Katit Reserve No. 1 B.C. (Pacific Mills)

Pacific Mills Ltd. of Ocean Falls, B.C. have made application for renewal of their timber license No. 224 covering the Katit Reserve No. 1.

They have submitted a certified statement to the effect that no timber was cut last year, but camps were built and preliminary logging engineering work undertaken, with a view to early operation.

As they have paid the current rental of \$325.60 and renewal fee, I would recommend that renewal be granted, and the same is herewith submitted for signature, in duplicate.
