Hampton, chairman; Dr. J. F. L. Brown, district medical health officer for the southern district, and Dr. O. R. Peters of Rothesay, a member of the sub-district board of health for Kings county, has been appointed with the authority to call public meetings in these places for the purpose of incorporating these villages so that the water and sewerage systems may be improved.

"BLOW OUTS" VICTORIOUS

"They came, they saw, they conquered." T. McAvity & Sons, "Blow Outs" journeyed out to Loch Lomond on Saturday afternoon and met and defeated the crack team of the village, the Loch Lomond Cyclones, by a score of 4 to 3.

Such baseball has never been played in the vicinity of St. John in a number of years, for when the official score tabulated the score, he found only three excusable errors recorded against both teams.

For the Blowouts Messrs. Knox and Treat certainly showed that they were some slab artists for the best the Cyclones could do was to connect safely only six times, three hits off each twirler. Chief Myers, Mr. Lattney and the other players certainly were there with the goods, while for the Cyclones the star performers were Biggie Crawford, formerly of Detroit but who has lately been farmed out by Hughie Jennings, he was certainly there with the sticks, and W. A. Winchester, who has yet to make his first error.

One very regrettable feature of the game, however, was the somewhat ragged performance of E. Wood, he was benched by the manager of the Cyclones for trying it is said to double cross his team and therefore has been banished forever from the pay roll of the Cyclones.

The umpire-in-chief, David Currey, umpired satisfactorily to everybody, he was ably assisted by Ex-Mayor of Loch Lomond, A. S. Proffitt who umpired the bases.

Too much cannot be said of Mr. (Doc) Winchester who certainly can score any kind of a ball game.

At the conclusion of the games supper was served by the ladies of the Loch Lomond Club and everybody was loud in praise of the spread that was put before them. After justice had been done to the supper sports of different kinds were indulged in including foot races, the feature of which was the ladies' race which was won by Mrs. A. S. Proffitt, with Mrs. W. A. Winchester second in the remarkable fast time of fourteen seconds. The top-of-war was one of the most important features of the day Blow Outs vs Cyclones, but the natives showed them a thing or two and won by two out of three pulls.

Some of the prize-winners of different events were Mr. Woods (now Mayor of Loch Lomond) Bill Crawford, to whom was presented a beautiful pipe for his great hitting in the game. Mr. Murphy, Mr. Paterson and R. A. McAvity. Through the generosity of the Messrs. C. E. and R. A. McAvity suitable prizes were given and also cash prizes donated by Albert Crawford.

SAVED FROM GOING OVER FALLS

Motor Boat Party of Ten or Twelve in Danger Last Evening

Drifting perilously near the reversing falls with the tide carrying them along, a motor boat party consisting of some ten or twelve persons, young men and women, were in grave danger last evening, but were rescued through the prompt efforts of Carl Bonnell of Ketchikan. The tide was running down quite strongly at the time and a few more minutes would probably have seen the distressed party in the pitch of the engine and the boat began to drift. None on board was able to repair the break and as they felt themselves being carried along towards the falls they sent up cries for help. Mr. Bonnell had been at Belyea's Point with some friends from St. John and was letting them off at the wharf when he noticed a motor boat drifting along the wharf and told him that a boat was in distress at the falls. He put out and coming alongside, threw a line which was fastened to the disabled craft, and towed her into safety.

HIT POLICEMAN; \$80 OR 10 MONTHS

In the police court this morning five men, charged with drunkenness, were remanded. One of the number said he drank liquor in his own house and bought it on a prescription, paying \$4 for a bottle.

James Moore was charged with being drunk and also with assaulting Night Detention Policeman Thomas. The policeman said that on Sunday morning about 3 o'clock, while he was looking after two sick men the accused, who was in the cell with one of the sick men, wished to be removed to another.

The policeman consented and says that while he was making the change the accused struck him behind the ear and tried to escape. The policeman, who was walking ahead of the prisoner, was taken by surprise and fell to his knees but recovered himself and caught the prisoner.

