The vessel, however, made the banks off Queen Charlotte's island, and succeeded in getting her usual cargo. No other material damage was done to the vessel. She was gone a month to a day. Her fishing mate, the Alcedo, is still out, and some anxiety is felt for her. She was not spoken, but was sighted on the banks and may have been caught out during the five days' blow. If so, she probably fared badly. The sea, even after the gale abated, was tremendous.

-The Seattle News has the following: A warm discussion between two men man he would be given twenty-five years in prison." The other, an American, admitted it was a cowardly trick to shoot Blanck after he had held up his hands, but maintained that it was not a punishable offence to get rid of such a desperado as Blanck. The Englishman then burst out in a fit of elocution and denounced the Americans as savages, declared their laws and institutions were corrupt to the core, and as a contrast told what a glorious country England was. This was too much for the American, who angrly asked his combatant if he liked England so well why didn't he stay there. By this time a large crowd had gathered and watched the discussion with interest while it grew warmer and warmer. It looked for a minute as though there was going to be a scrap, but a newsboy turned the tide by shouting,
