

CAPT. TREHAN ACQUITTED ON FIRST CHARGE

Not Guilty of Smuggling Is
Decision of St. George
Magistrates

ST. GEORGE, Aug. 13.—"We find that there is absolutely no evidence before this court to convict Captain Trehan of smuggling and therefore dismiss the case." In these words Justice McGowan delivered the judgment of himself and Associate Justice Dewar in the customs case against Captain Trehan of the schooner Granite. Although acquitted on the smuggling charge, Capt. Trehan must answer to another charge, that of hovering with intent to land goods in Canada. The schooner Granite was seized by Captain Kenney of patrol boat G, preventive service, on July 29. She was then lying at anchor beyond the three-mile limit at the Wolves on rum run. Captain Kenney towed the schooner into Beaver Harbor, where she was placed in charge of Sub-Collector McKay. She was afterwards taken to Saint John, where she was tied up at Berth 7, West Saint John, with a full cargo of rum.

SAINT JOHN WITNESSES. Witnesses for the prosecution, today, included Collector Lockhart of Saint John, who testified to examining the papers of the Granite when she arrived in Saint John Customs. Ex-Officer Wright, of Saint John, who

FATHER NEPTUNE IN SAND

engineer was an expert in repairing engines. On the appearance of the cutter members of the crew had cast him off and he was captured by the cutter. Crown Counsel Teed was very severe in his examination of Baasch's evidence, the prosecution trying in every way to introduce into the records evidence that the defense claimed would be damaging to the witness in his own case in which he is the defendant. Many questions were not allowed and Baasch on the whole gave very favorable evidence for the defense. Police Sergeant McLeese told of the arrest of Captain Trehan and his crew at Saint John. Justices McGowan and Dewar assisted by Clerk of the Peace P. Elmer McLaughlin presided at the trial. Messrs. Ross, Frauley and Henneberry were for the defense, and Messrs. Teed, of Saint John, and Cockburn, of St. Stephen, for the prosecution. Miss Jean Matthews, stenographer at the Customs House, Saint John, took the evidence, and the court, which was held in the Town Hall, was crowded with spectators. The Baasch case comes up on Tuesday next but as the lawyers have agreed on a further postponement, his ball will probably be continued and the case put over until the following week.

MARY RECAPTURED IN B. C.

Is Biggest Three Circus Elephants That Escaped Near Cranbrook

VANCOUVER, Aug. 13.—"Mary," biggest of three circus elephants which stampeded near Cranbrook last week, has been captured, according to George Myers, circus official, who arrived in Vancouver today. Two smaller elephants, "Charley Ego" and "Myrtle" are still at large. The hunt for these animals probably will be abandoned, said Myers.

No Change In Regulations

MANY enquiries are being made at the Tourist Bureau, Market Square, by local merchants and tourists, regarding the U. S. Customs regulation on goods purchased in Canada by U. S. tourists. Some confusion seems to have been caused by a statement published in a Boston paper that the one hundred dollar exemption had been rescinded. This is not the case, the Bureau states. Any United States citizen remaining in Canada for three days or more is entitled to exemption from U. S. Customs duties on goods purchased in Canada up to a value of one hundred dollars.

GIFT PRESENTED TO C. M. McCULLEY

Central Church Members Honor
Y. M. C. A. Boys' Work
Secretary Leaving Today

C. M. McCulley leaves today to visit friends in Nova Scotia, and next month will go to Montreal to take a course of special studies at the Y. M. C. A. school there. His intention is to enter McGill University later and take the five year course in social service and religious education with a view to taking up Y. M. C. A. work in the future. Mr. McCulley has been connected with the Saint John Y. M. C. A. work for the last four years, and has very many warm friends here. His work has won for him highest commendation and has greatly furthered the association endeavors in Saint John. Mr. McCulley was office secretary at the local Y. M. C. A. for one year and during the last three years has been the Boys' Work Secretary. He is being succeeded as boys' work secretary by Harold Williams, son of John G. Williams, of Saint John, who is coming from Halifax to enter upon his new duties here. Mr. Williams was formerly a worker at the local association and will be cordially welcomed in taking over the headship of the boys' department.

HONORED BY FRIENDS.

