The Aldine,

AN ILI USTRATED MONTPLY JOURNAL, UNIVER BALLY ADMITTED TO BE THE HANDSOMEST PERIODICAL IN THE WORLD, A REPRE-SENTATIVE AND CHAMPION OF AMERICAN TASTE.

Not for Eale in Book or News Stores.

THE ALDINE, while is used with all the regularity, has none of the temporary to timely interest characteristic of ordinary periodicals. It is an elegant miscellary of pure, light and graceful literature; and a collection of pictures, the tarest specimens of anistic skill, in black and white. Altho each succeeding number affords a fresh plea-sure to its friends, the real value and beauty of THE ALDINE will be most appreciated at ter it has been bound up at the close of the year. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or num-ber of volumes for ten times its cost; and then, there are the chromos besides !

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discrimi nating taste which recognizes the advantage of superior artistic quality with greater fa-fility of production. The wood-cuts of THE ALDINE possess all the delicacy and slaho-rate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

In addition to designs by the members of

the National Academy, and other noted American artists, THEALDINE will reproduce examples of the best foreign masters, selected with a view of the highest artistic success and greatest general interest. Thus the subscriber to THE ALDINE will, at a trifling rost, enjoy in his own home the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will ely Thos Moran and J. D Woodward. The Christans issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions of its replacement of its r tions any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was urchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West," One is a view in the White Mountains, New Hamp-shire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a leasing contrast, and affords a good display of the artists scope and coloring. The chronos are each worked from thirty distince plates, and are in size (12x16) and appear.

ance exact fac similies of the originals. The presentation of a worthy example of Americans. ca's greatest landscape painter to the sub-scribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realizaover the signature of Mr. Moran himself.

NEWARK, N. J., Jept. 20 h. 1873.

Mesers. James Sutton & Co.,

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing Dr. J. Walker's California Vinegar a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, it Billians Discersion

Grateful Thousands proclaim Vinegar Birters the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red. Colorado, Brazos, Rio Grande, Pear', Alabrans, Mobile, Savannah, Roane', e. James, and many others, with their vast iributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of annsual heat and dryness, are invariably accompanied by extensive decangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegan Bittrees, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