After a severe reprimanding the accused was fined \$80 or ten months in jail with hard labor for the assault and \$8 or two months in jail for being drunk. Edward Burke was charged with being drunk and also with furiously driving a team on the March road, endangering the lives of pedestrians. He was remanded.

A juvenile, James Moore and William Moore were charged with breaking and entering and stealing biscuits from a C. P. R. car in the C. N. R. yard, and William Somers was also charged with interfering with Policeman Colwell in the arrest of James Moore.

C. N. R. Policeman Roberts said that on the afternoon of July 27 he was going through the freight yard and as he was approaching C. P. R. car No. 60513 saw the three accused leave the car and run between No. 3 and 4 sheds up over the hill towards Carleton street.

He found the car seal broken, the door partly open and in the car a box of cake and biscuits was broken into and about three pounds of the contents taken, also the caps on some mineral water bottles were broken. The policeman said that he closed the door and had a seal put on the case. Returning to the vicinity of No. 3 and 4 sheds later, he said he saw the three coming down over the hill, but seeing him they ran away. The policeman said he went up to Carleton street and met Policeman Colwell and reported the matter to him and afterwards James Moore was arrested.

Policeman Colwell told the court that he went down to Smythe street and saw three persons who answered the description given by Policeman Roberts, one in khaki, one in civilian clothes and one a small boy.

Following the three to the power house he placed James Moore under arrest and William Moore interfered. The policeman called to a fireman in the power house to assist him but with the help of a few bricks which the accused threw at the fireman he escaped. William Somers, a fireman in the power house, gave corroborative evidence.

Detective Biddiscombe said that in company with Sergeant Detective Power and Detective Donahue he went to Misspec to the old pulp mill. They saw the accused. Detective Biddiscombe said he asked one if his name was Moore. He answered "No," and started to escape, but was captured and placed under arrest. The case was postponed until Friday morning at 11 o'clock.

The police say that the youth who was arrested was found to be a very popular bicyclist from an alleyway near Vanwart's. The bicycle was recovered by the detectives and is now at the police station.

REV. PERCY COULTHURST IS HOME FROM OVERSEAS

Many were interested in the announcement today that Capt. Percy Coulturst had returned from overseas, having landed at Quebec yesterday from the S. S. Scotian. He was formerly curate of Trinity church here and was very popular. Unable to join as chaplain with the forces he enlisted in the ranks and was employed in the orderly room as clerk with the 118th Battalion. At Bramshott during an official ceremony he was called upon to take part and made a distinct impression, wearing his clerical cassock and surplice over his private's clothes. This brought him to the notice of the minister of militia and it was not long afterwards that he received his captaincy as chaplain. He has been overseas since July, 1916, and will receive a hearty welcome from many friends here.

HAVE REACHED QUEBEC

A wire to Charles Robinson, Secretary N. B. Returned Soldiers' Commission, states that the following men have arrived at Quebec on the S. S. Scotian and will proceed to St. John by first train: Captain P. Coulturst, Rothesay; Signal-T. H. McCabe, 70 Main street, St. John; Mrs. C. E. McGinn, Three Brooks, Victoria county.

To Create a Beautiful Bedroom

The ability to create that harmonious ensemble which suggests quiet restfulness, simplicity, refinement and good taste, is the vital requisite in the correct furnishing of the bedroom.

Just as the artist blends the colors on his canvas to produce a composite masterpiece, so should every detail that enters into the furnishing of the bedroom blend into one pleasing picture.

EVERETT'S will be glad to help you accomplish this ideal in the furnishing of your bedroom. It matters not whether your home is modest or pretentious, the same cordial and competent helpfulness is always at your disposal here—and you will find most unusual selections in desirable bedroom furniture, in Floor Coverings, in Hangings and in Wall Papers at almost any price you may care to pay.

Feel free to come here for suggestions in Bedroom Furnishings.