Mr. McCulley has been very closely associated with many of the activities of the Central Baptist church and will also be greatly missed by the members of his congregation and Sunday school. This week a handsome club bag, the gift of the Sunday school of Central Baptist church, was presented to Mr. McCulley by the superintendent, C. M. Jenner, as a mark of regard and appreciation. Mr. Jenner also expressed on behalf of the school the best wishes for Mr. McCulley's success in his new endeavor. Mr. McCulley was president of the Central Baptist B. Y. P. U., a member of the church choir and a teacher in the Sunday school.

GLOUCESTER COURT ADJOURNS. BATHURST, Aug. 13.—The August term of the Gloucester County Circuit Court, with Chief Justice Barry presiding, was adjourned this morning as there was no further business.

\$5,000 LIBEL IS PUT ON SHIP AT BANGOR

BANGOR, Me., Aug. 13.—The Boston schooner Cora F. Cressey, upon her arrival here yesterday, with coal from Newport News, was libelled for

\$5,000 on action by the Boston Maritime Association, owners of the schooner Jennie Flood Kruger, to recover damages from a collision three miles off Cape Henry on July 24. It is charged that the Cressey drifted down upon the Kruger, which was at anchor, although repeatedly warned and struck

the Kruger forward with so much damage that she had to go in for repairs. In the Amazon and its tributaries lives the pirai, a comparatively small fish which goes in shoals and attacks bathers. Its teeth are razor-like.

"Here's How I'm Fixed"—

"If I live to old age I'll be able to enjoy a well-earned rest."
"If I should die earlier my good wife will have an income for life."
"If accident or disease lays me aside permanently before I'm sixty or even for a period of three months or more, I get a monthly cheque until I get better."
"If, later on, I urgently need cash, The London Life will lend me money."
"If my circumstances change I can adjust my policy to suit, without even medical examination."
"How's that for real life insurance protection?"
"The cost? Why, it actually works out at less than 2%, because the premium is only \$202.00 a year for \$10,000 protection and the annual dividends reduce this considerably."
"It certainly is different and I'm glad I've got it!"

When interested in life insurance ask the London Life representative for a Jubilee Policy. It is the kind described above and he is the only man who can give it to you.

*A Custom Car in all Respects
but Price!*

MADE POSSIBLE BY ONE-PROFIT FACILITIES

TRUE to the Studebaker tradition of keeping up-to-date by keeping ahead of the procession, this Studebaker Custom Sedan embodies all the coveted custom beauty of master designers and satisfies the utmost longing for custom luxury and line.

Equipment

No-draft ventilating windshield, exclusive Studebaker bumper and bumperettes; engine heat indicator and gasoline gauge on the dash; coincidental lock; oil filter and air purifier; automatic windshield cleaner; rear-view mirror; traffic signal light; 4-wheel brakes; full-size balloon tires; and two-beam screen headlights, controlled from steering wheel.

A low-swinging body gives it the grace of a custom appearance—duotone lacquer gives it the lure of a custom finish—pin-striping gives it a note of custom individuality—broadlace trim and Butler finish hardware impart interior custom decoration—and fine Chase mohair upholstery completes a car that is a custom creation in all respects save what you pay for it!

Equipped with a ventilating system (exclusively Studebaker) which insures fresh air without drafts or moisture—uniting the quiet smoothness and power of the Studebaker L-head motor with all the riches of custom draughtsmanship and detail—even to the silvered radiator emblem of Atalanta of whom Swinburne wrote, "footed as the wind."

Only one word can describe it—BEAUTY! Only one plant can produce it—STUDEBAKER! And only this makes it possible—ONE-PROFIT FACILITIES! We invite you to see the Studebaker Custom Sedan—in our showroom.

GUM-DIPPING

**Insulates
Every Fiber
of Every Cord
with Rubber**

Cut-away section of Gum-Dipped Balloon, showing unperforated cord insulated into fifteen smaller cords, combined of many little fibers, all thoroughly saturated and insulated with rubber by Gum-Dipping.

Car owners have never been able to buy tire mileage at so low a cost per mile as they can buy Firestone Gum-Dipped Tires to-day. And never before have they been able to buy tires so comfortable, safe and trouble free.

This is possible because of the highly skilled research engineers who have developed special machinery and processes for manufacturing Gum-Dipped Tires, combined with economical national distribution through efficient Service Dealers, many equipped with the latest Firestone methods of repairing High Pressure, Full-Size Balloon, Bus and Truck Tires.

We can serve you better with these wonderful tires and save you money. See your nearest Firestone Dealer to-day.
